#### NOT A GOOD PLAN.

The proposal to run a Republican candidate for congress in the Second district who should be closely identified with the gold men, is not one which appeals to the good judgment of the rank and file of the party. This movement, to which the Oregonians are lending more than a tacit approval, has its origin in Democratic councils, and is being pushed to its farthest extent by the enemies of Republican principles.

It is urged that the sound money men of both parties will unite in the support of such a candidate, and in this way his election can be secured. However nice it may be in theory, the plan will not have the promised results. The candidacy of a second Republican candidate will serve only to divide the Republican vote, while the Democrats, perceiving their opportunity, will vote for their nominee and elect him. Such a move would be poor politics and poor business.

Mr. Ellis was not the choice of this paper for the nomination. His views on the financial question do not meet with the approval of a large number of Republicans, but we deem it vital at this time that a Republican should be elected to congress from this district; one who will work and vote for a tariff on wool, thus protecting the industry, which is the basis for the prosperity of us all. To divide the Republican vote and to create further dissensions in the party ranks, opens the way to defeat and to the success of the free silver, free trade candidate.

It is to be hoped cool judgment will prevent the nomination of another Republican candidate in the Second district. If the Democrats desire to nominate a sound money man from their own party, well and good. The conditions are then reversed and the interests of the wool men will be served by the election of a Republican.

Chauncey Depew has said many good things, and among them can be classed the remark made at the Union League banquet in San Francisco recently, when he said: "Here we are declaring war on all the world and borrowing money to do it with. I am ready to fight the whole world, but I want something to do it on." The truth of the saying is unquestioned. The American people judge the future too much by the past, and think because fortune has favored them heretofore, it will do so always. This thing of going to war is a far more serious matter than, by the talk going on, it is considered. Years of preparation are

needed before the United States is in a position to cope with even a second rate European nation. Common sense dictates that we should lose no time in increasing our navy and providing better coast defenses. Our army also is too small. But the necessary expenditures cannot be made until the present bond-selling, money-wasting, incompetent Democratic party has been gotten rid of and the party of protection been placed in power.

When country campaigns lack interest the politicians should move to Portland, where there is political excitement enough to suit the most avaricious. The "combine" which achieved such marked success in the late Republican state and district convention, has nominated a full legislative and county ticket. The campaign will be a bitter one, the political interests of Senator Mitchell being one of the issues at stake.

McKinley is still carrying things with a high hand. In Nebraska, the home of Candidate Manderson, McKinley delegates have been selected. North Dakota, in addition to declaring against free silver, elected McKinley delegates, and even in Kentucky, where local pride for Governor Bradley is strong, the Ohioan's friends were but little in the minority. This is the record of but a single day. Is it possible the national convention may lack interest because of the easy nomination of McKinley on the first ballot?

#### THE ONWARD MARCH

of Consumption is stopped short by Dr. Pierce's Golden Medical Discovery. If you haven't waited beyond reason, there's complete recovery and cure. Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 99 per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experience. Address: **WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N.Y.**

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: **F. J. Cheney & Co., Toledo, O.** Sold by Druggists, 75 cents.

#### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Go to Moore's for your fresh creams. He will not sell you chewing gum for marshmallow taffy. Don't be deceived by the name, for this is the only place in the city you can get the genuine marshmallow taffy. Try his combination taffy this week.

#### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are many, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfeld of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.
