## SPAIN'S STANDPOINT

The Cuban Situation as Seen in Madrid.

### SELFISH MOTIVES SUSPECTED

United States Accused of Wanting to Annex Cuba—What the War is Costing Spain.

MADRID, June 24.—Public opinion in Spain, as in Europe, and even in America, does not recognize in Cuba, particularly among some of its inhabitants, the condition necessary for the constitution of an independent state. For this reason one infers that at the bottom of the whole affair, the United States seeks the annexation of the island. And if Mr. McKinley has not foreseen such an eventuality, which is not admissible, he has, from a political point of view, stopped half way.

Political opinion in Spain is not disturbed by the announcement that our people will fulfill the duties demanded of them by patriotism, without worrying themselves over the result. But even if it is not so, the Spaniards know perfectly well the great difference between the declarations contained in a convention platform and their execution later in the White House, where they are found to be difficult, even impossible of accomplishment. The promise of a convention platform has to be rectified, curtailed, abandoned, according to time and circumstances.

The responsibilities of power lie heavily on all public men in all countries, and especially when, as happens in the United States, the executive is independent of the nation and congress. Nor do the Spanish people fail to recognize in the admirable constitution of the United States, among other advantages, the peculiarity of having its organism so well balanced that ample time is given for reflection. We count therefore, not only on the spirit of justice, ever alive in the United States, but also upon the inevitable current of future events.

**Appalling Array of Figures.**  
SANTIAGO DE CUBA, June 24.—The failure of Spain to conquer the Cuban patriots, besides being proved by the continuous defeats of the troops in the field of battle, the lack of money in her treasury and public credit she enjoys, is also as plainly seen by the supreme effort made in sending money, men and war material to Cuba since the beginning of the struggle, with such poor success. In March, 1895, Spain sent to Cuba \$500,000; in April, \$400,000; in May \$1,521,000; in June, \$1,800,000; in July \$700,000; in August, \$1,600,000; in September, \$1,400,000; in October, \$700,000; in November, \$1,700,000; in December, \$4,000,000; in January, 1896, \$2,000,000; in February, \$3,000,000; a total of \$19,321,000.

From March, 1895, to April 10, 1896, Spain had sent to Cuba 40 generals, 562 chiefs, 4768 captains and lieutenants, 3396 sub-lieutenants, 112,560 corporals and soldiers, 143 cannon, 50,111 rifles, 500 bayonets, 23,124 cases of canister shot, 61,878,368 cartridges, and 72,326 kilograms of powder. These figures are taken from El Liberal, one of the first newspapers of Madrid.

### DEMOCRATS OF OHIO.

They Demand the Free Coinage of Silver.

COLUMBUS, O., June 24.—The Democratic convention was called to order at 10:30 by Chairman Smalley. The temporary and permanent chairman and all officers of the convention were radical silver men. The gold minority complained of its treatment. Temporary Chairman Taylor has been a radical silver leader. General A. J. Warner, the permanent chairman, was the pio-

near free-silver man in congress, and has been president of the American Bimetallic League since its organization in 1890. Warner has not been co-operating with his party because of his opposition to Cleveland, Carlisle, Brice and Campbell on the financial question, and is now favorable to Teller.

Hon. William A. Taylor, who was at the head of the Democratic state ticket as candidate for secretary of state in 1892, and came within less than 1000 votes of election, was introduced as the temporary chairman. In a lengthy keynote speech he did not refer to anything except the silver question.

After Taylor had finished, Reuben Turney of Tuscarora county was recognized. He threw the convention into a turmoil of hisses and derisive shouts by saying: "Looking down on the convention is that arch traitor, that Benedict Arnold of Democracy, Grover Cleveland."

He wanted his portrait removed. For some moments Turney was hissed. He finally moved that A. W. Patrick, who represented the minority report on the resolutions for silver last year, be invited to the stage. This caught the silver men and the motion carried.

### IN TELLER'S BEHALF.

Thomas Carter is Working for the Silver Senator.

CHICAGO, June 24.—Senator Thomas Carter, of Montana arrived in the city yesterday, and left in the evening for Washington. He held a long consultation with Senator Lee Mantle, which is said to have dealt with the prospect of securing an endorsement of Senator Teller's candidacy at the approaching Democratic convention. Senator Carter said in case the Democrats put up a man whom the silver people could conscientiously support, Senator Teller would probably withdraw. He declined to say what course he would follow, remarking that events would shape that.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
