THEIR GAIN OUR LOSS.

The strongest confirmation of the truths the Republican press has been stating regarding the operation of the Wilson bill comes from England. The commercial relations of Great Britain and this country are so adjusted that the prosperity of the one means business disaster to the other. Upon the enactment of the present tariff measure it was claimed the manufacturers of England would be the great beneficiaries, and that the profits which under the McKinley act were obtained and circulated in this country would be transferred across the water and help to swell the coffers of English millionaires.

The reports of trade in England during the past year or more have justified these assertions, but now they are confirmed by official statement. Last Thursday Sir Michael Hicks-Beach, the Chancellor of the Exchequer, arose in the house of commons and made the budget statement. In prefacing his report the chancellor said that this had been a wonderful year for England, in spite of the fact that the expenditures had been the largest since the great war. The surplus was the greatest ever known and a larger sum was devoted to the reduction of the national debt than ever before.

What a contrast with the condition of things in America! England with a surplus; the United States with a deficiency amounting to many millions. England devoting money to the reduction of her national debt; we adding constantly and immensely to ours. The surplus in England for 1895-96 is over \$20,000,000; the deficiency in America for the same time is a far greater sum.

The chancellor said the condition of the working class had greatly improved, and the prosperity of the nation had increased so much that a material reduction would be made in the land tax of the country.

In the light of Christian unselfishness it may be pleasant for American workmen to read of the prosperity of their English brethren, but the comparison with their own condition makes too strong a contrast to give satisfaction. The American workman was never worse off than he is today. With thousands out of employment, with wages reduced, and with families suffering, can it be expected that the American workmen will look with approval upon a policy that robs them of their birthright and gives it to the people of a foreign nation?

England's present prosperity is due to Democratic legislation in America. No wonder the Democrats in this country refuse to condemn

Ambassador Bayard for making pretty speeches full of falsehood to the English people when every action of the party he represents has been to favor that nation. It is only needed to compare English prosperity with American depression to understand the iniquity which the country is suffering because of Democratic legislation.

The speech of Secretary Carlisle delivered before the working men of Chicago, is well worthy of perusal. The fact was made apparent that the greatest sufferers by the debasement of our currency would be the laboring men. The story of Mexico is a warning against any such action as the silver fanatics advocate. Mexico represents the "ultime thule" of the silverites, and in no country is the condition of the laboring man more lamentable. The only gainers in this country from a change to a silver basis, besides the silver mine owners, would be the debtor class, who would be able to pay in money at half value. But their satisfaction would be short lived, as capital would be further drawn from investment and more borrowing become almost impossible.

Multnomah county can wage the present campaign upon the currency question. In the rest of the state the issue will be protection. Which of the two will cause the more enthusiasm?

WHAT THE PENDLETON PAPER SAYS.

East Oregonian: The Dalles papers are still thundering against the failure to complete the government locks at the Cascades and are holding to account the representatives in congress as well as the contractors. All government work is carried on in this shiftless, extravagant way, with no intent or idea of ever serving the people, but with full intent of deceiving and deluding them for profit to favored friends of politicians and rascally men who pose as reliable contractors, but who in reality are beneficiaries of a pernicious spoils system, which takes no recognition of merit, thoroughness and honesty. The work of the Cascade locks is in the hands of such parties and nothing but eternal vigilance will ever change the conditions surrounding it and secure early results to the people of Eastern Oregon.

A SURGEON'S KNIFE
gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting. The **Triumph of Conservative Surgery** is well illustrated by the fact that **RUPTURE** or **Breach** is now radi- cally cured without the knife and without pain. Clumsy, chaf- ing trusses can be thrown away. They never cure but often induce inflamma- tion, strangulation and death. **TUMORS** Ovarian, Fibroid (Uterine) and many others, are now removed without the perils of cutting operations. **PILE TUMORS**, **Fistula** and other diseases of the lower bowel, are permanently cured without pain or resort to the knife. **STONE** in the bladder, no matter how large, is crushed, pulver- ized, washed out and perfectly re- moved without cutting. **STRICTURE** of Urinary Passage is also removed without cutting in hundreds of cases. For pam- phlet, references and all particulars, send to cents (in stamps) to World's Dis- pensary Medical Association, 663 Main Street, Buffalo, N. Y.

MOTHERS
and those soon to be- come mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its tor- tures, terrors and dangers to both mother and child, by aiding nature in pre- paring the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GUTHRIE, of Oakley, Oregon Co., Tenn., writes: "When I began taking Dr. Pierce's Favorite Prescription, I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stouter now than I have been in six years. Your 'Favorite Prescription' is the best to take before confinement, or at least it proved so with me. I never suffered so little with any of my children as I did with this."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitu- tional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the founda- tion of the disease, and giving the patient strength by building up the con- stitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cazeney & Co., Toledo, O. Sold by Druggists, 75 cents.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extra- ordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufactur- ers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule for- bidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says when- ever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approach- ing Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thank- ful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

Blakeley & Houghton desire us to pub- lish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extend- ing to the lungs.
