KATE FIELD IS DEAD

A Well-Known Newspaper Woman Dies.

PNEUMONIA CARRIED HER OFF

She Was in the Hawaiian Islands as the Special Correspondent of the Chicago Times-Herald.

Chicago, May 30.—H. H. Kohlsaat, of the Chicago Times-Herald, received a cable message this afternoon, dated Yokohama, and signed by Lorin A. Thurston, ex-minister to the United from the Sandwich islands, which said: "Kate Field died at Honolulu May 19, of pneumonia."

Miss Field was in the Sandwich islands as the special correspondent of the Times-Herald, and the last heard of her was a letter dated May 4, in which she informed Mr. Kohlsaat that she had been doing a great deal of horseback riding, and that the exercise in the open air had completely restored her health, which, before she went to the islands, had been badly shattered. There were no further particulars than those contained in the dispatch of Mr. Thurston.

THE MOSCOW HORROR.

Fatalities Will Number Between Two and Three Thousand.

Moscow, May 31.—The disaster on the Hodynky plain yesterday is constantly gaining in proportion, as the investigation by the authorities continues. These are made under difficulties, as the recovery of the victims was conducted by hundreds of volunteers, and many were carried away before they were enumerated. Many additional deaths of the injured are occurring, which are only added to the enumeration after some time.

It is said now the fatalities will amount to between 2000 and 3000, but it is impossible as yet to learn exactly the extent of the disaster. The official statement this morning places the dead recovered at 1336, and the seriously or fatally injured at 286. But, in contrast with this official statement, there are 1282 corpses lying this afternoon at the cemetery, besides the many dead and dying that are known to have been removed from the ill-fated field by friends.

Various versions as to the origin of the stampede and crush are current, but the fact to which the most credence is attached is that the wagons laden with the 500,000 souvenirs, which were to be distributed among the people, were proceeding to the Hodynky plain, followed by a multitude of eager peasants, when the attendants, with a view to pleasing the people, threw a number of souvenirs among the crowd.

There was a wild scramble toward the point where they fell, and the news spread like wild fire up and down the throngs of expectant peasants that the distribution had commenced. This resulted in a headlong, pell-mell rush for the booths where the distribution of souvenirs was to have been made later. The arrangement which it was intended to make to keep the crowd in order during the distribution had not been completed at that early hour, and the force on hand was powerless to stem the tide of the crush of humanity. What added greatly to the disaster was the fact that these booths were surrounded by ditches.

The foremost persons in the incoming crowds fell prostrate in these ditches, and the people following them speedily trampled them to death. Others stumbled over their bodies and met the same fate. And so the horror grew. The pressure was so great upon the sides of the booths from the struggles of the mass of mad humanity that they gave way, and hundreds of people were forced into

them through the broken walls. One mounted gen d'arme near the booths was literally crushed to death, together with his rearing and plunging horse.

There were no English people nor Americans among the victims. Many of those who came for the coronation had already left the city, and in any event, tourists attended the fetes only in the afternoon.

WHITELAW REID'S OPINION.

Says McKinley Will Be Nominated on a Square Honest-Money Platform.

SAN FRANCISCO, May 30.—Whitelaw Reid left for the East tonight, after a six weeks' stay at Millbrae. He talked politics to the Chronicle before leaving and gave it as his opinion that McKinley would be nominated for president on a "thorough-going, honest-money" platform. Asked if the Republicans would do nothing for silver, Mr. Reid said:

"The Republicans have always been eager to do everything for silver consistent with preserving the parity of the metals and the soundness of our currency. At that line they always have stopped, and at that line they surely will stop now, and the so-called silver states would be among the first to regret it if they did not."

When asked about the vice-presidency, Mr. Reid said he was not a candidate, and that there were no indications that the nomination was seeking him. He suggested Thomas B. Reed as the ideal Eastern candidate, but asked:

"Why don't you newspaper people here, who are constantly demanding recognition for the Pacific coast, put up a candidate for yourselves? Why not stand together for once and present De Young or Otis?"

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00.
