CASEY'S SUCCESSOR.

The Matter Already Before the Senate.

PRAISE FOR THE DEAD GENERAL

Was One of the Best Officers in the Public Service.—Decorations for Harrison.

WASHINGTON, March 26.—As a result of the sudden death yesterday of General Casey, engineer in charge of the construction of the congressional library, Morrill today presented to the senate a joint resolution appointing Bernard R. Green, civil engineer, to succeed in charge of the library construction at \$5,000.

Morrill explained that Green was the immediate assistant of General Casey in building the Washington monument, the war, state and navy buildings and the library.

He took occasion to speak of the high qualities of the late General Casey, designating him as one of the best of all the officers in the public service.

A joint resolution was passed allowing ex-President Harrison to accept decorations from Brazil and Spain.

Senator Perkins, from the committee on education and labor, presented a favorable report on the bill authorizing the appointment of a nonpartisan commission on labor, agriculture and capital. The committee amended the bill so as to provide that the commission shall consist of five members in the interest of labor, and to be designated from each of five labor organizations, five in the interest of agriculture, three of whom shall be designated by the farmers' alliance and two by the national grange,

and five in the interest of capital, to be selected from among the manufacturers and those who represent other business pursuits.

How They Do Down in Texas.

AUSTIN, Tex., March 26.—When the republican convention was called to order today, the chair announced that the committee on credentials would not be ready to report until 12 o'clock, and suggested adjournment until that hour. Opposition was offered by the McKinleyites, but adjournment was taken until noon.

At 2 o'clock the convention adopted the report from the credentials committee practically putting the Reed-Allison faction in charge of the convention. It also elected H. W. Cuney, Allison's leader, permanent chairman.

At 2:30 o'clock the Reed-Allison faction elected their delegation to St. Louis. The McKinley men immediately swarmed on the platform, knocked the speaker down and tore the desk to pieces. Pistols were drawn and free fist fights were indulged in.

Policemen swarmed into the building and knocked the fighters right and left. At 3 o'clock the convention hall was an amphitheater for fist fights, but no blood had been spilled. The McKinley men are completely defeated.

A Decided Change.

NEW YORK, March 26.—The Journal of Commerce says:

A few years ago New York was the distributing center in the East for California dried fruits. Nearly all of the business in the territory east of Buffalo and Pittsburg and north of Baltimore, was conducted through the jobbers of the city. At present, according to statements of prominent members of the trade, there is practically none of this outside trade left to the city, as in recent years the practice has increased among the shippers of dried fruits in California of consigning their goods to local points. As a result of this change, trade here has suffered severely. Merchants are unable to obtain any approximate idea as to the quantity of goods in the market, and it is not safe to order large quantities to sell again at other points, because they do not know but what some consignor will have his goods at that point ahead of his own, or he will be undersold immediately afterwards.

The general opinion of the trade seems to be that all classes of these fruits have been affected by the change, but that it has been most noticeable in the case of raisins.

THE INSURGENTS ROUTED.

Large Quantities of Supplies Taken in Pinar Del Rio.

HAVANA, March 26.—A column of troops, commanded by Colonel Sanchez and E. Chevarria, have captured the camps of the insurgents in that province.

The insurgents left fifty killed and retired with many wounded. The troops destroyed the stores which could not be made available for the use of the army. It is estimated that the stores captured were worth over \$200,000.

The public prosecutor at the trial of Enrique Aleman will ask that the death penalty be imposed.

THE CUBAN RESOLUTIONS.

House Conferees Agree to Accept Those of the Senate.

WASHINGTON, March 26.—After a session with the senate conference committee on the Cuban question today of less than half an hour, the house conferees agreed to accept the senate resolutions. This action will have the effect of taking the question entirely out of the senate and transferring all further discussion to the house. The senate resolutions are as follows:

"Resolved, By the senate, the house of representatives concurring therein, that, in the opinion of congress, a condition of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba, and that the United States of America should maintain a strict neutrality between the contending powers, according to each all the rights of belligerents in the ports and the territory of the United States.

"Resolved, further, That the friendly offices of the United States be offered by the president of the Spanish government for the recognition of the independent of Cuba.
