

The Dalles Chronicle.

VOL. IX

THE DALLES, OREGON, TUESDAY, APRIL 7, 1896.

NO 77.

CUBA IS RECOGNIZED

The House Adopted Concurrent Resolutions.

TWENTY-SEVEN VOTES AGAINST

Eighteen Republicans and Nine Democrats—Resolutions Do Not Need the President's Approval.

WASHINGTON, April 6.—The house adopted the concurrent Cuban resolution by a vote of 44 to 27. The announcement was received with tumultuous cheers. A vote was taken on the motion to adopt the conference report, showing that the house conferees had agreed to the senate resolutions. The resolutions being concurrent did not need the approval of the president, but of course will be sent to him through the usual channels so he will receive official notification of the opinion of congress on the Cuban question. Of the 27 nay votes, 18 were Republicans and 9 Democrats.

GARCIA HEARD FROM.

Sent a Long Message to New York in Regard to It.

NEW YORK, April 6.—The World this morning says:

A long cipher dispatch from Carlos Garcia, son of General Calixto Garcia, leader of the Bermuda expedition to Cuba, has been received by M. Stern in this city. The dispatch was written at Manzanillo, which is about 35 miles west of Santiago, on April 2.

Mr. Stern said: "Before the ship sailed Carlos said that if there was no interference in United States waters they would have no trouble in eluding any Spanish vessel. The explanation of this is simple enough. The Bermuda was rated as having a speed of from 10 to 12 knots; as a matter of fact, she was capable of making from 18 to 20 knots, so that she could outstrip any Spanish war vessel. She was equipped with new engines while she was in the drydock in South Brooklyn. These engines and boilers were made by the Cramps, and were the finest that money could buy. The replacing of the engines was kept a close secret at the time. It was even guarded from Cuban sympathizers. So, while the Bermuda was apparently a slow old tramp steamer, she was in reality a remarkably swift ship, and no Spanish cruiser could hope to catch her. As a matter of fact, she had no occasion to show her speed."

The dispatch says that the men and the heavy artillery were landed in a bay between Bahia Honda and Mariel, which is about 50 miles west of Havana in a straight line. There was absolutely no interference. The two Hotchkiss guns and the six other heavy pieces of artillery were taken off with the ammunition for them. The ship, with the remaining arms and ammunition, was sent to Santiago. It went around the north shore of the island, through the Bahama channel.

The 108 men in the expedition were landed on the morning of March 22d. They made a march of 40 miles inland, where they were met by General Maceo, thus carrying out the plan to the letter. It was decided that an attack should be made upon Pinar del Rio, which is the largest inland town, and a Spanish stronghold. Maceo and Garcia, with 9000 men, swept down on Pinar del Rio early on the morning of March 23, and it was a complete surprise. The Spanish troops numbered about 6000, and they were thrown into a state of panic by the onslaught. The use of the heavy artillery which Garcia had brought added to their terror. The message says:

"Consternation reigned and the Spanish troops were thrown into wild disorder. Officers could not form their men. We captured two pieces of heavy

artillery, 1700 Mauser rifles, 1,200,000 cartridges, 2800 swords and many stores. We burned 600 houses, sparing weak. The Spanish loss was 850 killed and 200 wounded. The Cuban loss was 150 killed and wounded."

After this victory, which is one of the most important that the Cubans have won, inasmuch as it will be almost impossible for the Spaniards to find shelter for their troops in the interior during the rainy season, General Garcia took 500 men and started eastward, making the hardest possible marches.

Carlos Garcia says that they had not the slightest difficulty in passing the trocha, which is a line of Spanish troops, and then went on swiftly to the eastern part of the island.

"Many volunteers joined them. When they arrived near Santiago they found that the Bermuda had landed her ammunition in a bay a few miles east of Santiago. The ship arrived on the night of March 25, but the landing was not made until the following morning. There were 18 boatloads of rifles, cartridges and swords.

"General Garcia has gone to the eastern end of the island, because that is his old home, and the people there are his loyal friends. Jose Maceo is with him. General Garcia will do nothing for a month but organize an army of picked men. He expects to have an army of volunteers which will number 35,000 men and a regular force of 10,000 men."

Harrison—Dimmick.

NEW YORK, April 6.—General Harrison, whose marriage to Mrs. Dimmick will occur this afternoon at St. Thomas church, remained all forenoon at the Fifth Avenue hotel, where he will stay until immediately before the ceremony, when he will be driven directly to the church. There has been no official announcement of the time of the ceremony. Indications, however, are that Mrs. Dimmick will become Mrs. Harrison between 5:30 and 6 o'clock this afternoon. Mrs. Dimmick has received many valuable presents. The principal gift from General Harrison is a necklace made of seven rows of pearls. The necklace is fifty-five inches long and has diamond clasps.

KEPT AHEAD OF THE BULLETS.

Astonishing Swiftness of Foot Shown by a Georgia Razor-Back.

Col. Taylor Jenkins, who lives a few miles north of Blakely, is known throughout that section as one of the most truthful men in it. At least, so says the Early County Times. Recently, while Mr. Jenkins was out hunting, his dogs began barking at something in a large hollow log. It was a wild hog. He took the hog home and dropped it in his cornfield. It is there now. A few weeks ago Mr. Jenkins went out to kill it, thinking he could easily do so with his unerring rifle. He searched about till he "jumped" it. Down a corn row it went like lightning. He leveled his rifle and "cut down" on it, but never touched a hair. He "jumped" it again and shot again, but no hog. Again and again he "jumped" it and shot at it, with the same result. He began to wonder what could be the matter. The corn rows were as straight as moonshine whisky and his gun true as the third party to Tom Watson, yet hit it he couldn't. To shoot at the hog as it ran off down the corn rows was just like shooting at it standing, so far as getting a "head on it" was concerned. To make sure that he didn't "wobble" off the hog he put up a small target and "cracked down" at it five times, then took his ax and chopped in and found five balls all in one hole in the middle of the spot. That settled it—that the fault was not in him or the gun, but the hog had outrun the bullets.

Just received, the balance of a complete assortment of popular shades in corduroy, 27 inches wide, for capes, bicycle suits, etc., at A. M. Williams & Co.'s

Gentleman desires pleasant room, board optional, in private family. References exchanged. Address H-25, care CHRONICLE office. apr4-3t*

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

How to Cure Rheumatism.

ARAGO, COOS Co., Oregon, Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cents and \$1.00 bottles for sale by Blakeley & Houghton's Drug Store.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began to use Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00. At Blakeley & Houghton's Drug Store.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

Hello! Hello!

This is the County Treasurer. He wants all county warrants registered prior to April 1, 1892, presented at his office, corner Third and Washington, for he is ready to pay the same. Interest ceases after January 15th. Wm. MICHELL, County Treas.
