THE GRECIAN GAMES.

The attention of lovers of ancient history is centered upon Greece where a revival of the Olympic games, so famous in the days when Hellas was the world, has been instituted. Not only to the student, but to the desultory reader of history, this event is of surpassing interest.

Greece still charms the world with stories of her past. Her hills and valleys, her cities and groves, are sacred places, hallowed by the presence of men who, honored in their day, still receive the homage of countless admirers. Greece is but a memory now, but a memory that will linger as long as the clear blue sky that inspired the poets of olden times, stretches across the Mediterranean.

The Olympic games which today are being celebrated in classic lands will bring to mind the departed glories of a wonderful civilization. In the contrast which the revived games of 1896 will make with those of ancient days, renowned in story, no point is more vivid than that made by the part, though small, taken by the American contestants. Imagination pictures the contest of a thousand years before our era, and how from sculptured story every detail of costume will be faithfully reproduced by the committee of arrangements. But who are these coming among the sons of Athens and of Corinth to claim a right to try for the crown of olive, the wreath of parsley or the garland of pine leaves? "Barbarians from beyond the gates" most truly. In geographical position not more widely different from the home of the original strivers for the victory than different in race, in customs and manners, in everything that makes life to the one who lives and strives today. Get in common with these those of American birth who will run the race over that ground so rich with memories of old, and claim equal right to honor that "glory which was Greece."

The passage by the house of representatives of the Cuban concurrent resolutions revives interest in a subject that calls forth the sympathies of the American people. Upon which side is the right or wrong in the present struggle for Cuban independence there can be no question. The atrocities committed by the Spaniards have done more to strengthen the cause of the insurgents than all the uncertain victories they have won. The world is too far advanced in civilization to countenance such cruelties as practiced by the Spaniards. Governments move slowly, but when once set in motion by the force of public opinion they will certainly take action to put an end to barbarisms

that have no place in the Nineteenth century. That public opinion is crystallized into a feeling of strong sympathy for Cuba is undoubted.

Reduction in taxation is the great boon for which the citizens of Wasco county are crying. Our county's indebtedness is far too high. The annual interest charge is eating a large portion of our income. High taxes prevent the investment of capital and are a drag to every legitimate business. How to reduce our present indebtedness and secure a lower rate of taxation, is a problem which must be solved in the immediate future. This question is the pressing one in the present campaign.

Ex-President Harrison is to be married today. As far as can be learned, it is nobody's business but his own and the lady who is to become his wife. So with the tombstone engraver we can say, "Requiescat in pace."

THE LOCKS AND THE RAILROAD

The Dalles Chronicle has a dispatch from Hon. W. R. Ellis which says that the senate resolution appropriating \$20,000 for immediate use at the Cascade locks has just passed the house. As the bill has passed both houses, all that now remains is the president's signature, which in this case is only a matter of form. The whole amount will thus be at once available, and it is supposed that it will be used in completing the works. If it is so expended there is no reason for delaying the opening later than the middle of May at the farthest. As soon as the walls are somewhat above the water the canal could be used without danger. Work at present is almost suspended as the riprapping is about finished and the water is too high for the dredger to work. But there is no use to speculate on the opening of the locks. "It may be for years and it may be forever." It is very easy for a scientific government engineer to find something that must be done before they can be safely used, when a great railroad corporation is at his back.—Skamania County Pioneer.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

You hear it almost everywhere, and read it in the newspapers, that Simmons Liver Regulator is the best liver remedy, and the best Spring medicine, and the best blood medicine. "The only medicine of any consequence that is used is Simmons Liver Regulator."—So wrote Mr. R. A. Cobb, of Morgantown, N. C. And W. F. Park, M. D., of Tracy City, Tenn. writes: "Simmons Liver Regulator is the best."

It may save you time and money to be informed that, when you need a blood-purifier, Ayer's Sarsaparilla is the kind most in favor with the medical profession. It is the standard and, as such, the only blood-purifier admitted at the Chicago World's Fair.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Calif., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Blakeley & Houghton's Drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Blakeley and Houghton, druggists.

J. W. Pierce, Republic, Ia., says: "I have used One Minute Cough Cure in my family and for myself, with result so entirely satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to others, on every occasion that presents itself." For sale by Snipes-Kinnersly, Drug Co.
