**JUDGE BENNETT'S SPEECH.**

Judge Bennett's speech at the courthouse last evening was a remarkable one in many respects. The speaker is skilled in subtle argument, and understands how to present his facts in their strongest light, hiding their unfavorable sides and showing a pleasing exterior.

While Judge Bennett can in some respects be complimented upon his effort last evening, we doubt if he carried conviction to many minds. Mr. Bennett declared that the Wilson bill was a much better measure than its predecessor, the McKinley bill. The tariff, he said, is a great humbug. It is a means of highway robbery and takes from the pockets of the West to fill those of the Eastern manufacturers. The East, according to Judge Bennett does not like the West and for every dollar we pay it for manufactured goods it returns not a one. (At this point the speaker failed to remind his hearers of the immense amount of salmon, fruit and wool shipped from the Pacific coast to the people of the East.) The speaker declared that the Pacific coast was nearer England in commercial relations than to the eastern part of the United States.

Mr. Bennett is opposed to manufactures, and said The Dalles should seek to be a commercial city, without the aid of such institutions. He drew a picture of this city growing rich through commerce with the outside world, but was not very specific as to details.

Free silver, says Mr. Bennett, is what the country needs; lots of money, and if it takes too long to coin the silver bullion, set the presses to work and grind out silver certificates. Like all other Democrats, he was very willing to put the tariff in the background and make the financial question the absorbing one.

Mr. Bennett asked for the votes of Republicans, Democrats and Populists; told the Republicans to lay aside their principles and vote for him, but admonished the Democrats to cling to the party standard and vote for the regular nominee.

Judge Bennett is a free trader in practice and belief. His talk about tariff on wool is done to catch the wool-growers vote. The country is looking to Oregon to render its verdict whether or not the Wilson bill has been a benefit or detriment to the country; whether the people want a protective tariff or whether our markets should be open to the competition of the world, our factories closed down and laborers starving.

If you believe the last three years have been prosperous for the country, vote for Judge Bennett. But if not, vote against the system for which he is the exponent.

No county clerk has ever made a better record than A. M. Kelsay. He is certainly entitled to a re-election, and we confidently predict his success next Monday.

Prosecuting Attorney Jayne has made an able, conscientious official. He is zealous in the performance of his duties, and his record will bear comparison with any of his predecessors.

The interests of the state are in good hands when Mr. Jayne conducts the office of prosecuting attorney. He should pole a larger vote even than he did two years ago.

The crowded house that greeted Judge Bennett was a flattering compliment to that gentleman. However widely we may differ from him in politics, he is one of our distinguished citizens, and the community is honored by his nomination. If Judge Bennett is elected, he will carry with him to Washington the good will of all his neighbors.

**The Discovery Saved His Life.**

Mr. G. Caillouttee, Druggist, Bearersville, Ill. says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Blakeley & Houghton's Drug Store. 2

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Satter county, Calif., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. Read what the press has to say in regard to his wonderful power:

**Sacramento, Cal., Record-Union:** The Boy Wonder has been drawing crowded houses at the Metropolitan, many returning the third and fourth nights, and yet they are unable to solve the marvelous power which they have no doubt he is in possession of.

**Examiner, San Francisco:** The Boy Wonder at the Orpheum last night—Mrs. A. Brockway held the audience spell-bound for forty minutes with her wonderful power, somnolency.

**Chronicle, San Francisco:** Standing room has been at par for the last two nights at the Orpheum to witness Charlie, the Boy Wonder.

**Times, Oakland:** The Boy Wonder is proving to be the largest drawing card booked here for months.

**San Jose, Cal., Mercury:** The Boy Wonder has been drawing crowded houses at the Auditorium for the past four nights, and we must say the manifestations as produced through this boy, let them be either spirit influence, mesmeric power or odd force, they are the most dumfounding ever witnessed upon the stage in this city. Many of our oldest citizens stand in amazement and wonder when the various manifestations were being produced, such as playing tunes on various musical instruments, and writing on telegraph instruments, to show the intelligence there is behind this power, everything being in a bright light, and yet these instruments play with an invisible power.
