THE DALLES, OREGON, THURSDAY, MARCH 19, 1896.

NO. 60

ABOUT THE HAWKINS

The Detectives Have Two Separate Theories.

EITHER MAKES HER REACH CUBA

Populists in Kansas--National Banks in Small Cities--A Breach of Promise Case.

New York, March 18.—The Herald says:

The Spanish detectives engaged in keeping watch on the movements of the Cubans in this country were very much exercised last night over the report that the steamer Hawkins did not sink January 28th, but that she made her way to the island, landed her cargo, and is now laid up at one of the Florida keys.

The story took two forms. One was that the Hawkins carried a double crew. Both crews were well paid, one to serve until the steamer returned to port, and the other to be discharged in small boats about five miles from the New Jersey coast. The vessel left port Saturday night, and by Tuesday night she had gotten no further than Barnegat point. As an ordinary vessel could make this distance in much less time, suspicion was at once aroused. The detectives argue that the Hawkins was merely crawling along the coast waiting for a storm. The storm broke on Monday night, and on Tuesday morning the crew left the ship in small boats, taking a good many of the passengers with them.

The detectives say that at the time the Cubans knew their intended movements were known to the United States and Spanish authorities in this country. They knew that the cruisers Raleigh and Montgomery, watching for them outside, assisted by the revenue-cutters Morrill, McLean and Colfar. It was necessary, they say, to take some desperate measures to make it appear that the Hawkins had not gone to Cuba, and this means was adopted.

General Garcia was the only man of consequence rescued, and the detectives say that was done in order to allay their suspicions further. Besides, they say Garcia can do more good in this country at present than he can in Cuba. Moreover, the detectives say that the Hawkins had on board twice as many men as she could carry to Cuba, and that it was absolutely necessary to dispose of some of them en route.

Another version of the story on which the detectives are working is that the Hawkins is actually at the bottom of the ocean, having been scuttled by the Cubans after her cargo had been transferred to another vessel. They do not take up this theory with any degree of activity, however, as they are inclined to think she actually made her landing in Cuba. They believe she went to the north and east of the island, and then made her way to the Florida keys, where she is waiting for an expedition.

Populists in Kansas.

Hutchinson, Kan., March 18.—On the surface peace and harmony prevailed among the majority of the delegates of the state Populist convention. A conflict is possible between the two elements having different views of the money question. One element, headed by National Chairman Taubeneck, believes in the Omaha platform, the others want a platform making the money question the great issue, thus hoping to unite all the silver elements of the old parties.

Chairman Briedenthal rapped the convention to order, using as a gavel a broken piece of fence rail, suggestive of Abraham Lincoln.

National Banks in Small Cities.

Washington, March 18.—The bill introduced by Bressieu, to authorize the establishment of national banks in small cities, was ordered favorably reported

today by the house committee on banking and currency. As introduced, it provided for the establishment of banks in cities of 3,000 inhabitants, but it was amended to make 4,000 the limit. The bill provides that in cities of 6,000 inhabitants, the banks shall have a capital of not less than \$50,000; and in cities with from 4,000 to 6,000 population, not less than \$25,000.

The Cuban Question.

WASHINGTON, March 18.—The senate committee on foreign relations decided today to stand by the agreement reached by the senate conference and support the house Cuban resolutions as a substitute for the senate resolutions on the same subject. Sherman, as chairman of the committee, was instructed to keep the Cuban question as well to the front as possible, and get a vote at the earliest possible date.

Charges Breach of Promise.

GRAND RAPIDS, Mich., March 18.—Harrison T. Ledyard is defendant in a suit begun by capias in the circuit court, by Miss Margaret I. Tate, the pretty daughter of William Tate, the janitor of a building owned by Ledyard, and in which he has his office. The girl demands damages to the amount of \$20,000, and her claims are based on alleged promises to marry. Ledyard is a heavy property owner in this city, and a capitalist, and well-known clubman. He is the only son of the late William B. Ledyard, a pioneer banker, who left a handsome estate, and his family has ever been numbered among the most prominent people in the city.

God's American Volunteers.

New York, March 18.—The uniform to be worn by God's American Volunteers has been decided upon by Commander and Mrs. Ballington Booth. The dresses of the women will be made of seal-brown cashmere. The skirt will be made perfectly plain, of such length that it will just clear the ground. The waist of the uniform will be a tight-fitting Norfolk jacket with three box plaits down the back. The head-gear of the women will be a poke bonnet. As compared with the Salvation Army they are shorter behind and do not cover the ears. The style for spring and summer will be brown straw, trimmed with brown satin ribbons. The men's uniform will be almost exactly like that of the United States army. The trousers will be light blue and the blouse dark blue. The blouses of the officers will have standing collars. The collars of privates' blouses will be like the collars of ordinary coats. Upon the collars will be embroidered the letters G. A. V. A slouch hat for the officers and a fatigue cap for the soldiers have been talked of, but not decided upon.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

Spray pumps for rent at Maier & Benton's.

Don't invite disappointment by experimenting. Depend upon One Minute Cough Cure and you have immediate relief. It cures croup. The only harmless remedy that produces immediate results. For sale by Snipes-Kinersly Drug Co.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

WOMEN'S SOCIETY
women often feel the effect of too much gaiety—balls, theatres, and teas in rapid succession find them worn out, or "run-down" by the end of the season. They suffer from nervousness, sleeplessness and irregularities. The smile and good spirits take flight. It is time to accept the help offered in Doctor Pierce's Favorite Prescription. It's a medicine which was discovered and used by a prominent physician for many years in all cases of "female complaint" and the nervous disorders which arise from it. The "Prescription" is a powerful uterine tonic and nerve, especially adapted to woman's delicate wants for it regulates and promotes all the natural functions, builds up, invigorates and cures.

Many women suffer from nervous prostration, or exhaustion, owing to congestion or to disorder of the special functions. The waste products should be quickly got rid of the local source of irritation relieved and the system invigorated with the "Prescription." Do not take the so-called celery compounds, and nervines which only put the nerves to sleep, but get a lasting cure with Dr. Pierce's Favorite Prescription.

"FEMALE WEAKNESS."
Mrs. WILLIAM HOOVER, of Belleville, Richland Co., Ohio, writes: "I had been a great sufferer from 'female weakness.' I tried three doctors; they did me no good; I thought I was an invalid forever. But I heard of Dr. Pierce's Favorite Prescription, and then I wrote to him and he told me just how to take it. I took eight bottles. I now feel entirely well. I could stand on my feet only a short time, and now I do all my work for my family of five."

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

How to Cure Rheumatism.

ARAGO, COOS CO., Oregon, Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Ballard. 50 cents and \$1.00 bottles for sale by Blakeley & Houghton's Drug Store.

You hear it almost everywhere, and read it in the newspapers, that Simmons Liver Regulator is the best liver remedy, and the best Spring medicine, and the best blood medicine. "The only medicine of any consequence that is Simmons Liver Regulator."—So wrote Mr. R. A. Cobb, of Morgantown, N. C. And W. F. Park, M. D., of Tracy City, Tenn., writes: "Simmons Liver Regulator is the best."

Important to Farmers.

Wakelee's squirrel exterminator, the original and only article of its kind giving complete satisfaction. Now reduced from 50 cts to 30 cts per can. For sale by M. Z. Donnell, The Dalles.

While no physician or pharmacist can scientifically warrant a cure, the J. C. Ayer's Co. guarantee the purity, strength and medicinal virtues of Ayer's Sarsaparilla. It was the only blood-purifier admitted at the great world's fair in Chicago 1893.

Piles of peoples have piles, but DeWitt's Witch Hazel Salve will cure them. When promptly applied it cures scalds burns without the slightest pain. Snipes-Kinersly Drug Co.
