

THE PARTY PLATFORM

It Declares for the Single Gold Standard.

ENDORSES POPULAR SENTIMENTS

Senator Teller on the Floor of the Convention Says He is Forced Out of the Party.

St. Louis, June 18, 10:20 a. m.—The platform has been presented to the convention by the committee on resolutions. It declares for the single gold standard, opposes the free coinage of silver, favors protection to American industries, opposes the use of public money for sectarian purposes, favors liberal pensions, is for interposition for peace in behalf of Cuba and for the restriction of foreign immigration to those who cannot read or write.

Senator Teller was recognized by the chairman at 11 o'clock. He said if the platform was accepted as read he will be forced out of the party by the adoption of the plank relating to the single gold standard, and said he might never address a Republican convention again.

The Illinois delegates have agreed to support Hobart of New Jersey for vice-president.

A strong impression now prevails that McKinley and Morton will be nominated.

BEGINNING TO PAK FISH.

The Militia Affords Protection to the Salmon Canneries.

Things are quieting down at Astoria, according to a dispatch to The Telegram from the seat of war yesterday afternoon. The militia is encamped in the custom house and court house yard, and have not been molested.

There is less talk of strike and less sneering about a "4½-cent militia," and more evidences of business. The benefit of the presence of the soldiers is beginning to be evidenced by the resumption of operations by all the lower river canneries. The fishermen are going to work unmolested.

A petition was circulated in Astoria last evening asking for the withdrawal of the militia. The petition drew no attention among the citizens of the town.

The dispatch to this paper this afternoon says that large numbers of men are getting ready to go to work. It says:

"Most of the fish now being packed are brought from the upper river, but each cannery reports this morning that their gill-net men are gradually giving out, and there is every prospect that before many days all the men who want to fish will be openly drifting on all sections of the river. The large quantity of fish now coming over from Baker's bay are being caught by gill-net men, whereas up to two days ago there was not a gill-net in the water below Tongue point."

A private letter received from a militiaman says they are comfortably encamped, but that they are experiencing some little difficulty in accustoming themselves to hardtack, coffee and canned beef.

Forty rounds of ammunition were distributed to each of the men before the Harvest Queen landed at Astoria.

By tomorrow it is thought between 200 and 300 fishermen will be operating their nets. Sensational rumors were published in the morning paper of an attempt by the influential cannerymen to bribe the fishermen to compromise and go to work at 4½ cents.

In connection with the presence of the militia at Astoria it is interesting to note the tone of the alleged news sheets of

the town and how they lash themselves into a furious excitement over the affair. The reproduction in miniature of the headlines of the evening paper that the authorities ordered to cease inciting the fishermen by displaying sensational placards reads as follows:

IMPERIOUS TYRANNY.
The City of Astoria Disgraced by Official Officials.

The Citizens of Our Recently Proud Town Indignant and Angry.

The Action of the Mayor and County Judge Denounced by Nearly All.

Sheriff Hare Was Kept in Ignorance of What Was Going On.

They Appeal to His Excellency to Withdraw the Disgrace From Our Homes.

EARTHQUAKE IN JAPAN.

Over One Hundred Thousand Lives Were Lost.

YOKOHAMA, June 17.—News of a terrible earthquake, involving the loss of over 100,000 lives, has reached here from the island of Yesso, which contains the northern provinces of Japan, including Shirebese, Ohima, Furi, Hitaka, Tokachi, Ishikari, Kirschiro, Teshiwo, Kilam and Nemoro. All these sections of the island seem to be in a more or less shaken condition.

The subterranean disturbance lasted about 20 hours, and during that period the utmost terror prevailed.

Ground rumblings are described as resembling the roar of distant cannon. Shock followed shock almost in uninterrupted succession. In all it was estimated that 150 shocks occurred. It is impossible at present to give accurate details of the disaster, as communication between the mainland of Japan and the island of Yesso, from which the former is separated by the Straits of Tsugaru Saigrppi, is interrupted, or more likely, in the hands of the authorities.

The whole town of Kunaishi, however, is reported as destroyed by a tidal wave, which accompanied the earthquake. The island of Yesso has in the past had several similar visitations, and contains a number of active and extinct volcanoes.

Rumor has it that the number of lives lost and the damage done is far in excess of the figures contained in the first dispatch. A full official report has been asked for and is expected shortly. It is feared that disasters to shipping must have resulted from the tidal wave.

A Steamer Wrecked.

BREXET, France, June 17.—The British steamer Drummond Castle, Captain N. M. Pierie, from Cape town, for London, collided at midnight with an unknown steamer and sank three minutes later with 144 passengers and 108 officers and crew on board.

MCKINLEY NOMINATED

The First Ballot this Afternoon Nominated Him.

A telegram was received at 5:35 this afternoon from Portland that McKinley was nominated on the first ballot.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. How to Cure Rheumatism.

ARAGO, Coos Co., Oregon, Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cents and \$1.00 bottles for sale by Blakeley & Houghton's Drug Store.
