Also agents for the Celebrated Cleveland Bicycle.

WHY? have we taken hold of the VICTOR BICYCLE as our leading Wheel.

Because after thoroughly testing a dozen different makes, we have come to the conclusion that the VICTOR is the BEST.

Because it is mechanically perfect, and while not TOO LIGHT for our bad roads, yet it runs the easiest.

Because it has a tire that, while light, is almost PUNCTURE PROOF. (We will repair all punctures free for the season on 1896 Victor Tires.)

We have 1896 Bicycles that list at \$100 that we will sell for \$75, but they are not VICTORS. Our 1896 VICTORS sell for \$100.

For medium grade bicycles, we have the Waverley and Crescents—\$50 to \$85. Good second hand wheels, \$25 to \$50.

Bicycles and Tandems for rent. Wheels repaired. We keep constantly on hand a good stock of compressed air, for inflating tires, and give it away. Get your tires inflated.

### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

Forecast—Tonight fair; tomorrow rain.

The Crittenton meetings commence next Sunday in The Dalles.

Don't forget the Good Templars social at Fraternity hall tonight. A good time is expected.

Judge Northrup, the sound money candidate, will deliver an address this evening at the court house.

Mr. Joles lost a fine milk cow last night by fever. Mr. Cathcart also lost a valuable gelding Saturday.

The Wasco warehouse has received about twenty-five tons of miscellaneous feed for shipment on the Regulator to various river points.

Read the advertisement of the band, top of second page. They are going to give a grand excursion next Sunday to the Locks. Music will swell every breeze that passes the Regulator.

A number of emigrants are stopping at the Columbia hotel. They desire to buy about twenty head of horses to take with them to the Ft. Colville reservation, recently opened to settlement.

Martin Quinn, the Populist candidate for congress, spoke to a large audience at the court house Saturday night. He is a good advocate of the principles of the Populist party and made the usual arraignment of both the old parties. He neglected the silver question, leaving that to a future speaker.

A petition was presented to the county clerk this morning asking for the nomination of P. P. Underwood for county school superintendent, in place of Miss Josie Hansbury, made ineligible by the late decision of the supreme court. The petition is from Mr. C. L. Morse, chairman of the Populist county central committee.

Mr. and Mrs. Coxey, of Commonweal Army fame, were passengers on the Regulator this morning for Hood River, where Mr. Coxey will speak this evening. Efforts are being made by the Populists to secure him one evening in The Dalles. The Baker City Democrat speaks highly of his address in that city.

A very enjoyable time was had last Saturday evening by the members of The Dalles Lodge No. 2, I. O. G. T., the session lasting from 8 p. m. till a few minutes before 11 o'clock. After the usual order of business was finished, a number of recitations and speeches were delivered, both prepared and extemporaneous. The preliminaries were arranged for the holding of a mock trial a week from next Saturday night, the plaintiff in the case preferring a most serious charge against two of his associates, who were immediately apprehended by the sheriff and placed under

heavy bonds. Other business will prevent a meeting next Saturday night.

Almost the entire inhabitants of the city were out yesterday afternoon enjoying the bright sunshine and refreshing breeze, and listening to the bewitching music of The Dalles band, who gave their first outdoor concert at the school grounds at 3:30 o'clock. The solos were particularly fine, and the descriptive piece attentively followed. The last selection played was written by Mr. Peterson himself, which establishes his reputation as a composer of worth. As a director, he exhibits great skill, his graceful motions accentuating the music and bringing out its full value, the more deeply impressing its beauties on the ear. The band will continue these delightful free entertainments during the summer.

### His Faith in Democracy is Firm.

Mr. Alfred S. Bennett, the well-known attorney of The Dalles, and Democratic candidate for congress in the Second district, is a guest at the Imperial. Mr. Bennett has made the canvass of Eastern Oregon, speaking last at Dufur, Wasco county, on Saturday afternoon. This morning he leaves for St. Helens, and from there goes to Astoria and other lower river points, returning to Portland Thursday, when he will speak here. Mr. Bennett says the Democrats have as good a show to win in this district as any other party this year. He talks in favor of free silver and a revenue tariff on wool. Martin Quinn, the Populist congressional nominee, also talks in favor of free silver and in favor of a prohibitory tariff on foreign products. Mr. Bennett says that he has been met by fine audiences during his campaign, and has talked every day, and sometimes twice a day. He expects to poll the full vote of his party—sound money Democrats and all others.—Oregonian.

### "Why Did You Come Out Independent?"

By the request of many friends and voters of this county, who believe, like myself, that this free country should be run by the people, and not by any faction nor political bosses of any party, who would down a man without any cause whatever.

Now, gentlemen, I do not ask for more than others have had before me, and have only done my duty as a faithful custodian of the funds of this county, and shall continue to do so as long as you say by your vote for me to stay in this office; not favoring the rich more than the man who toils long for his hard-earned dollar.

I leave it for the voters of this county to say if a tried man is not as good as an untried man in this responsible office.  
 W. M. MICHELL.

### Faults About Eastern Oregon Horses.

Mr. L. H. Adams, who has been at Goldendale and in Wasco county for a few days buying horses for the Omnibus Transfer Co. in Portland, left this afternoon for that city. He purchased a carload, ten head of which he secured in Goldendale.

Mr. Adams is somewhat disgusted with Eastern Oregon horses on account of the blemishes upon them made by wire fences. He says that eighty of a hundred horses have been cut with wires, sufficient to greatly lessen their value. He finds no fault with their quality. They are heavy enough and well built, but nearly every good-looking horse that he finds, particularly in Umatilla county and the Grande Ronde, has been cut about the legs, and its value lessened thereby. Owners of horses are also negligent in attending to an injured horse. Oftentimes an injury could be repaired by proper attention at the time.

### Fruit Will Bring High Prices.

Mr. Mark Levy, a leading fruit buyer and commission man of Portland, is in the city today. He speaks in most encouraging terms of the market for fruit the coming season, and believes that Portland can alone furnish a good market for Wasco county fruits. He says that the Willamette valley will have a lighter crop than for twelve years; that peaches, prunes and early apples are almost a total failure, and that cherries and strawberries will not be more than a half crop. The general failure is caused by the excessive rains, which were unusually prolonged this season.

### Successful Applicants.

The successful applicants at the May examination for teachers in the public schools resulted as follows:

FIRST GRADE.  
 Catherine Martin, The Dalles.  
 SECOND GRADE.  
 Will H. Walker, Kingsley; Hattie Allen, Endersby; Anna B. Thompson and Hester Rusk, The Dalles.  
 THIRD GRADE.  
 Robt. D. O'Brien and J. M. O'Brien, Dufur; Maud L. Starnes and Edna Cameron, White Salmon; Flora Bassoni, Katie Brogan, Margaret LeDuc and Effie L. Wakefield, The Dalles.

### The Crop Outlook.

The bulletin of May 11th, issued by the climate and crop service says that the first ripe Oregon strawberries are reported from Hood River on the 9th inst., a few ripe ones having been gathered on that date. Last year ripe strawberries were reported in the bulletin of May 5th, so that it is seen that there is little difference in the two years as regards, at least, this one product. Reports from Hood River indicate that the weather has been favorable to fruit, including berries. The fruit prospects are good. The weather has affected the fruit but little, except to retard it. The weather has been very favorable to the grain crop; the wheat has stood well and is well rooted. Range grass is improving, and cattle are reported to be in good condition. Sheepshearing continues.

The condition at present gives hope for clearing and fair warmer weather, and if so the most unprecedented period of cloudy, rainy weather on record will close.

### Frank Stice Convicted.

Frank Stice, who was convicted of assault with a dangerous weapon, was on Monday last sentenced to serve two years in the penitentiary. In passing sentence Judge Bradshaw took occasion to give some very appropriate advice, and calling attention to his having been before the court on a criminal charge some years ago for which he was then convicted, and at which time the court informed him that unless he reformed he would land in the penitentiary, he then proceeded to inform him that he was now on a plain road to the gallows. It was remarked by some that the lecturing given Stice by the court was equal to a year's confinement in prison.—Mitchell Monitor.
