VIOLENCE IS URGED

Spain Advised to Declare War Upon America.

BITTER NEWSPAPER COMMENT

A Correspondent Thinks This Country Should Be Humiliated—Weyler's Late Proclamation.

NEW YORK, May 15.—A special to the Herald, from Havana, says: La Correspondencia Militar, in a leading article, urges an immediate declaration of war by Spain against the United States.

The writer professes his belief, that when the first cannon was fired the Southern states would again withdraw and preserve neutrality and Mexico would invade the country, to recover its lost territory in the West, and thus insure the quick dismemberment and lasting humiliation of the great republic.

Captain-General Weyler, in extending his proclamation of amnesty, says:

"I am determined to show as much generosity toward these rebels who repent and surrender their arms and re-swear their allegiance to the government, as I have already displayed energy and firmness in dealing with those who have persisted in disloyalty to the crown."

Senor Corro, mayor of Barracoa, where the filibuster Competitor was captured, is in Havana, and had a long conference with the captain-general. Mayor Corro says the Competitor party disembarked in a small zinc boat, lettered "S. T. R." on Shelter island No. 4. It was he who discovered, partially concealed on the beach, the 27 boxes of cartridges heretofore announced as captured by the government.

The Havana press re-echoes the cabled opinions of Madrid journals, urging the Spanish government to abrogate the existing treaty and protocol with the United States.

Owing to the growing scarcity of horses in the central provinces, Maximo Gomez, on his present counter-march westward, has been compelled to dismount several thousand of the rebel cavalrymen and re-organize them as infantry.

The insurgent forces in the burned districts in Santa Clara and Matanzas, are also beginning to feel the dearth of cattle and forage. Two hundred refugees and families left homeless by the insurgents' torches, reached the government post in Bahia Honda, Pinar del Rio, Thursday night, seeking food and temporary shelter. The authorities are providing for them as far as possible.

HEAVY SPANISH LOSS.

An Entire Company of Soldiers Marched by Insurgents.

NEW YORK, May 15.—The Herald's correspondent in Puerto Principe, Cuba, reports that the Spanish column of 1500 men which left that city April 26, under command of General Imenes Castellanos, governor of the province, has not yet returned, being still in pursuit of the rebels, with whom it has had several engagements. It is reported that Castellanos' force has suffered heavy losses and that an entire company was marched by insurgents under Rabi.

The insurgent president, Cisneros, and Secretary of War, Roloff, are still in that province, where Calixto Garcia, escorted by Jose Maceo's forces, is momentarily expected from the Orient.

The large number of desertions from the Spanish ranks is alarming the authorities. The entire garrison in Gibancou has been relieved, by order of the governor, who accidentally discovered a conspiracy to go over to the rebels in a body. The captain and lieutenants were placed under arrest, while the corporal and a private were publicly shot two

days ago. A sergeant belonging to the same company had previously deserted to the rebels. The principal cause of discontent among the Spanish troops is ill-treatment and lack of pay.

THE GOLD RESERVE.

Decreasing at the Rate of Almost One Million Dollars Daily.

CHICAGO, May 15.—A Chronicle special from Washington says: May 1st the gold reserve in the treasury stood at \$125,000,000; today it is a trifle over \$114,000,000. In twelve working days \$11,000,000 in gold has been taken from the treasury, and there is not, it is said, the slightest indication of any abatement in the export of the yellow metal.

The last payments of the recent popular loan have been made, and the gold reserve can therefore expect no accretions other than those which will come to it in the ordinary way.

While the withdrawals of gold are not enough to be a positive menace, they are causing anxiety to the treasury officials. If there is anything like a steady increase in the withdrawals, it is said that Mr. Cleveland will make an effort to secure legislation to check it.

Congress expects to adjourn some time between June 2d and 10th. There is a long stretch between that date and the first Monday in December, in which the president would have to act without the aid of congress, should the conditions of last fall be duplicated. The administration has been for some time considering the possibility of just such a situation developing after the adjournment of congress.

Should circumstances warrant, it is said the president will send a message to congress on the eve of adjournment, insisting that congress furnish some measure of relief to the treasury before adjournment.

Donor's Identity Revealed.

NEW YORK, May 15.—Barnard college, the woman's annex of Columbia university, having secured subscriptions aggregating \$100,000, required to secure the gift of \$100,000 tendered last year by a person who preferred to remain unknown until it became certain that the conditions of the donation were to be realized, the identity of the donor has just been made known.

It is the widow of the late Van Wyck Brinkerhoff of Hastings, Westchester county, and she makes the gift which goes toward the erection of a building on the new site of the university at Morningside Heights, as a memorial to her late husband and her father, William H. Hoople, who died in June, 1895.

THE PRIZE KANSAS CITY BABY OF NO.

Cured of Disfiguring ECZEMA By the CUTICURA REMEDIES.

Our little baby of two months was badly afflicted with Eczema. It began when she was three weeks old, and in spite of all our skill and that of two good physicians, she continued to grow worse. Her head, arms, neck, and limbs, and, in fact, nearly every joint in her body, were raw and bleeding when we concluded to try CUTICURA REMEDIES. The child being so small and delicate, we began with CUTICURA (ointment), and CUTICURA SOAP, according to directions, and after the first application we could see a change. When we had used the remedies one week she was very much better, some of the sores had healed entirely and had ceased to spread. After using them for less than a month, the child was free from scales and blisters, and to-day has as lovely skin and hair as any child. She was shown at the Grand Fair when four and a half months old, and won the premium of a silver cup, as the prettiest baby, over sixteen others. We recommend CUTICURA REMEDIES to all our friends, and cannot praise them too highly.

A Strong Statement.

If you are not used to smoking clear Havana cigars, you may not like the Regulator. If so I cannot help it. I cannot improve on this brand as I am now using the finest imported stock possible to obtain. Something cheaper might suit some tastes. You need not look for anything better, for there is no finer stock grown anywhere in the known world than that used in the Regulator cigar. Here is the formula:

Fillers—Vuelta Abajo Havana, at \$1.25 a pound.
Wrappers—Delhi Langskaat Sumatra, at \$4 a pound.

I am willing to stake my future reputation on the truth of this statement.

O. A. PETERSON.

NOTE—In connection with the above statement, I desire to explain that it is impossible to put more than 15 cents value into any reasonable size cigar, because no tobacco in the world is worth more. Whenever a brand is sold for more than \$80 per thousand at wholesale, it is simply a fancy price and nothing more. Sumatra tobacco is never used for filler, but as a wrapper it stands alone as the only perfect wrapper, on account of its superior burn and pleasing appearance. The import duty on this leaf is \$2 a pound, but still we have to use it on fine goods, as there is no domestic substitute.
