## WHY THEY REMAINED

Montana Republican Delegates' Action Explained.

WERE NOT INSTRUCTED TO BOLT

Senator Mantle Thinks the Democrats Should Nominate Teller—Gorman Will Not Go to Chicago.

CHICAGO, June 26.—The Record this morning prints an interview with Senator Lee Mantle, of Montana, who is stopping at the Auditorium, in which he says that Senator Teller should be nominated for the presidency by the Democrats at Chicago. When asked if he was in full sympathy with the silver men who walked out of the St. Louis convention the senator replied that he certainly was. Continuing he said: "The circumstances surrounding the delegation from Montana were somewhat different from those of Idaho and Colorado. In those states they were practically instructed to bolt, while the Montana state convention voted down a bolting instruction. Hence five of the six delegates from Montana felt that they would best be reflecting the wishes of their constituents by reserving all their rights and relegating the whole matter back to them to determine for themselves what their action shall be. So far as I am advised this course seems to have met the approval of the great body of Republicans of my state."

When asked if he endorsed the candidacy of Senator Teller for the presidential nomination, he said:

"I do, most emphatically. In my opinion he is at this time the only man in the public mind which can draw to himself the full strength of the bimetallic sentiment of the country, and unless the full strength of the movement can be concentrated upon one man, defeat is certain."

"Do you think a silver Democrat could win?"

"I do not. In the first place it is only upon the issue of bimetalism as opposed to the gold standard policy of the Republicans that the Democratic party has the slightest chance of success in this campaign. With the silver question out, it would be a waste of time for the Democrats to hold a convention even. The silver question assumes an importance which at this time overshadows everything else."

He then said that the issue upon which the coming political contest must be fought is not distinctively a Democratic principle or a Populist principle or a Republican principle, and concluded as follows:

"The Populists and silver Republicans jointly will, I think, number at least 3,000,000 votes—nearly or quite one-half of the votes necessary to bring success. It is useful for our Democratic friends to say that these people are not honestly for bimetalism if they refuse to support a Democrat. The fact remains that many of them will not. The reasons are numerous and not difficult to explain."

"The question arises, 'Will the Democratic party in convention take note of these varying conditions and take for a standard-bearer the only man who, it seems to me, can at this time weld the bimetallic forces of the country into a homogenous mass and lead them to victory?'"

"Senator Teller has formally renounced the Republican party, so that in supporting him no Democrat need fear that he is voting for a Republican. He stands preeminently as the great champion and defender of bimetalism in this country. Bimetalists everywhere look upon him as their leader. He possesses in the fullest degree every neces-

sary attribute of learning and experience and ability for the discharge of the great office of president. His record is absolutely clean, and his personal character is above reproach. He is acceptable to the Populist party, although he differs from them in many ways, and without their indorsement the Democratic candidate cannot possibly be elected. No other candidate could attract the full Republican silver strength, which lies mainly in states absolutely essential to the success of the silver candidate."

"With him as their nominee I firmly believe the Democrats can snatch a victory from what, up to the meeting of the national Republican convention, was the most hopeless prospect which ever confronted a political party."

MOSIER, Or., June 25, 1896.

EDITOR CHRONICLE:—

Mrs. Hughes of Montana is visiting her friend, Mrs. A. L. Daggett.

Miss Katie Davenport returned home this week from Eastern Oregon, where she has been teaching.

Mr. G. L. Carroll completes his term at No. 52 this week.

Mr. F. M. Hunter and wife returned to Portland on Tuesday, after spending about a month on their ranch here.

Constable Urquhart of your city visited our burg last week on legal business.

Mr. E. H. Crosier's wife and the Misses Gist returned to Hood River on Thursday. Mr. Crosier goes to La Grande to take charge of some property there.

Your correspondent has not learned of any move being made towards celebrating our natal day in this place, except a ball to be given on the evening of the 4th.

Wonder if the late nominations at St. Louis had anything to do with the building boom that seems to have struck this place? Several new buildings are under process of construction.

The lawn social and strawberry festival given at the residence of Mrs. Mosier on the 20th, although lightly attended, was hugely enjoyed by all present. After a feast of berries, cream and cake, music and games ruled the hour.

The last consignment of strawberries was shipped last Monday. The shippers, Messrs. Crosier and Cramer, gave an open-air dance at the latter's place as a fitting wind-up for their pickers and any others who wished to attend. Messrs. Roberts, Hunter, Bennett and Stevenson furnished the string music, accompanied on the organ by Miss Maud Smith and Mrs. J. N. Mosier. The festivities were kept up until old Sol was about to appear over the hills, when the crowd dispersed, everyone voting that a most enjoyable time had been passed.

On account of the railroad company not providing an agent here and better facilities for the people who have business to do in the way of shipping their products, several of our leading men are talking strongly of getting the boat landing in shape for use. There is likely not another community with the same population on the line of any railroad in the state, that is treated with as little consideration by a railroad company and yet transact as much business with the people as the company does with the residents of Mosier.

Having heard considerable speculation as to who "Hobo" was, I change my nom de plume. Novus Homo.

Anheuser beer on draught at the Midway.

Through trains on the O. R. & N will run via Umatilla, Walla Walla and Pendleton. Through sleepers, first and second class will run in connection with the Union Pacific, the same as heretofore. A through first-class sleeper from Portland to Spokane, connecting with the first-class sleeper to St. Paul and a through tourist sleeper from Portland to St. Paul, will be run in connection with the Great Northern railway.

## DR. DARRIN IN THE DALLES

Will Be Here Until the 2nd of July.

HE IS AN EMINENT SPECIALIST

His Success in Treating Disease Simply Marvelous—List of Indorsements From People Who Have Been Cured By Him

We are pleased to announce that there is a physician in The Dalles—not simply a medical practitioner, but a physician of a very high order of merit, a scientist—one whose years of close study, close observation, close practical experience has enabled him to draw not only testimonials but the highest personal indorsements from the leading men of the country—congressmen, judges, etc.—and whose success in the medical field is today without a parallel. We allude to Dr. Darrin, who has offices at the Umatilla House.

Dr. Darrin has an enviable rank in his profession as a wonderfully successful physician. He is essentially original in his method of practice, and those who have been under his treatment are surprised at the newness and novelty of his system of practice by electricity. His honest and straightforward advice before taking a case has won for him the confidence of his patients as well as the general public. The doctor is a gentleman of genial social nature, and his private practice is marked by the formation of a personal friendship with those with whom he comes in professional contact. He is without doubt one of the most thoroughly qualified physicians now before the public, as his wonderful cures can testify.

Ed. Hynes, Albina, Ore., catarrhal deafness; restored.

F. C. McFarlane, Vancouver, Wash., sciatic rheumatism; cured.

Thomas Buff, Mocksburg, Ore., dizziness, kidney and liver complaint; restored.

J. R. Cunningham, Wapinitia, Wasco county, Ore., total deafness two years in one ear and partially so in the other; cured.

Mrs. J. E. Smith, Prineville, Ore., nervous debility and general weakness, almost bordering on insanity; restored. Benson McCoy, The Dalles, Oregon, deafness and terrible pain in the ear and head for six months, until he was nearly crazy; restlessness and insomnia. Restored to health by electricity after all other treatments had failed.
