

# LOSS OF VOICE After Acute Bronchitis CURED BY USING AYER'S Cherry Pectoral

## A PREACHER'S EXPERIENCE.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

### KENNETH CLAIR.

(BY THE AUTHOR OF THE POEM ON THE LOCKS.)  
Much has been said about this little one,  
Who is somebody's darling, and sometimes a son;  
But little he cares what the world thinks now,  
But some time these thoughts will cloud his brow.

What's in a name? Some may declare  
There's nothing in the name of Kenneth Clair.  
Ah! who knows if the story was laid bare,  
There may be much in the name of Kenneth Clair.

In future years when he signs his name,  
Will the people pity, or will they blame,  
Will they with him their sympathy share,  
Because he knows no name but Kenneth Clair?

'Tis no wonder the people treat him right,  
For a child like he is no common sight;  
And he needs affection, and sometimes a prayer,  
Bestowed on the little innocent Kenneth Clair.

'Twas night, and the winter winds blew cold,  
When the little one said to be a day old,  
Was carried by hands, perhaps soft and fair,  
Who held the frail form of Kenneth Clair.

Oh, were they heartless or were they so poor  
That they started on a journey to some one's door,  
To carry the child and some money to share,  
With the parents who sent them with Kenneth Clair.

Or was it the father with his child to roam,  
Went forth in the night to find him a home,  
To hide the disgrace he would have to share,  
If he faced the world with Kenneth Clair.

Ah! greater your shame, you, who gave him birth,  
To leave him alone on this cold, cruel earth,  
To battle for fame and his glories to share,  
With no one to help him, your own Kenneth Clair.

In future years perhaps you may meet,  
And your child will pass you upon the street,  
And he will not know you, and you will not dare  
To call him your child, your own Kenneth Clair.

'Tis true there are a few who through this mystery see,  
But it is not you, and it surely is not me;  
Yet there is one above who our mysteries share,  
Even greater than this one, that hangs o'er Kenneth Clair.

Thus far He has protected this little baby wait,  
Thus far He has kept him from all danger, safe;  
I entreat to Him a mother has offered up a prayer,  
And asked Him to protect her babe, her darling Kenneth Clair.

Mr. and Mrs. Ward Return,

Mr. T. A. Ward, wife and child returned from a four months' absence in California on the Regulator last night. They voice again the universal praise of the Los Angeles country as a health-finding resort, as Mr. Ward is much improved in health. While there Mr. Ward met Mr. A. M. Branner, a former restaurateur of The Dalles. Branner has a fine restaurant in Los Angeles styled the "Naudau," and is doing a splendid business. He also met Mr. P. J. Nichol-

las in Oakland, who has one of the finest barber shops in that city. Mr. and Mrs. Ward have enjoyed their vacation hugely, but are pleased to return again among their old friends.

### EVEN SILK IS ADULTERATED.

Tannate of Tin and Silica to Give It Weight.

Some improvements in the treatment of silks are announced. Ordinarily silk is "weighted" by depositing tannate of tin on the fiber; the material receives a bath of tannic acid and then another of perchloride of tin, a repetition of this being made until an increase of the weight amounts to from 15 to 20 per cent., beyond which it is not considered safe to go in the case of silk intended to be dyed light shades or to be bleached. Recently a German inventor has brought forward a process in which silica is the weighting agent. In carrying out this method, says the Detroit News-Tribune, three steps are described. First, the silk, raw or in any stage of manufacture, and either before or after dyeing, is worked for an hour in a bath of perchloride of tin; then, after squeezing and washing, it is worked in a warm solution of water glass or soluble silicate of soda for about an hour, followed by washing, having also been previously passed through a solution of phosphate of soda. The operation may be repeated again and again, with no harmful effect on the fiber or on the subsequent dyeing, and in five operations the silk may be increased in weight some 100 to 120 per cent. The silk is now soaped, and, if already dyed, is cleared in an emulsion of olive oil and acid.

### SAVED BY A WORD.

Knowledge of a Musical Term Proved Useful to an American Abroad.

There are more advantages in a musical education than most of us think, remarks the Washington Post. A certain physician here in town, who is just home from Europe, says: "I never appreciated the advantages of a musical education until I went into a barber shop in Italy. Nobody about the place spoke a word of English. I was stretched on a rack that passed as a chair and swathed in a towel. The barber made an impressionist sweep from the upper cheek to the lower chin. Gee whiz! how it hurt. My mouth and eyes were full of lather; I didn't know a word of Italian. I yelled. The barber seemed to pause for a moment. Perhaps he was gathering strength for a new onslaught. You have heard that a drowning man can think 50 years in a second. I thought whole libraries and dictionaries. Not a word of Italian. The razor was raised again. Suddenly I remembered a word that I had seen on my daughter's music, and had asked the meaning of. "Adagio! adagio!" I yelled. "D-n it! Adagio!" "Si, signor," said the barber, and my life was saved.

### DANGEROUS FIRE RISKS.

Insurance Companies Ask High Rates for Some of Them.

The marine store business is a risk which most companies prefer to avoid. A dealer may have stuff on his premises, consisting of rags, old dresses, and the like, which is probably worth several thousands, yet the insurance companies will refuse to insure the stock at any price. In the case of an ordinary household, most of these articles would be insured without a demur as household goods.

Lumber yards and sawmills are not regarded by insurance companies with a very favorable eye. The stock of a lumber yard was once insured at a moderate premium, but when a small sawmill was built on one portion of the premises, it went insurance company rates. Owing to the addition of the mill, where the premium before was something like \$25, about \$300 was required, and this favor was only to be granted on the strict condition that no timber was to be stored within 15 feet of the mill.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

You hear it almost everywhere, and read it in the newspapers, that Simmons Liver Regulator is the best liver remedy, and the best Spring medicine, and the best blood medicine. None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
