

**TURNING GRAY  
AND THREATENED  
WITH BALDNESS**

The Danger is Averted by Using  
**AYER'S HAIR VIGOR**

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Avoca, Neb.

**EDITOR CHRONICLE:**  
Your correspondent made a tour of Hood River valley during the last week and found things which may be of interest to the readers of THE CHRONICLE.

The rains have brought the wheat into fine condition and those pieces that seemed winter killed have come forward and now look very promising.

We are informed that the frosts of March and April did very little damage to the strawberries, but the cold weather will cause late ripening.

Much enterprise has been shown this spring in setting out fruit trees, and we have it estimated that from twenty-five to fifty thousand fruit trees of various kinds have been set out in the upper and lower valley this spring, making now not less than 150,000 trees, a large number of which are apple trees. In talking of this matter with a conservative but enthusiastic resident of the upper valley, we formed a rough estimate, and here is the result. About 400 car loads of apples will be shipped from Hood River station during the fall of 1900 if the prospect remains unchanged, or putting it in another way it will take sixteen trains to haul the surplus of apples alone. Still again about or more than 400,000 boxes will be required to hold these apples, and at the low price of 40 cents a box there will be returned to Hood River to the producers not less than \$160,000. We have not mentioned the prunes, plums and other fall and winter fruit, which will be an unending source to the industrious.

Then the far famed and beautiful Hood River strawberry in no distant day will be sent by the train load to the Eastern market, bringing back the gold and silver to the fortunate ones.

There is a bright outlook for this thriving town and not many years will see all the land in this highly favored valley under the most thorough cultivation, and the fruit raising will be brought to almost perfection.

Rev. C. F. Clapp has been holding a series of union evangelistic meetings in the U. B. church for the last two weeks, closing with Sunday, which were well attended and we hope much good accomplished.

We forget to say that Hood River has its drawback, like The Dalles. Go wander about the streets at night and you will see the thing needed in both towns. Light, more light; not alone on the subject of fruit raising, but on the streets of our cities and towns.

We learn of the lucky find of Mrs. John S. Brown of 18-Mile island the other day. While exploring the island she came across a wild duck's nest, and the old duck having abandoned the nest after her fright, Mrs. B. furnished a foster mother in the shape of an old hen, and so far as heard from, the family are being well cared for.

We may be a little late, but our old friend, Horace Patterson, has secured a fine homestead right near Mosier, and

has been down there putting in a crop. He looks well as a rancher, and has a good show for making a success of his investment. O. B.

**Water Commissioners Meeting.**

The regular meeting of water commissioners took place at 2:30 p. m. yesterday, present Ward, Nielsen, Crossen and Hugh Chrisman, secretary. Mr. Ward presided. After reading and adoption of minutes the following bills were ordered paid:

- Chronicle Pub. Co., printing..... 3 65
- Joe T. Peters & Co, supplies..... 3 84
- Maier & Benton, do..... 1 53
- Mays & Crowe, do..... 1 40
- I. J. Norman, supt..... 75 00
- W. S. Norman, helper..... 55 00
- H. Chrisman, secretary..... 5 00

The superintendent's report showed a total book account of \$1504.20; amount collected \$911.20; uncollected \$337; due from Dalles City \$256.

A motion was then made that the treasurer and secretary see the banks, and ascertain which would pay the highest rate of interest for surplus water funds. Carried.

**Progressive Rathbone Sisters.**

The Rathbone Sisters invariably have the best of times at their social meetings and that of last night was no exception to the rule. The society numbers among its members some of the best talent in the city in music, elocution and original productions. The following was the excellent program observed last night.

- Essay—Mrs. Wand.
- Solo—Mrs. Bradshaw.
- Reading—Mrs. Davis.
- Chorus—Miss Gosser, Mrs. Wiley, Mrs. Wand, Mrs. Gunning, Chas. L. Phillips.

After an excellent supper a unique contest was projected. Mrs. Bradshaw and Mrs. L. S. Davis are opposing chiefs of entertainment for the ensuing four weeks. Points are to be scored on excellence and the losing side is to prepare a grand banquet for the society at the succeeding meeting. The ensuing five weeks are therefore sure to be most entertaining.

**Electric Bitters.**

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1 per bottle at the Snipes-Kinnersly drug store.

We have left a few choice canna and dahlia bulbs, large flowering geraniums at 15 cents, and the choicest tea roses at 15 cents, or two for 25 cents. Our late large flowering pansies are now in full bloom at 25 cents per dozen. At the Stubling Greenhouse. apr28-1w
