## CRISIS NEAR AT HAND

### Province of Havana Swarming With Insurgents.

#### THEY ARE DOING MUCH DAMAGE

#### Large Forces of Spanish Troops Hurrying to Meet Them--Maceo Commands the Rebels.

KEY WEST, March 30.—(Sent from Havana March 28 to avoid press censorship.)—Twenty-five thousand insurgents under General Maceo are swarming over the provinces of Havana and Pinar del Rio destroying property, ripping up rail ways and tearing down telegraph lines. Forty-five thousand Spanish soldiers are in the same territory, and more are coming.

General Maceo is in immediate command of the center column of rebels with about 9,000 men. General Maceo is in the southern part of Havana with about 6,000, and General La Crete is hovering about the outskirts of Havana with about 6,000 cavalry. The other 4,000 men are divided into small bands of pillagers. The insurgents are well-equipped and have plenty of ammunition, and are capable of giving the soldiers a warm reception.

The activity noticeable about the palace of General Weyler seems to bear out the idea that a crisis is near at hand.

#### SUICIDED BY SHOOTING.

#### Max Friendly, a Liquor Merchant, Gives Way to Despondency

PORTLAND, March 30.—At 2 o'clock this afternoon Max Friendly, a liquor-dealer, on Morrison street, near Fifth, committed suicide by shooting himself in the head. The deed was made in a yard in the rear of his store, and the report of the pistol at once drew a large crowd of people to the spot. The unconscious man with a leaden messenger of death in his skull, was carried into his store, and a few moments later Dr. Gillespie was at his side. After working with the man about 10 minutes the surgeon believed that there was a chance for saving Mr. Friendly's life, but he soon after died.

During the midst of the excitement one of the unfortunate man's daughters rushed in, and throwing her self upon the prostrate form of her father, she bewailed the negligence of some friends in not having closer looked after her father, who had been in an unsettled frame of mind all day.

The cause of this act is said to have been financial trouble; but Mr. Friendly did not leave a scratch of a pen informing his family or other friends of the cause of his rash act.

His daughter, a few moments before the tragedy, asked a friend, Mr. F. A. Inley, to look after her father, as he was not feeling well. A short time thereafter Mr. Friendly walked to a closet in the yard, in the rear of his store. Then he drew a pistol and shot himself in the right temple. Mr. Inley claims that he passed out of the store, but that the act was so quickly done that he had no opportunity to prevent it. The weapon was picked up about five feet distant from where Mr. Friendly fell. In the fall the unfortunate man also broke his right leg. The remains were taken to the morgue.

#### DO NOT WANT PEACE.

#### Nicaraguan Rebels Refuse President Zelaya's Offer.

MANAGUA, Nicaragua, via Galves on, Tex., March 30.—The peace commission, consisting of Dr. Prudence Alfaro, vice-president of Salvador; General Comblin, of Salvador, and Senor Romerez, the Nicaraguan minister of foreign affairs, has returned here from La Paz, where a conference with representatives of insurgent Leonists had been held.

The terms offered by President Zelaya

ere understood to be the absolute surrender of all arms, the payment of all war expenses and the surrender of the leaders for trial. The insurgents not only refused to accept these terms, but demanded that President Zelaya turn over to them the government of Nicaragua. Consequently the war will be continued with renewed bitterness on both sides.

There is great excitement here. Steps are being taken to reinforce the troops at the front and begin an advance on Leon as soon as much-needed supplies of ammunition reach the government forces. The government is said to be hard pressed for funds as well as ammunition, which facts are not unknown to the Leonists, who are understood to be receiving secret support from Guatemala and other sources, which may result in complications likely to cause a general war throughout Central America.

It is suggested this is a good opportunity for intervention upon the part of the United States with a view to bringing about a peaceful settlement of the question in dispute, as a conflict involving all of the Central American republics would put a serious check upon business and the development of the natural resources of Central America.

#### "Repeaters" to Be Shipped to Portland.

SALEM, Or., March 30.—It leaked out today that worthless characters are to be shipped from here to Portland to be used as "repeaters" in the primaries Thursday. The "repeaters" are to be used in the interest of the Hume-Frank-Minto combine. It is said a Salem officer is using the power given him by his official position to advance the scheme.

#### Fall Grain Killed.

COLFAX, Wash., March 30.—Farmers living in the vicinity of St. John say that thousands of acres of fall grain have frozen off, and will have to be replanted. The squirrels are worse than ever before.

#### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

#### It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began to use Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00 At Blakeley & Houghton's Drug Store.

#### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds.
