## THE DAY AT ST. LOUIS

### Meeting of the National Republican Committee.

### TO CONSIDER THE SEAT CONTESTS

### Its Decision Will Seat Contesting Delegates Only Temporarily—Probable Financial Plank.

St. Louis, June 10.—The National Republican Committee met at 12 o'clock, with Chairman Carter, of Montana, in the chair. There were very few absentees.

The business before the committee, the consideration of 168 contests, was promptly taken up. The initial meeting was of executive character, the press and public being excluded. The executive committee of the national committee held a meeting today to hear the report of the sub-committee, which made the arrangements for the convention.

The committee had been in session only a few minutes when Richard Kerns offered a motion to admit the press, which was adopted.

It was discovered as soon as the committee announced its readiness to take up the Alabama contests that the parties were not prepared to proceed immediately. A recess was therefore taken until 2 o'clock, when it was announced that the states would be taken up in alphabetical order to hear the contests.

The national committee expects to go thoroughly into the merits of all the cases presented.

The members are of the opinion that the interests of the party will be promoted by a careful analysis of the testimony and a decision in all cases upon its merits regardless of personal presidential candidates' preference, or the prejudices of the contestants upon the financial question. Their decision in favor of any delegation will have only the effect of seating its members for the temporary organization and their work will necessarily be superseded by the committee on credentials, but they hope to perform the task so thoroughly as to leave comparatively little for that committee to do.

The national committee will probably be engaged upon the contests the greater part of the week.

The McKinley men have decided upon C. W. Fairbanks, of Indiana, for temporary chairman, but many members are urging Samuel Fessenden, of Connecticut. Fessenden will not be satisfactory to the McKinley leaders, and if the national committee should name him it might precipitate a contest in the convention. It is possible, however, that everything will be adjusted in the committee.

The trouble about the colored delegates seems to be settled. Chairman Carter has received numerous telegrams from all over the country calling for the removal of the convention if the colored men do not receive fair treatment. The matter will be brought up in the committee today, and Chairman Kennard, of the local committee, will give assurances that the colored delegates will be taken care of.

### A MCKINLEY VICTORY.

St. Louis, June 10.—The entire day's session was given up to the Alabama contests, which involved the seats of the four delegates-at-large and all of the nine districts, except the second, making 22 seats that were in dispute. Of the eighteen delegates whose cases were decided, either by vote of the committee or by withdrawal, 16 are for McKinley and two for Reed. There was no division upon any of the contests, except that made in the case of the delegates-at-large, and this was overwhelmingly in favor of the Vaughn, or McKinley delegates, and against the Mosley, or anti-McKinley men.

### PANIC AT A CHICAGO FIRE.

Sixty Men and Women Trample Over One Another.

CHICAGO, June 10.—Sixty cloakmakers employed at 492 Morgan street were thrown into a panic by fire last evening, and for a time it seemed as though some of them would be trampled to death in the scramble to escape.

Both men and women are employed in the establishment, and when word of the fire had been given everybody made a rush for the stairway. Those on the third floor made their way down to the first, but here they were stopped by employees from the first floor who were afraid to run down the lower stairway which was beginning to burn quite briskly.

Fully thirty-five men and women stood panic-stricken on the stairway, while the flames ascended rapidly. Just as the sheet of fire began licking at the feet of the foremost of those on the stairway one of the men darted swiftly down the burning structure and escaped without a scratch. Those behind him followed in quick succession until all but about three of the employees had escaped.

These three, who were men, remained on the third floor until the fire department arrived and then made their way down a ladder which was hoisted to a rear window. Those in front of the building scrambled to the street by means of another stairway.

The flames were extinguished in a few minutes, as they were confined to the stairway.

### Mosier Items.

### EDITOR CHRONICLE:

Seeing nothing from this part of the country in the late issues of your paper, I concluded to drop you a few items.

Owing to the very cool weather the strawberry crop is ripening slowly, about thirty five crates being the maximum daily shipment from here.

Mr. Thos. Harlan is in Montana looking after the berry crop from his place.

J. M. Carroll is slowly recovering from a very severe illness, and we hope it will not be long until he is again on deck.

C. A. Bryant & Co. are pumping the water out of their silica mine, preparatory to a busy season in that line. Such men are worthy of the highest commendation, as there is no doubt that this article will in time prove to be a valuable product, and we heartily wish the gentlemen, who have gone into the venture, unbanded success.

W. W. Stevenson is erecting quite a residence in the suburbs of Mosier. Appearances would indicate that "Billy" has something on his mind. Wonder if he is not tiring of single blessedness.

Mr. L. Howard, a brother of Mrs. Mosier, is visiting his sister and family.

Our worthy section foreman, Ed. Gibson, is working quite a gang of men, getting the tracks at sand pit in shape for the steam shovel, which would indicate that the company will soon commence operations in that line. Hobo.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

It doesn't take much medicine to cure Malarial Fever, provided you take Simmons Liver Regulator. It is just the remedy for Malaria and all spring ailments. And you don't need to take much of it. "Simmons Liver Regulator broke a case of Malarial Fever of three years standing for me, and less than one bottle did it. I still use it when in need of any medicine."—C. Himrod, Lancaster, Ohio.

If the care of the hair were made a part of a lady's education, we should not see so many gray heads, and the use of Hall's Hair Renewer would be unnecessary.

### Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Blakeley & Houghton, Druggists.

### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1 00.

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Calif., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy, which broke up the cough and cured him. Mr. McFarland says whenever his children have a cough he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Blakeley & Houghton's Drug store.

Blakeley & Houghton desire us to publish the following extract from a letter of Chas. M. Gutfeld of Reedley, Fresno county, Calif., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very bad cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

### These Must Go at Once.

A home with lot, worth \$900; \$750 takes it. Owner leaving city, and must sell. Three lots only five blocks from Court house. Lay in fair shape; \$150 for the three. One fine business lot in heart of city; \$800. Among a multitude of offerings, these three are the very best. Match them if you can.
