Also agents for the Celebrated Cleveland Bicycle.

**WHY?** have we taken hold of the VICTOR BICYCLE as our leading Wheel.

**Because** after thoroughly testing a dozen different makes, we have come to the conclusion that the VICTOR is the BEST.

**Because** it is mechanically perfect, and while not TOO LIGHT for our bad roads, yet it runs the easiest.

**Because** it has a tire that, while light, is almost PUNCTURE PROOF. (We will repair all punctures free for the season on 1896 Victor Tires.)

We have 1896 Bicycles that list at \$100 that we will sell for \$75, but they are not VICTORS. Our 1896 VICTORS sell for \$100.

For medium grade bicycles, we have the Waverley and Crescents—\$50 to \$85. Good second hand wheels, \$25 to \$50.

Bicycles and Tandems for rent. Wheels repaired. We keep constantly on hand a good stock of compressed air, for inflating tires, and give it away. Get your tires inflated.

#### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

##### "Past Redemption"

At the New Vogt Friday night. Forecast—Today and tomorrow fair and warmer.

The Express Co. last night shipped thirty sacks of peas to Portland.

Hood River shipped 400 crates of berries Monday night and 200 Tuesday night.

The Regulator cigar is becoming a favorite. Mr. Peterson has employed an assistant to help him in their manufacture.

Mr. J. C. Wingfield of 8-Mile reports a frost this morning which injured the melon vines and all tender vegetation in various places.

The mercury registered 42 degrees in The Dalles early this morning. This low temperature indicates a frost in localities near by on elevated ground, though none have been reported as yet.

Fifty or more children assembled at the academy grounds this morning for a picnic excursion. They chose the site of the old cemetery for their pleasure ground, and enjoyed the day in the usual manner.

Cherries are selling at \$1.25 in eastern and Montana markets. Mr. John Klindt shipped eight 10-lb boxes by express last night to Montana. The first cherries of the season were brought in a week ago by Mr. Klindt.

The play tomorrow night by home talent will be a strong one, and no one should miss seeing it. The hall has been fixed so that the auditory properties are very good, and the full strength of the lines will be brought out.

Grand ball tomorrow night at the Baldwin by The Dalles band. This event has been postponed several times on account of other entertainments, and as tomorrow night, the ball does not conflict with any other amusement, there should be a generous patronage extended.

Geo. W. McCoy is still absent with Sheriff Driver at Portland. A postal card came this morning addressed to Driver from McCoy, telling him to take care of a couple of bottles of medicine and a box of pills which he left on a table at the county jail, but the sheriff has not yet returned to follow McCoy's instructions.

The delegates from abroad of the grand lodge convention, I. O. G. T., were much pleased this morning to find a temperance play billed for the opera house during their stay, and they will swell the vast crowd who will witness "Past Redemption" Friday night. The seats have had a tremendous sale today, at Snipes & Kinerly's.

Previous to his departure to St. Louis this evening, Hon. Chas. Hilton gave it

as his belief that the national Republican convention would declare for the gold standard. "While the Republican party is in favor of the largest possible use of silver," said Mr. Hilton, "there can be no such thing as a double standard. One metal or the other must be the standard of value."

#### The Whim of Fate.

When Mrs. E. F. Sharp returned from the funeral of her sister, Mrs. Prevost, who was killed in the Victoria disaster, she told the incidents of that fatal street car ride. Mrs. Prevost and her sister, Miss Evelyn Farrelly, and a family with whom they had been stopping attempted to board the ill-fated car. The family consisted of a man and his wife and two grown daughters. All succeeded in getting aboard but Miss Evelyn, who did not succeed on account of the car being crowded. She stepped around to the side of the car and laughingly told her sister, Mrs. Prevost, of her misfortune and that she would take the next car. This induced the friend with whom they had been stopping and one of his daughters to alight from the car to keep her company, and the car with its occupants left on the journey that meant death to nearly all its occupants.

Mrs. Prevost was drowned, but among the saved was the wife of the friend who stayed back to keep Miss Evelyn company. The other daughter was drowned. The experience of the saved woman is that the only sensation she remembered was a splash, when the car struck the water, and that she knew nothing until three hours later when she found herself in bed with her sorrowing relatives around her. How she was saved she does not know. The above tale shows on what trivial circumstances our lives sometimes depend. Miss Farrelly being crowded from the car, saved her life and that of two of her friends, and the same circumstance brought sorrow to an equal number of individuals of some other family or families.

#### The Log Rolling.

The log-rolling by the Woodmen at Armory hall last night was a grand success, a large attendance being present and a very fine program given. The several musical selections were of a high standard, and the tableaux very prettily conceived and executed. The speech by Hon. John Michell partook of the character of an explanation of the merits of woodcraft, the latter part of the speech being very eloquent. The recitation, "The Storm," by Mrs. Briggs, was much appreciated by the audience, the storm accompaniment lending it added significance. Mr. C. L. Phillips officiated as master of ceremonies.

The stage was beautifully decorated with flowers and potted plants. A solid bank of roses of varied and beautiful colors fringed the stage in front, giving the appearance of the whole stage being covered with them.

The entertainment will result in a largely increased membership of this excellent fraternal and beneficiary order. "Past Redemption" Friday night.

### GRAND LODGE I. O. G. T.

The Grand Officers and About Fifty Delegates Present.

The atmosphere of The Dalles is of a temperate nature today and will so continue for several days, or until the grand lodge I. O. G. T. of Oregon completes its session in The Dalles. Many delegates arrived last night and today from various sections of the state. There are now about fifty delegates here, in addition to the following-named grand officers:

- Grand Chief Templar, W. W. Breeden, Forest Grove.
- Grand Vice Templar, A. A. Kellogg, Medford.
- Grand Secretary, W. S. Hurst, Aurora.
- Grand Councilor, W. M. Shank, Canby.
- Grand Supt. Juvenile, Mrs. J. E. Barnett, The Dalles.
- Grand Chaplain, Rev. Wm. Hoskins, Cascade Locks.
- Grand Guard, Eva G. Bryant, Sunnyview.
- Grand Asst. Secy., A. N. Varney, The Dalles.
- Grand Deputy Marshal, Ella Langley, Silverton.
- Grand V. C. of E. C., H. Newell, St. Helens.

The first session occurred behind closed doors at 2 o'clock this afternoon at the K. of P. hall.

Public exercises will be held tonight at the Methodist church, at which will be given an address of welcome and response. Hon. John Michell will deliver the address of welcome on behalf of the city. An address by Rev. John Wood of the Methodist church of this city will also be made.

The members of the Juvenile Temple will meet at Fraternity hall at 7 o'clock and will march to the church in a body. The following is the program complete.

#### PROGRAM.

### The Salmon Situation.

The strike continues at Astoria, and the lower river is said to be full of fish. A few days ago the fishermen desiring some salmon for their families, went out in boats and secured tons of fish with their nets [the first haul. Enough fish have passed the Astoria fishing grounds to insure a good catch in the upper river all the balance of the season as soon as the river commences falling. When this occurs the fish, which are now said by old fishermen to be lying still in the eddies and quiet places, will commence traveling up stream and will seek the water nearest the shore, enabling the wheels to gather them in. The high water has done no material damage to wheels above as yet, though a few minor accidents have occurred which can be remedied at small expense. The catch has been light so far as a rule, some of the wheels not having paid expenses.

#### Justices and Constables.
