## A BURGLAR IS KILLED

### A Spokane Man's Deadly Marksmanship.

### AN AWFUL MINE DISASTER

By an Explosion of Giant Powder Four Men Are Dead and Two Fatally Injured.

Spokane, Wash., March 14.—W. R. Mann, a prominent insurance man, was awakened early this morning by a burglar in his room. He drew a revolver from beneath his bed and fired at the intruder. The robber jumped out of the window, ran about 100 yards and fell dead.

Mann says he fired but once, but the robber is perforated by two bullet wounds, either of which would prove fatal. One is through the breast, the other in the head.

The theory is that when the robber fell he sent a bullet through his head from his own revolver. The burglar is unknown. He is a large man, with a black mustache.

#### Was Identified.

This afternoon the body of the dead burglar was positively identified by neighbors as Frank Robinson, formerly a farmer, but for a year or more a resident of this city, though spending part of his time in Portland. He was for a time employed in a second-hand store, but for the past year has been out of employment much of the time. As he had never been suspected of crime heretofore, his friends believe he was driven to the deed by poverty. He attracted attention a short time ago by bringing a suit against a drug company in this city charging that the death of one of his children had been caused by the firm's failure to give the right medicine.

#### Awful Mine Disaster.

Spokane, March 14.—A special to the Spokesman-Review from Roslyn, B. C., says one of the most disastrous accidents in the history of British Columbia mining occurred at the Center Star mine here this afternoon. As a result of the explosion of two boxes of giant powder four men are dead and two more so severely hurt that they will probably die.

The two boxes of giant powder were being thawed out in hot water, and the only man who knows how it became ignited lies at the point of death in the hospital. He came running out of the tunnel, saying "the powder is on fire," but before he could reach a place of safety the explosion came.

Eight men were working in the mine. The dead are Thomas Gibbons, married; Joe Dolan, single; Dan Lynch, single; Mike Ravigan, single. The injured are Ed. Shanahan, single, not expected to live; Mike Brooks, single.

The saved are M. McClement and a man named Collins.

#### The Brown Trial.

SAN FRANCISCO, March 14.—The Congregational council, before which Rev. Dr. Brown has been on trial charged with immoral and unministerial conduct, has adjourned until Tuesday without finding a verdict. From several informal votes taken on various minor charges it is believed the council will find Dr. Brown has not been proven guilty of immorality, but will condemn him for unministerial behavior. The verdict would cost him his present pastorate but would not debar him from any other pulpit which might be open to him.

#### Kansas for Sound Money.

KANSAS CITY, March 14.—Under the caption the Republican delegates from Kansas Want Sound Money, the Star this evening prints interviews on the currency question with those delegates already elected to the national conven-

tion at St. Louis. Six are reported as having declared themselves unalterably opposed to the free coinage of silver, three favor it, while one, Mayor Nat Barnes of Kansas City, Kan., says he will stand on any money platform the Republican convention may adopt.

#### Reduction in Wages.

SEATTLE, March 14.—The Great Northern railway has made another reduction in the wages of its employees, the men affected being agents, telegraph operators, cashiers and engine wipers. The change is not called a cut, but an equalization, because some salaries have been raised. The entire coast line in Washington suffers from the change.

#### Good Bye, Comet.

SAN FRANCISCO, March 14.—The Perrine comet, which was scheduled to strike the earth today, failed to arrive. The astronomer at the Lick observatory says the comet last night was 40,000,000 miles away, and no prospect of coming any closer.

Being a dressmaker of several years experience, and desiring to win the confidence of the ladies of The Dalles, I have decided to cut and fit for any lady free for one week only, beginning March 16th. Every lady has the privilege of seeing her own draft made in the true tailor style, without the use of chart, drafting machine or model of any kind, thus having a chance to decide for herself if it is safe to cut the lining. Mrs. W. H. Swain.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

W. J. Moore, the leading candy maker, is still alive and doing well and wishes to announce that he will now introduce many different kinds of candies. His specialties are many, and he proposes to give the people the purest of confectionery, and remember that the marshmallow taffy is the favorite of all taffies ever introduced. Let the people judge for themselves. Give him a call and be convinced.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfeld of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

## THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
