## THE REQUEST GRANTED

### Execution of American Prisoners at Havana Delayed.

WILL BE POSTPONED SOME WEEKS

The Case Referred to the Supreme Tribunal of War—the Treaty to Be Discussed.

WASHINGTON, May 11.—In the Competitor case it can be authoritatively stated that at the request of the United States the Spanish government will postpone the execution of the death sentences upon the American citizens until the views of the United States respecting the application of their cases to the treaty of 1795 and the protocol of 1877 can be considered.

The announcement of the postponement of the executions means a delay of some weeks. The matter will be taken up by the diplomatic representatives of the United States and Spain, and will be made the subject of an exchange of correspondence on the interpretation to be given the treaty provisions. Meanwhile, the effect will be to allay popular excitement both here and in Spain.

It was definitely announced today that on the day that the five men captured on the Competitor were tried, on Friday last, Admiral Navarro, in conformity with the petition of the prosecutor and the sentence of the naval tribunal, approved and signed the sentence of death imposed upon the filibusters, Alfredo Laborde, Dr. Elias Bedia, William Gildea, John Melton and Theodore Meta. The announcement is supplemented by the statement that in view of high state considerations, the case has been referred for a final decision to the supreme tribunal of war and marine.

Two alleged filibusters, both citizens of the United States, said to have formed a part of the Competitor expedition have arrived here in custody from Bahia Honda. They were captured by the local guerrillas of Palma, sometime after the landing. The steamer Triton has brought here a small boat abandoned on the coast by the mayor of Berracos. The boat is believed to have belonged to a small expedition which landed in the vicinity of where the Competitor was sighted and captured.

### SPANISH NEWSPAPER COMMENT.

Imparcial Says This Country Wants War With Spain.

MADRID, May 11.—The Imparcial, referring editorially to the strained relations between the United States and Spain says: The United States intends to wear out the patience of Spain and force her to declare war. It is preferable to hasten the event, as the inferiority of Spain will increase with time.

Captain-General Weyler has not yet replied to the command sent him to remit to the supreme court the cases of the men sentenced to death in the Competitor expedition.

### ONE OF THE CONDEMNED.

Owen Melton Was Born and Raised in Kansas.

LAWRENCE, Kan., May 10.—Owen Melton, the young Kansan captured on the Competitor, and condemned to death, is a nephew of G. B. Jones, the proprietor of a dining hall in this city. Melton was born and raised near Vinland, eight miles south of Lawrence. He went, about six years ago, to Aurora, Ark., where his parents now reside. He was at the time of his capture, it is said, special correspondent for the Key West Times-Union.

### WEYLER IS IRRITATED.

Says He is Much Hampered by American Meeting.

MADRID, May 11.—The Spanish premier, Senor Canovas del Castillo, and the United States minister, had a conference to-day, the result of which is not known. It is reported that Captain General Weyler has cabled the Spanish government that the Spanish authorities are hampered by the "irritating meddling of America in Cuban affairs."

It is understood that the United States government has presented fresh claims for heavy indemnities through the losses on sugar plantations belonging to Americans, being burned by the insurgents. It is expected that these demands will lead to further complications.

### THE A. P. A. CONVENTION.

Political Matters Under Review at Washington.

WASHINGTON, May 11.—About fifty delegates to the supreme council of the A. P. A. are in the city for the convention which begins tomorrow, and which, on account of troublesome questions to be dealt with, will probably be in session several days. The most profound secrecy is observed by the delegates, so that it is difficult to secure information concerning the factional differences which are brewing.

The members do not conceal the fact that there will be a warm debate over the recent action of the executive committee in placing McKinley on the presidential blacklist. This step is to be reviewed by the executive committee, which will be required by the friends of McKinley in the order, chief of whom are the Ohio and Kentucky delegates, to present proof on which the charges against McKinley were based.

There is a well-defined rumor that the Western free silver delegates, who declare their intention to secure a free silver plank for the A. P. A. platform, will also endeavor to force the A. P. A. into a political alliance with the Populist party.

Supreme President H. J. Traynor today declared that if the old parties refuse to recognize the principles of the A. P. A., a call will be issued for a national convention to organize a new party, which Traynor said will be joined by citizens who are tired of Roman rule.

A meeting of the full advisory board will be held tomorrow when the action of the executive board on McKinley's candidacy will be called up, and it is thought will be approved. The fight will come in the council first.

Meetings were held to-day by the judiciary and executive committees, the latter for the purpose of reviewing the treasurer's accounts.

Most of the delegates are from Southern and Western states. Some of the most prominent are:

H. E. Taubeneck and J. E. Chols, of Georgia; H. J. Swayne, of California; Judge Jackson, of Texas; Judge H. D. Stevens, of Chicago; Colonel E. H. Sellers, of Detroit; Vice-President J. T. Gibson, of West Virginia; Charles Tucker, of Ohio; M. A. Wisley, of Missouri; C. G. Simmons, of Wisconsin; W. W. Lanning, of Washington; and G. W. Van Fossen and H. B. Ingraham, of New York.

### Gave the Servants Away.

A parrot in a certain family was usually kept in the dining-room with the family, but during the winter was removed to the kitchen for greater warmth. When the winter was past it again made its appearance among the family, whom it amused with the new remarks it had picked up in the kitchen. On one occasion, when the bell had been rung for something, the parrot was heard remarking from his cage: "Let 'em ring again!"

### A Strong Statement.

If you are not used to smoking clear Havana cigars, you may not like the Regulator. If so I cannot help it. I cannot improve on this brand as I am now using the finest imported stock possible to obtain. Something cheaper might suit some tastes. You need not look for anything better, for there is no finer stock grown anywhere in the known world than that used in the Regulator cigar. Here is the formula:

Fillers—Yucata Abajo Havana, at \$1.25 a pound.  
Wrappers—Delhi Langkaat Sumatra, at \$4 a pound.

I am willing to stake my future reputation on the truth of this statement.

O. A. PETERSON.

NOTE—In connection with the above statement, I desire to explain that it is impossible to put more than 15 cents value into my reasonable size cigar, because no tobacco in the world is worth more. Whenever a brand is sold for more than \$80 per thousand at wholesale, it is simply a fancy price and nothing more. Sumatra tobacco is never used for filler, but as a wrapper it stands alone as the only perfect wrapper, on account of its superior burn and pleasing appearance. The import duty on this leaf is \$2 a pound, but still we have to use it on fine goods, as there is no domestic substitute.
