

# A SPECIFIC FOR La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband, reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral, procured, for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMILY WOOD, North St., Elkton, Md.

### Liberty Hall.

Mr. Hugh Gourley announces that in a few days he will deliver a lecture in the First Baptist church on the subject of "Civil and Religious Liberty vs. A. P. Aism, from the Standpoint of a Protestant American Citizen." He will discuss the questions: What does American history teach regarding the loyalty of our Catholic fellow-citizens? and what do Catholic authorities teach regarding the civil or temporal power of the pope?

Rev. O. D. Taylor cheerfully extends the use of the church to Mr. Gourley, who takes somewhat opposite views to those of Rev. Sutton, who lectured last Wednesday evening. Mr. Taylor says he would be glad to have all great questions which are now agitating the minds of the American people discussed in a public manner, and will give the use of the church to such discussions. He believes in the American principles of liberty of speech, liberty of thought and liberty of the press, and is willing to make of the church a veritable liberty hall. Some time since he had opportunity to grant the use of the church to a "sound money" advocate, but a free silver speaker being minus, he held the matter in abeyance until such time as both sides could have a hearing.

### The Lumber Trade.

Mr. J. M. Leiter of the Bridal Veil Lumber Co., who was in town today, speaking to a reporter of THE CHRONICLE on the outlook of the lumber business, said that its future on the Pacific coast is bright, but will be contingent upon the development of the Snake river and Upper Columbia regions of the country. Montana and Idaho are the legitimate market for the lumber production of Oregon, and with the founding of large irrigation plants, already begun, will come an enormous demand for lumber. In years past Colorado and Wyoming were chiefly supplied with lumber from the coast, but unfair transportation rates extended in favor of Texas and the gulf country ruined the lumber trade of Oregon. While these rates have been since lowered, the ratio of inequality

still exists and the most of the lumber now used in Colorado is hauled over the Denver & Rio Grande.

### An Unequaled Record.

The record of the A. O. U. W. is unequalled in the annals of history. Three years without a death. The society was organized in 1868 and paid its first death loss in 1871. The only expense during this three years was the local lodge dues, not one cent was paid into the beneficiary or sinking fund. Members are only assessed when a death occurs and their hard earned dollars are not collected and held in trust for the future. The A. O. U. W. is composed of over thirty grand jurisdictions, having a total membership of over 350,000. Oregon is standing on its own feet and paying its own death losses; its membership is over 7,000. The cost is less than \$2 per month, and when a member dies his beneficiary gets \$2,000, not one cent deducted for any purpose.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medica properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.

In a recent editorial the Salem, Or., Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by Blakeley & Houghton, Druggist.
