The Dietzel Bros. have nearly finished the construction of a neat little sailing boat, which will be launched in the river soon.

A wind this afternoon blew down some fences above the bluff. The wind was not very strong, but then the fences were not either.

A number of emigrants from North Yakima are camped at the head of Union street near Twelfth. They are looking for locations.

On account of repairs going on at St. Paul's church, the regular mid-week service will be omitted this evening. Services on Sunday at the usual hours, morning and evening.

Mr. C. L. Richmond had but just recovered from an obstinate felon on his hand, when another began to make its appearance. He has been incapacitated from work part of the time.

Mr. Henry Dietzel recently sent out a man to his Tunnel mine near Mt. Hood, about 25 miles from this city. He went over a ridge where the snow was eight feet deep. There is four feet on a level at the claim.

Rev. L. Grey will hold English Lutheran service in O. D. Taylor's church on Sunday morning at 10 o'clock, and in the evening at 7:30. At 3 p. m. Rev. Grey will hold a German service at the same place.

ing. The king bolt broke and the team ran with the front running gear. No serious damage resulted either to the horses or wagon.

A vast acreage of grain has been sown this season in Klickitat county, and all bids fair to produce an abundant yield. One observer estimates that the wheat crop of Klickitat county will this year be somewhere near 1,000,000 bushels.

The date upon which Arbor day falls may be considered a fair indication of the advance of spring in the different states of the west. In Oregon it was April 10th, Washington April 24th, Idaho May 8th, and Monna May 12th.

The best bowling record so far was made on Wednesday by Judge Bradshaw, who scored 52 points out of a possible 90. Previous to that Mr. C. F. Stephens was champion, with 49 points to his credit. Of the ladies, Mrs. C. F. Stephens scored 19 out of a possible 45.

The hobo who made it so lively for Officer Blakeney a few days ago is getting very tame under the cooling influence of our excellent city jail and a diet of bread and water. This morning he wanted to be taken out to work on the street, but the marshal thought he was too much of an athlete, and refused to grant the request. He will be very tired of The Dalles when his twenty-day sentence expires.

#### Arrival of Ochoco Ore.

The first news from the Ochoco mines is in the substantial form of 1,250 pounds of ore which was freighted to The Dalles and consigned to the Wasco warehouse, arriving last night. The ore is sulphurets of iron and is very heavy. The letter that came with it ordered that 1,000 pounds of it be shipped to the Tacoma Smelting and mining Co., the 250 pounds remaining to be held awaiting orders. The shipment was brought in by Sichel's freight teams. No estimate can be made here of its value, but considering that Mr. Kluge, who came from Chicago as a mining expert and assayer, is now located at the mine, it is very probable that the ore must be rich to warrant the expense of shipping 1,000 pounds of it by team 100 miles, and then by rail to Tacoma.

#### Announcement.

I wish to announce to the dealers and the smoking public that I am now manufacturing strictly first-class cigars in The Dalles and am here to stay. I use nothing but the finest imported stock and can compete successfully with Eastern and imported goods, because the import duty and freight is much less on raw material than it is on manufactured goods. My eighteen years experience makes me duly qualified to select the finest stock, on which my success depends. My "Regulator" brand is made by hand of Havana tobacco grown in the famous Yuelta Abajo district of Cuba; there is nothing finer in the world. Call for the "Regulator." It is a good thing, push it along.

Very respectfully,  
O. A. PETERSON.

### GOLDENDALE PROHIBITIONISTS.

They Recognize that People Will Have Liquor, and Will Compromise.

The Goldendale councilmen will hold a meeting tonight, at which the liquor license question will be disposed of for the current year. There has been a protracted struggle going on there for years between the prohibition and liquor forces with varying success. A "dry" year would be followed by a "wet" one, and then dry again. Observing, however, that during a dry year, with the utmost care, there would exist the average number of drunks on the street, and that whiskey was apparently easily procured within the city limits, the citizens have effected a compromise or course of conduct, which seems so far satisfactory to all parties that it is very probable an amended ordinance will pass the council at tonight's meeting, which will contain the following features:

One retail saloon to be licensed in the town, to pay \$250 annually. That the bar-room contain no tables or chairs, no gambling apparatus or device whatsoever.

That the drug stores of the city, by paying \$150 annually, have the privilege of selling liquor in quantities not less than 8 ounces.

It is thought that since liquor must be sold anyway that the town corporation may as well have the benefit of the license money, and with the above restrictions the new ordinance is the wisest way of settling the question.

#### Trying to Beat Moore.

The candidacy of Walter H. Moore for joint senator is said to be bothering the intimidated Democracy of Sherman county with a very great bother. Leading Democrats over there have been working a scheme for fusion with the Populists for all there is in it. Two special missionaries, fresh from a meeting held at Grants, visited the city yesterday. It is understood they wanted Moore's Democratic opponent to resign in favor of a Populist from Sherman county. It is also understood the gentleman refused to resign, and some other scheme will have to be resorted to.

The outlook for Mr. Moore's defeat is not very encouraging. According to the last election returns his opponent would need to have every Democratic and every Populist vote in the county and twenty-five more from somewhere else. This does not reckon the certainty that Mr. Moore will get a great big majority in Wasco county.

#### Outwitted by Coyotes.

An amusing incident occurred the other day on the Lemon farm near Garfield, Wash. Burt Lemon and an employe of the farm were plowing, when they came across three young coyote pups, which had not yet opened their eyes. While they were examining them the old ones appeared and approached to within 50 yards. Mr. Lemon went back to the house for a gun and a sack, and placed the young ones in a sack, which was tied up and left in the field until time to go in from work. The old coyotes kept a respectful distance from the rifle, but hovered around. Several turns of the field were made with the plow and finally, when the men came in sight of where they had left the sack containing the young coyotes, they saw one of the old ones, with the sack, puppies and all, streak it over the hill, and that was the last seen of them.
