ASTORIA IS EXCITED

Thirteen of Her Citizens Said to Be Indicted.

CONSPIRING TO LAND CHINESE

That is the Charge—Some of the Accused Prominent in Political Circles.

ASTORIA, Or., May 21.—A sensation was created here today by the announcement from Portland of the indictment of thirteen Astorians on charges of conspiring to land Chinese. Among the accused are many Republicans, prominent in political circles, and the affair has caused consternation in the party. During the last three years there have been almost 400 Chinese landed in this city, as many as 100 having been landed in one week. The latter consignment was made at the time the steamship Islander visited this port. There are here about twenty-four Chinese firms; some of which, according to the recent importations, have as many as eighty members. During the past year it has been generally believed that much rottenness existed in the Chinese importation business, and today's news was not altogether unexpected.

P. S. Chappelle, the treasury agent, whose investigations have culminated in the arrests, says he has sufficient evidence to secure the conviction of all those arrested. It is understood that this evidence consists in part of the testimony of accomplices, both white and Chinese, who have been promised immunity from punishment in consideration of their services in testifying for the prosecution.

TESLA'S GREAT INVENTION.

Important Discovery in the Art of Electric Lighting.

NEW YORK, May 21.—Nicola Tesla has solved the problem which he set himself many years ago, and which may revolutionize the system of electric lighting. It is, electrical experts say, the nearest to the perfect adaptation of the great force to the uses of man.

In Mr. Tesla's laboratory is a bulb not more than three inches in length, which, when the current is turned into it, becomes a ball of light, and the heat is almost imperceptible. With it, a large room is so lighted that it is possible to read in any corner. Yet this is done without films and without the attachments necessary in existing lights. The rays are so strong that the sharpest photographs may be taken by them. No dynamo is required to produce the current. The bulb is attached to a wire connected with the street current, and there is no danger of a harmful shock in its use.

Stories have come from Mr. Tesla's laboratory that he was experimenting in light of this sort. Rumors of success and failure have followed each other, and his friends were inclined to doubt that he would succeed. Friends who recently visited Mr. Tesla saw him photograph by means of the light. The exposure was but two seconds, in the light of a single vacuum tube or bulb, without electrodes, and having a volume of about 90 cubic inches. The light given was approximately 250-candle power. The photograph was as sharp in outlines as though it were taken in the full sunlight.

Mr. Tesla has recently obtained many photographs in his study of Roentgen rays. He has photographed the heart of one of his assistants so accurately as to note its expansions and its contractions, and he has also been able to locate defects in the lungs of several persons, the presence of tuberculosis being evident.

The Bogus Bishop.
TACOMA, Wash., May 21.—This morn-

ing a man dressed as a Catholic priest, claiming to be Bishop Rupert, called at St. Joseph hospital. Finding Father Hylebos, resident priest, there, he hastily decamped. He is believed to have been at Portland, Astoria and other cities recently under the name of Father Laurent and Bishop of Honolulu.

A MINING HORROR.

Eight Men Entombed Alive by a Cave-in.

Inonwood, Mich., May 21.—Eight men were buried in a cave-in at the Ashland mine this morning. Large crews of men are drifting toward the imprisoned men in the hope of rescuing them.

The buried men are: Ed. Ople, Paul Nichols, Peter Moran, Ed. Vansicus, Beckman, John H. Helman, John Collins, Peter Gura and an unknown.

The men were working at drifting on the third level, 300 feet from the surface, when the cave-in occurred. Captain Thomas Williams rushed to the scene. At that time no great amount of ground had fallen and Williams was able to communicate with the imprisoned men. They were all unharmed and said that with a rope they could be rescued. Captain Williams went for help, but before he returned another huge piece of ground fell and it was impossible to reach the men. It is still possible to communicate with them, however, by signals, and it is known at least some of them are alive.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfeld of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

Through trains on the O. R. & N will run via Umatilla, Walla Walla and Pendleton. Through sleepers, first and second class will run in connection with the Union Pacific, the same as heretofore. A through first-class sleeper from Portland to Spokane, connecting with the first-class sleeper to St. Paul and a through tourist sleeper from Portland to St. Paul, will be run in connection with the Great Northern railway.

E. E. LITTLE, Agent.

A great many people are influenced by what others do, and that is one of the reasons why so many take Simmons Liver Regulator. "I was suffering greatly from Chills and Fever and the more quinine I took the worse I felt. I was told of Simmons Liver Regulator, by a friend in Arkansas, and I didn't need to take much of it until I was entirely relieved."—Byron Bradley, Tallahassee, Fla.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference, but take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
