A PLAIN DUTY.

The stories that come from Cuba read like some dark tale of the Middle Ages, when the minds of men were narrowed by ignorance and bigotry and the human heart lost to the feelings of mercy which a refining civilization brings. Every day comes news of Spanish outrages. In forty-eight hours twenty prisoners were executed because they were guilty of aiding or sympathizing with the struggle for independence. General Carpos was recalled because his policy was considered too humane, and in his stead was substituted a general whose chief qualification was his reputation for savage butchery.

Meanwhile the information is given out that no offer of mediation and no notice of intervention of any character has been made by the United States government to Spain, and none will be made at present. This action of President Cleveland's is taken in face of the public declaration of congress that such offer of mediation should be made upon the part of this government. Legally the president is not bound by the action of congress, since the resolution is considered an expression of opinion merely, and not a dictate of procedure; but morally, in view of the course Spain has pursued and the feeling existing among the American people, the president should extend an offer of friendly services to settle a war that blots the page of Nineteenth century civilization.

Such a tender would not involve this country in any foreign complication for which we are illy prepared. It would simply say to the world that the principles for which our revolutionary fathers fought and died still continue the choice treasures of the American people; that the right of liberty and self-government is conceded to any people oppressed as the Cubans are, and that this nation, rich and great as it now is, remembers the time when, like Cuba, it was weak and oppressed. This course of President Cleveland is simply in line with his former actions in matters of like import, a notable example of which was his expressions of hostility to the republican government of Hawaii. Great as were the provocations the intelligent people of Hawaii had, those of the Cubans are infinitely more, and call for the Christian consideration of enlightened America.

Senator Mitchell has promised the people of Eastern Oregon that the needed appropriation for the locks will be forthcoming the pres-

ent session. Upon the fulfillment of this pledge depends the enthusiastic support which the senator will receive from this section in the legislature. The opening of the locks is of more concern to Eastern Oregon just now than the national questions which are absorbing public attention. The actions of our delegation are being closely watched.

Consumption, diphtheria and typhoid fever are the latest triumphs reported for the Roentgen rays. The cry of "wolf" has been heard so often and proved unfounded that these heralded cures for dread consumption occasion little belief among incredulous people. Still, in the light of the wonderful discoveries science is making, the door may yet be opened for discoveries which shall make the pale cheek of the wasted sufferer glow with hope. Science has astounded the world with her discoveries and given cause for greater expectations.

What a spectacle it would be if the Oregonian would support the prohibition candidate for congress in the Second district, and yet such action would not be surprising, since Mc Kercher, the candidate in question, has intimated that he would be guided by the views of the Oregonian regarding the currency question. To support the prohibition candidate or a gold standard man under different circumstances might be a proper thing, but not when it places in jeopardy the election of a man who regularly nominated by a Republican state convention, is pledged to work and vote for the principles of protection.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CROWLEY & Co., Toledo, O. Sold by Druggists, 75 cents.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Calif., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Blakeley & Houghton's Drug store.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.
