ANCER CURED AND A-LIFE SAVED By the Persistent Uso of Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."-Mrs. S. A. FIELDS, Bloomfield, Ia.

Ayer's Pills Regulate the Liver

PERSONAL MENTION.

Mr. H. C. Newman went to Portland this morning.

Mrs. H. C. Levit of Lyle left for Port-land today and will visit her brother in that city.

Miss Smith of Portland, who has been visiting Miss Ketchum of this city, re-turned to her home in Portland this morning.

Captain Ward, the former captain of the Salvation Army here, now stationed at Corvallis, is stopping with the army at The Dalles for a three weeks' visit.

Mrs. J. P. Stewart, who has been the gnest of Mr. and Mrs. W. S. Myers for several years, went to Portland for a few weeks absence, where she will visit her son.

Dr. A. A. Witham, physician and surgeon, is now in the city, en route to Grass Valley, and is the guest of Dr. Frazer.of this city, an old friend and fellow student. It has not been long since Dr. Witham has been entitled to attach the coveted "M. D." to his signature. His name appears in the list of 21 members as having graduated from the medical department of the univer-

voking possibility. The plece has no moral, and there is no claim that an effort is being made to elevate the stage or raise a new brood of Hamlets. The entertainment is solely for the purposes of amusement, and in that respect only appeals for criticism. It has a plot and It is guaranteed to give perfect satisfacis claimed that there is no interference with either. At the same time there are numerous specialties by bright people, and a semi-vaudeville character is imparted. Murray and Mack are artists in their special lines, and are very droll

in all that they do. "The supporting company is especially strong, consisting of such clever artists as George H. Emerick, Clayton E. White, Bert Leslie, Charles Lamb, Frank Carleton, Gracie Cummings, Edith Newton, the Loring sisters, Winnifred Stewart, Lonnie Deane and Clara Burgess.

A New Schedule.

A schedule will go into effect on the through Eastern trains of the O. R. & N. and Great Northern Railway Companies next Tuesday by which the time between Portland and St. Paul will be shortened 12 hours, says the Oregonian. The Dalles also will be benefited in having a straight passenger train service in place of the mixed service now in force.

Out of Portland, local trains Nos. 2 and 8, to The Dalles, will be made straight passenger trains, instead of mixed, as at present. No. 8 will leave Portland at 8:35 a. m. and arrive at The Dalles at 12:05 p. m. Returning, the SAN FRANCISCO, CAL train will leave The Dalles at 2:30 p.m. and arrive at Portland at 6 p.m. This new run to The Dalles will save about one and a half hours in time. Train No. 3 on the Great Northern will leave St. P.ul at 3 p. m., making but a few stops between St. Paul and Grand Forks. Arrive at Helena at 7:30 on the second day out; at Butte at 11:30 a. m.; and at Spokane at 3:20 p. m. the

second day out. At Spokane the train will be divided and proceed on its own line to Seattle, reaching there at 8 a. m. and on the O. R. & N. for Portland as Trains leave and are due to arrive at Portland follows:

Leaves Spokane at 3:40 p. m.; arrives at Walla Walla at 11:05 p.m.; at The Dalles at 4:40 a. m.; at Portland at 8:30

At Walla Walla, on the O. R. & N., the train will make connection with the Oregon division No. 1.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in lavor of Ayer's Sarsaparilla was in effect as follows: 'Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its nerits."

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Calif., was taken with a very heavy cold. The pains in his chest were so seyere that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Blakeley & Houghton's Drug store.

General Agent.

SI members as having graduated from the medical department of the univer-sity of Oregon, at the commencement hast night. He at once took the train for The Dalles. Mabusing a Squaw. The tale of human misery will never be told. The latest instance is that of a hard-working squaw who is paid little or nothing for her labor, in fact not enough to supply her and her child with neces-sary food. This child, a daughter, has been sick for a long time, and lies in bed without assistance, suffering great pain, while the mother is out working for the pittance she gets to procure any food at all. Some time since she called on the Indian destroaction the sumption is a curable disease. Not every case, but a large per-cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (includ-ing tubercular matter), great loss of flesh and extreme emaciation and weakness. Do you doubt that hundreds of such cases of that disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in mis-representing them, and who were often strongly prejudiced and advised against it surpasses, in curative power over this all. Some time since she called on the Indian doctor to see her child. Of course he did her no good, but insisted on his fee. She could not pay it, and the "doctor" took her last blanket, so that now she sleeps coverless during the long, cold nights. She is a squaw, to be sure, but she is a human being and should not be abused because of her ignorance. She tells of being here during the days of General Grant, but she is yet strong and capable of doing perhaps more work than any woman in town. The trouble is she is underpaid or not paid at all. She has been known to do three large washings for 50 cents, the same work a sleek and impudent Chinaman would charge \$3 for, and her good nature further imposed upon by being asked to ecrub the floor. In the interests of humanity, we call attention to the case of this poor Indian woman, and urge upon the good people of the town the practice of that Christian charity, and fairness which will enable her to get value received for her labor, and that she and her child may not suffer from hunger and cold after fairly earning both food and shelter.

but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its fifthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to bene-fit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophos-phites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on re-ceipt of address and six cents in stamps. Address for Book, World's Dispensary Medical Association, Buffalo, N. Y.
