**A WORD OF WARNING.**

In Senator Mitchell's letter to THE CHRONICLE reference was made to the text of the amendment to the sundry civil bill making \$20,000 of the \$179,000 appropriated available for building the inner walls. A copy of the bill has reached this office and we find the provision relating to the locks to read as follows: For improving canal at the cascades of the Columbia river, Oregon, completing improvement, one hundred and seventy-nine thousand five hundred and ninety seven dollars. Provided, That the secretary of war be, and he is hereby, authorized and directed to expend of this amount not to exceed the sum of twenty thousand dollars in constructing on the land and river sides of the canal, between the upper lock gate masonry and the upper guard gate masonry, such portions of the walls proposed in the modified project presented by the board of engineers in its report of October 18, 1894 (which report was printed in the annual report of the chief of engineers for 1895, part 5, pages 3576 and following) as may be necessary to construct in advance of the opening of the canal to commerce. Provided, That the contractor or contractors for completing the construction of the said canal in accordance with the present adopted project shall consent to such use of this appropriation and shall make no claim of any kind against

the United States on account thereof.

We do not like the reading of this last clause. Does it mean, as it seems to, that the matter of whether or not the inner walls are to be built shall be left to the discretion and good will of the Days? Verily, Verily, it seemeth so. If such be the case, what under high heaven is our delegation about? Have we not had enough of loosely drawn contracts and defeasance clauses? The members of the Oregon delegation are just in that position when further trifling will not be tolerated. The scales are falling from the people's eyes and they are beginning to examine more closely the words and actions of their representatives.

This much we say to our delegation. We ask nothing from you in the guise of supplicants; we are past the point of beseeching favors. We demand that you take such steps as will circumvent the actions of the miscreants who are conspiring against the opening of the locks. Senator Mitchell, Senator McBride, and Mr. Ellis, we like not the reading of this amendment. We warn you that the temper of the people is aroused as it never was before, and there is not a thinking man in Eastern Oregon but what is disgusted, disheartened and chagrined that in this day and age such outrages could be perpetrated as have been in connection with the locks.

You have given us your word that this \$20,000 will complete the work necessary for the locks operation. You cannot blame us for being slow to trust to it, nor for having our suspicions near the surface.

McKinley seems to be the successor of James G. Blaine in popular favor. From the Atlantic to the Pacific the people are asking his nomination. Illinois raised her voice for the Ohio statesman yesterday, and the echo was heard in Texas. The wonderful popularity of McKinley only shows that the issue of protection vs. free trade is the great question before the people. The government is now running behind at the rate of \$25,000,000 a year. It is to change all this and make the revenues greater than the disbursements that protection is wanted, and in McKinley is recognized the champion of this popular cause.

It is a noticeable fact that the Democratic papers in the Second district are unanimous in approving the course of the Oregonian regarding the trotting out of Judge Northrup as an independent candidate. There are many Democrats who will be for Northrup till election day, they will go to the polls and every mother's son of them vote for Bennett. The Democrats are not going to throw away the only chance of victory that has been given them for years.

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Calif., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Blakeley & Houghton's Drug store.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

J. W. Pierce, Republic, Ia., says: "I have used One Minute Cough Cure in my family and for myself, with result so entirely satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to others, on every occasion that presents itself." For sale by Snipes-Kinersley, Drug Co.

**How to Cure Rheumatism.**

ARAGO, COOS Co., Oregon, Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cents and \$1.00 bottles for sale by Blakeley & Houghton's Drug Store.

**\$100 Reward \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

**None But Ayer's at the World's Fair.**

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

**Marvelous Results.**

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Blakeley & Houghton, Druggists.
