## DRAWING TO A CLOSE

Business Is Being Rushed to a Finish.

CONGRESS MAY ADJOURN TOMORROW

General Deficiency Bill Was Passed by the Senate—Public Building for Oakland.

WASHINGTON, June 8.—The new deficiency bill, framed to meet the objections of the president's recent veto, was taken up as soon as the senate met today. Before proceeding with it, further conferences were ordered on the Indian and District of Columbia appropriation bills.

Activity and confusion on the floor while the minor measures were hurried through their final stages indicated the near approach of an adjournment.

A large attendance overcame the fears entertained that the senate was to be left without a quorum.

Wolcott asked immediate consideration for a resolution directing the committee on library to investigate the circumstances of the award of the status of General William Tecumseh Sherman, Rohlsmith's design having been selected, and requesting the secretary of war to suspend execution of the contract until the report made at the next session. Allison wanted the resolution to go over, under the rules, until tomorrow. Wolcott suggested that there might not be a session tomorrow. Allison remarked that he thought there would be a session tomorrow.

Hawley suggested that there were two sides to this statue question. The resolution went over.

When the deficiency bill had been read Harris offered an amendment covering the claims under the Bowman act, which had been omitted in the house bill, although there was no specific objection to them in the veto message. Harris said in the former bill the Bowman claims were coupled with the spoliation claims, and he felt no interest in them, but these Bowman act claims, amounting to about \$500,000, had been subjected to judicial scrutiny, and should be paid as much as any obligation incurred by the government. The amendment was voted out of order.

The deficiency bill was then passed as it came from the house.

A letter from the president was read consenting to the withdrawal by the Chickasaw Indians of \$100,000 of their trust fund now in the treasury.

A resolution was passed assenting to the withdrawal.

The bill was passed appropriating \$360,000 for a public building at Oakland, Cal.

A TERRIBLE TERMINATION.

Murder and Suicide the Outcome of a Liaison.

SAN FRANCISCO, June 8.—John W. Hay, aged 26, assistant editor of the Journal of Commerce, was shot through the left breast by Mrs. Mina MacDougall, said to be the wife of a drummer for a Chicago barbed wire company, at the boarding-house of Mrs. Quinn, on McAllister street, at 11:10 o'clock last night. The woman then shot herself through the heart, dying instantly. Hay was removed to the receiving hospital. The doctor says he cannot live.

The shooting occurred in a small back room on the first floor of the house. Hay and Mrs. MacDougall engaged the room Thursday last. They told Mrs. Quinn they were man and wife, and, as he paid cash for a week's rent, she asked no questions and did not even try to learn their names.

Hay, according to the story which he told while writhing in pain on the operating table of the hospital, first met Mrs. MacDougall three weeks ago. He

flirted with her, and a friendship sprang up between them. They were constantly together. Several times the woman told Hay she loved him, and that if he ever tried to leave her it would be his death. Hay paid no attention to her threats. Hay had been with her three days in the room, neglecting his work that he might remain with her, and last night he came to the conclusion that he would return to his home, where he lived with his father and mother. He was lying in bed and the woman was standing beside him. It was then 11 o'clock, and he told her he would go home in about an hour.

The woman asked him if he had decided to leave her, and when he said yes she shot him and then herself. Mrs. MacDougall came here from Portland, Or., May 11th, where she worked as stenographer and typewriter.

Mrs. MacDougall's husband is also said to have operated a restaurant in Seattle, but is now in business in Texas. The woman came here from Portland May 11th.

THE STORM RECORD.

Trees Were Uprooted and Buildings Overturned in Michigan.

LANSING, Mich., June 8.—A tornado struck this city from the west yesterday evening and a terrible wind storm and heavy rain followed. It was the worst experienced here in years. Trees were uprooted and scores of them, some of which were a foot in diameter, were broken off. Several barns and buildings were overturned, and over 400 feet of sheds at the plant of the Michigan State Company were leveled. The rain fell in torrents.

The Storm at Springfield.

SPRINGFIELD, Ill., June 8.—for three hours last night this city was swept by one of the most violent electrical and thunder storms that ever occurred in this section of Illinois.

Many thousands of dollars' damage resulted. The first floors of many residences were flooded. The city was in darkness most of the night. Several alarms of fire added terror to the situation. Thousands of sparrows covered the ground, having been drowned by the deluge. The Sangamon river has risen five feet and still is advancing. There has been great damage in the lowlands.

Four Were Drowned in Minnesota.

ST. PAUL, June 8.—Later reports from points in southwestern Minnesota, which were swept by the great storm Saturday night, show that four persons lost their lives, and property was damaged to the extent of over \$300,000.

Those drowned are: George Andrews; Sabula; H. T. Bulod, Murray county; J. W. Catterson, Ash creek; E. W. Hunter, Adrian.

A Tornado in Missouri.

MEXICO, Mo., June 8.—A tornado struck here yesterday evening, causing destruction to houses, barns, trees and crops. As far as known, no one was injured. The rain fell in torrents, fully six inches covering the ground. Many residences were undermined. The creeks are higher by several inches than during last fall's flood, and communication with other parts of the country is shut off.

It doesn't take much medicine to cure Malarial Fever, provided you take Simmons' Liver Regulator. It is just the remedy for Malaria and all spring ailments. And you don't need to take much of it. "Simmons' Liver Regulator broke a case of Malarial Fever of three years standing for me, and less than one bottle did it. I still use it when in need of any medicine."—C. Himrod, Lancaster, Ohio.

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Calif., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Blakeley & Houghton's Drug store.

ARAZO, Coos Co., Oregon, Nov. 10, 1895.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cents and \$1.00 bottles for sale by Blakeley & Houghton's Drug Store.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfield of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.
