MUST NOT INTERFERE

Foreign Representatives Are to Let Our Politics Alone.

A HOT DEBATE IN THE SENATE.

It Hinged on an Interview With the Spanish Minister. Lodge Set the Ball Rolling.

WASHINGTON, March 10.—As soon as the senate journal had been read, Lodge rose to a question of personal privilege. He sent to the desk and had read the Spanish minister's references in an interview to Lodge's utterances, calling in question the translation of a statement attributed to General Weyler, in which the latter declared he would "exterminate" the insurgents. Lodge said the literal rendering of Weyler's language would be that he would "clean out" the large insurgent bands and "exterminate" the small ones. Lodge said he did not wonder at the extreme sensitiveness of the Spanish people, but he did not think this offered an excuse for the Spanish minister adopting the course he had. It was pretty well established that the debates in the senate and house were purely domestic matters, and it was not proper for a representative of a foreign country to communicate with them except through the state department. If an American minister in Europe discussed political affairs there, he would be sent home.

Lodge then read from a letter of Daniel Webster's, when secretary of state, protesting against the statement by an Austrian minister as to a domestic matter. The senator added a most emphatic protest against public comment by any diplomatic representative on the debates of congress. The constitution protected the senators in language used in the debate. It was one of the safeguards of free speech.

Gray said the United States should proceed according to the judgment of a self-respecting nation, unmoved by emetics at Valencia or Madrid, and without being turned aside to discuss the question of a translation between senator and minister. Gray said he would be quick to resent an attack on the privileges of a senator, but in all fairness he thought it hardly worth while to stretch senatorial prerogatives and privileges in order to question a gentleman who had no power to reply in behalf of Spain. There should be some concession to the stress of the situation.

Teller said the rule was unvarying against communications by a foreign minister except through the state department. Twice had a foreign minister been sent home for statements of less importance than this.

"But considering the circumstances," added Teller, "had I been in authority I would not have sent him home for this offense, but I would have had the secretary of state in a most kindly way suggest that repetition of the offense would lead to his going home."

There was no probability that Spain would dissent in an offensive way to the passage of the pending resolutions. Teller said Spain knew we had a right to recognize the belligerents. Spain would naturally show some feeling, but she would not go to war. There was a ripple of applause, which the vice-president checked when Teller referred to his sympathy with the Cubans.

"I would be delighted if the insurgents had run the Spanish soldiers into the sea." But, the senator added, he felt no irritation over the student ebullitions in Spain. In conclusion Teller vigorously asserted that the American people would not tolerate any dictation or criticism from foreign representatives accredited here.

The Cuban discussion ended and Turpie took the floor on the Dupont case.

Hoar's resolution introduced yesterday providing that the Cuban question go over until April 6, went over until tomorrow. Hoar said he was in poor health and unable to speak today.

A COAST PIONEER.

Death of Philip Carwell in Goldendale, Klickitat County.

GOLDENDALE, Wash., March 10.—Philip Carwell, who died last Saturday night in Goldendale, from neuralgia of the heart, and whose remains were buried by the G. A. R., in the Goldendale cemetery last evening, was one of the early pioneers of the coast.

Philip Carwell, better known in his late days as "Uncle Phil," was born in Pennsylvania, February 11, 1830. He drove an ox-team across the plains to California in 1850. In 1861 he went to Portland, Or., where he followed for a time his trade of wagonmaker. In 1863 he enlisted in the United States service at Salem, Or., under Captain H. C. Small and Lieutenant William N. Hand, in company G. "Uncle Phil" was in skirmishes with the red men at Stein's mountain, Fort Harney, Malheur, Camp Curry and Camp Watson. The deceased came to Klickitat in the spring of 1879 and engaged in carriage manufacturing. He resided here up to the time of his death. He left a widow and stepson.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. J. H. Zella & Co., Philadelphia, Pa.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

You hear it almost everywhere, and read it in the newspapers, that Simmons Liver Regulator is the best liver remedy, and the best Spring medicine, and the best blood medicine. "The only medicine of any consequence that I use is Simmons Liver Regulator."—So wrote Mr. R. A. Cobb, of Morgantown, N. C. And W. F. Park, M. D., of Tracy City, Tenn., writes: "Simmons Liver Regulator is the best."

How to Cure Rheumatism.

ARAGO, Coos Co., Oregon, Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cents and \$1.00 bottles for sale by Blakeley & Houghton's Drug Store.
