

LOSS OF VOICE After Acute Bronchitis CURED BY USING **AYER'S** Cherry Pectoral

A PREACHER'S EXPERIENCE.
"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRANTLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

Observance of Arbor Day.

Friday, April 10th is Arbor day. A circular letter has been sent to the teachers of the Oregon public schools by State Superintendent of Schools G. M. Irwin. It reads as follows:

The law provides that "in order that the children in our public schools shall assist in the work of adorning the school grounds with trees, and to stimulate the minds of children towards the benefits preservation and perpetuation of our forests and the growing of timber, it shall be the duty of the authorities in every public school district in the state to assemble the pupils in their charge on the above day in the school building or elsewhere, as they may deem proper and to provide for and conduct, under the general supervision of city superintendents, county superintendents, teachers and directors or other school authorities having the general charge and oversight of the public schools in each city or district, to have and hold such exercises as shall tend to encourage the planting, protection, and preservation of trees and shrubs, and an acquaintance with the best methods to be adopted to accomplish such results."

The state superintendent, in a circular letter, recommends as follows:

"It is very much desired that Arbor Day exercises be of such a character as to awaken and build up an interest in such school work as will be greatly to the advantage of the entire community. While it is not deemed advisable to construct any special program of exercises, it is very much to be hoped that each school will adopt such measures as will meet the purpose of the day in that community. These exercises are not designed simply to interest the school children, though that is prominent in all the plans, but it is also very much to be hoped that the general public may become duly interested in the day. I would suggest that the teachers of the various schools in active operation on Arbor Day throughout the state shall arrange a plan of exercises that, in their best judgment, will awaken an interest in all pupils. The teacher should state to the school the purpose of such a day as contemplated in the legislature enactment. The planting and caring for trees, the great benefit they are to any individual community, and also to state and nation at large; also teaching the pupils the advantage of ornamenting the grounds in the way of building up a proper spirit of state and refinement. The community at large needs to be made a part of the day's services, because of the benefit it may be in the way of awakening their interests in the forest, grove, and flowering plants. Nature is ready to assist us in beautifying our homes and our school grounds, but will seldom ever do that work with out our co-operation."

Hon. Troy Shelly, school superintendent of Wasco county states that he heartily sanctions these recommendations, and will gladly receive and publish reports of Arbor day exercises from all schools.

None But Ayer's at the World's Fair.
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
