M'KINLEY AT CHURCH

Peace Was Restored at Canton on Sunday.

THE CONGRATULATORY MESSAGES

Peoples Party Advised to Support Teller for President—Militia Called Out at Roseburg.

CANTON, O., June 21.—Sunday has brought temporary peace and quiet to the citizens of Canton. Aside from the profuse decorations that greet the eye on every hand, there has been no sign of the stirring scenes of the past week. It was bright and beautiful this morning when Governor McKinley and Mrs. General Russell Hastings, accompanied by Captain H. E. Ireland, the major's right-hand man, drove to the first Methodist Episcopal church. Governor McKinley, thirty years ago, was superintendent of the Sunday school of this church, while his wife was a Sunday school teacher in the First Presbyterian church, two blocks west, in which they were married twenty-five years ago. The church was crowded with Governor McKinley's fellow-citizens, and the members gave him a warm greeting. Fifty newspaper reporters were present. The pastor, T. P. Edmunds, chose for his text "Make your calling and election sure, for if ye do these things, ye shall never fail." Dr. Edmunds made his sermon personally applicable, and he referred in a happy manner to the result of the St. Louis convention last week.

THE POPULIST CHOICE.

People's Party Advised to Support Teller for President.

ST. LOUIS, June 20.—As the result of a series of conferences between a committee appointed by the seceding silver men of the national convention, and a committee composed of prominent Populists, an address was issued tonight from the headquarters of the people's party national committee in this city, advising Populists throughout the country to make Henry M. Teller of Colorado, their national standard-bearer.

Chairman Taubeneck, in an interview, said tonight: "The seceding silver men of the Republican party and the Populists have, as the result of our conference, come to a perfect agreement as to the future, and we will work along the same lines." He predicted victory for a ticket with Teller as its leader.

Immediately after the silver men walked out of the convention, they appointed a committee, of which Charles H. Hartman, of Montana; Senator R. F. Pettigrew, of South Dakota; Senator Cannon of Utah, and Senator Fred T. Dubois, of Idaho, were members, to confer with a committee of Populists. That evening, at the Planters' hotel, they met H. F. Taubeneck, of Illinois; Howard S. Taylor, of Chicago, and T. M. Patterson, Denver, of the national Populist committee, and as a result of that and subsequent conferences, the address was issued.

Militia Called Out at Roseburg.

ROSEBURG, Or., June 20.—Upon request of the mayor, Governor Lord ordered out the militia here last night to protect prisoner James Dixon, who shot and killed Charles Rice, on the 14th, from the mob who, hearing that the jail was well guarded did not come. Sheriff Cathcart took the prisoner to Eugene for safe keeping on the northernbound overland. Having walked a short distance Cathcart signaled the train and getting aboard with his prisoner, was soon beyond the reach of the would-be lynchers.

The first intimation that an attempt would be made to lynch Dixon was last night, when John Dixon, a brother of

the murderer, rode into Roseburg and informed the sheriff that a large mob was forming at Blakeley's, the scene of the crime, with the intention of proceeding to Roseburg and demanding the prisoner.

The sheriff and his deputies at once made preparations for defending their charge, but at last, fearing that the mob would be too strong for them to cope with, a consultation was held with the mayor of the city, which resulted in a request being made upon Governor Lord for aid.

The crime for which Dixon is awaiting the trial was the murder of Charles Rice at a ball game near Blakeley's on Sunday last.

The two young men were old enemies, and their quarrel was reopened over a decision concerning the game, when after a few hot words between them, Dixon drew a revolver and fired twice at Rice, both shots taking effect, and resulting in the instant death of the young man.

LEPROSY IN UTAH.

Discovered in a Kanacka Settlement in Toole County.

SALT LAKE, June 20.—The Herald prints a story this morning saying that several well-developed cases of leprosy have been discovered in the Kanacka settlement of Josepha, in Toole county, about 70 miles west of this city. A representative of the Herald visited the little settlement and found leprosy prevalent in the Peters family, a 16-year-old girl named Bessie being the most seriously afflicted. Her limbs are shriveled beyond description and covered with the "maculosa," or white blotches, which mark the eruptive form of the malady. Several other cases were discovered in the settlement, but in a less developed stage. The inhabitants of the settlement were very reticent, and it was difficult to get particulars touching the other cases. The county authorities are taking measures for a thorough investigation. Bishop Cluff, who lives in the vicinity, admitted that leprosy had prevailed there for some time, but denies that it is contagious. He says he has lived with the lepers here and on the island for some years, and has no fear of taking the disease.

THE MILITIA RETURNS.

Astoria Girls Were Sorry to See the Soldier Boys Leave.

ASTORIA, June 21.—Members of the National Guard, to the number of 350, left for Portland this evening, leaving two companies of infantry and 20 men from battery A, with two Gatling guns, in this city. While there is general rejoicing over the adjustment of the differences between the cannerymen and the fishermen, the departure of the militia is much regretted. During their short stay here, the boys in blue, by their gentlemanly demeanor, made many warm friends, who would eagerly have embraced an opportunity to extend hospitality, had it been possible to enable the men to mingle freely with the citizens.

The Fishermen's Strike is Ended.

ASTORIA, June 20.—At a meeting of the fishermen's union tonight the strike was formally declared off by a majority of fifty-seven in a total vote of 450. In anticipation of this the men have been applying all day at the canneries, for their nets. The militia will probably be relieved within a day or two.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
