RIOTING AT BILBOA

Greatest Demonstration Yet Made in Spain.

TWELVE THOUSAND RIOTERS

Gave Expression to the Anger Felt Toward the United States—Police Were Almost Powerless.

BILBOA, Spain, March 9.—There was another anti-American riot here today, in which about 12,000 people took part. The excitement was started by some young men at a street corner cheering every soldier who passed. Their conduct was imitated by other groups. Some musicians who refused to repeat the national anthem were hustled and beaten, and riotous groups formed in the main streets denouncing the United States.

The authorities did everything possible to maintain order. Almost the entire police force turned out, and the rioters were dispersed again and again. Eventually, however, the mob became so numerous and excited that the police were almost helpless.

After the first demonstration of sympathy with the army, the crowds armed themselves with sticks and cudgels, the police were swept aside, and an immense crowd gathered on the leading thoroughfares and marched toward the residence of the United States consul shouting, "Long Live Spain!" "Down With the Yankees!"

On the way to the consul's residence they hurled stones through the windows of stores and private residences, overturned vehicles, pulled several mounted policemen from their horses, and generally behaved in the most threatening manner. Stores dealing in American goods received the most attention from the mob, and the windows of the consul's house were badly shattered, although the police defended the building. The mob proceeded toward the United States consulate, evidently intending to stone that building as well, but the authorities had taken precautions to send a strong force of police to guard it.

Another detachment was stationed across the street leading to the consulate, and when the mob neared the United States consulate it was confronted by police with drawn swords. The mob halted, then began pelting the police vigorously with stones and bricks. A squad of gen d'armes charged the rioters, and the latter fired pistols at the policemen, two of whom were wounded. The police then charged in a body, using their swords with good effect. The rioters were dispersed, yelling and hooting at the authorities, and shouting, "Down with the Yankees!" and "Long live Spain!"

STILL IN THE COUNTY JAIL.

Durrant Awaiting Final Action by the Supreme Court.

SAN FRANCISCO, March 9.—On April 6 next a year will have passed since the murder of Blanche Lamont, and yet Theodore Durrant, who was convicted of her murder last November, is still in the county jail waiting the finale of the state supreme court in the case. Immediately after Durrant's conviction an appeal was taken, but the case has not been presented to the supreme court, owing to requests for additional time made by both sides.

The last postponement took place a week ago when the prosecution was granted twenty days in which to file a bill of exceptions. At the end of this time it is believed the case will be presented to the supreme court, but a decision is not expected for several months. Durrant was sentenced to be hanged February 21st, but the slow manner in which justice is meted out to murderers in this state make it probable

that he will not meet his death much before the close of this year.

Meanwhile the prisoner spends his time at the county jail much the same as the other inmates. He has few visitors and devotes most of his time to reading and writing. He has written a history of his life and lately he is said to have begun the study of law.

TO EDUCATE THE PUBLIC.

The Work John L. Sullivan Proposes to Undertake.

SAN FRANCISCO, March 9.—John L. Sullivan and Parson Davies are preparing to head a movement to place pugilism on a paying basis again. Sullivan believes sporting men should organize and refuse to cast their ballots for legislators or congressmen who would not agree to let prize-fighters go unmolested.

"Over in England last year the sporting league beat 113 candidates for parliament because their views on sporting did not satisfy the league," said Sullivan. "We want to ask candidates for the legislature or for congress or for the senate what they think of boxing, horse racing, foot races and all kinds of sport, and if their views coincide with ours, we will vote for them; but if they don't we'll beat them."

"People have got a bad view of boxing. If a horse gets killed, or a jockey, the race goes on just the same; but if two men box and one gets killed, a lot of ministers get up and call it an outrage. That ain't fair. Boxing ain't brutal, and we are going to try to show that it is just as legitimate as any other sporting proclivity. If a man wants to go to church, let him. If he wants to go to a fight, he's got a right to. We want to educate and tone up the people to understand boxing. Of course, if a man doesn't want to see boxing, he don't have to, but he's got no business to interfere with those who do. Take a minister; his graft is to tell people how to go to heaven. Let him stick to that. What business has he got to interfere with legitimate sport?"

A Stabbing Affray.

CENTRAL POINT, Or., March 9.—A stabbing affray took place here early yesterday morning in which Thomas G. Elliott was probably fatally wounded by J. A. Penninger. The two men had been attending a dance, which broke up at 12 o'clock, and, as Elliott stepped out of the front entrance of the hotel, Penninger put his hand on Elliott's right shoulder and stabbed him in the breast with a dirk knife, the blade of which was three and a half inches long.

Penninger was taken to Jacksonville last evening by Sheriff Patterson. He is the son of David Penninger, an old settler in this valley, and is 26 years old. It is claimed that he is not responsible for his rash act, as he has been subject to fits for several years. When seen at the jail, Penninger said he was struck three times by Elliott, and then stabbed him in self defense.

Thereby "labor" and also the period of confinement are greatly shortened. It also promotes an abundant secretion of nourishment for the child. During pregnancy, it prevents "morning sickness" and those distressing nervous symptoms from which so many suffer.

A MOTHER'S EXPERIENCE.

South Bend, Pacific Co., Wash.
DR. R. V. PIERCE, Buffalo, N. Y.:
"Dear Sir—I began taking your 'Favorite Prescription' the first month of pregnancy, and have continued taking it since confinement. I did not experience the nausea or any of the ailments due to pregnancy, after I began taking your 'Prescription.' I was only in labor a short time, and the physician said I got along unusually well."
We think it saved me a great deal of suffering. I was troubled a great deal with leucorrhoea also, and it has done a world of good for me.
Yours truly,
Mrs. W. C. BAKER.
