THE GOLD STANDARD.

The fact cannot be too often repeated that the declaration of the Republican party in favor of the gold standard simply means the maintenance of a thing that already exists. It is the free silver people, says the Globe Democrat, who propose to make a change and establish a new standard. They are against the present currency system, and anxious to substitute for it one under which a different kind of money would be used for the payment of debts and wages and the transaction of the country's business. The Republicans believe in keeping things as they are in that respect. That is to say, they hold that we now have sound and satisfactory money, and that it would be foolish and disastrous to throw away this advantage. It is not proposed to eliminate silver from the currency and prevent its use for commercial purposes, but only to so limit the amount of it that it can circulate freely at par with gold. Any intelligent voter can readily comprehend the distinction and the reason for making it. We have absorbed as much silver as we can carry with safety, and the Republicans are opposed to an increase of it that would inevitably unsettle values, depreciate the currency, and force us at an inferior standard.

It is not true, as the free silver orators practically assert, that the Republican party is seeking to make gold the only form of money in the country. On the contrary, it merely insists that other forms of money shall be kept as good as gold. There should be no objection to that from any man who has the prosperity and welfare of the country at heart. There cannot be two standards of value at the same time, and the Republicans contend that the one which now exists, and which is known to be safe, should not be exchanged for one that would be unsafe and in every way mischievous. The silver element now in the currency is freely accepted because it is on a parity with gold, and the Republicans wish to continue it in service on that basis; but they are against the free and unlimited coinage of it because that would destroy the parity and flood the country with a depreciated circulation. It is not a question of dispensing with the use of silver, but of adapting the volume of it to the conditions which govern its value. The limit of safety in the coinage of such money has been reached, and the Republican party says that we should have no more of it when the result would certainly be a stupendous misfortune. That is what is meant, and all that is meant, by the maintenance of a gold standard.

Belva Hogue's Body Found.

About midday Saturday Louis Neil, who had made a trip to his ranch, which is situated some six and one-half miles down the river, found the body of young Belva Hogue, who was drowned on Tuesday, June 16, near the water's edge, in a very decomposed state. He lifted the body from the river and immediately procured a vehicle and had it conveyed to the morgue. The boy cannot be recognized and the mother, though somewhat relieved at his body having been

recovered, refuses to be fully reconciled. The boy's father has not yet been communicated with and is, consequently, still in ignorance of the family's loss. The funeral took place from the morgue at 9 o'clock Sunday morning.—Pendleton Tribune.

Delicate Surgical Operation.

Last week Dr. Pilkington performed the most delicate operation known in surgery. The operation consisted of cutting open Les Perrin's eye ball and extracting the lens and also clearing out a comparatively large pus abscess in interior of eye. The trouble was caused by a piece of exploding gun cap some 5 weeks ago, and was aggravated by another accident which occurred during his sleep. Dr. Pilkington did not expect the operation to restore sight, but did it with the hope of saving the other eye which was threatened with sympathetic trouble, also to relieve the agonizing pain. The good eye is now out of danger, the pain has all gone, and there is some prospect for a very dim sight in the affected eye. Dr. Pilkington was helped by Dr. A Witham, of Grass Valley, who administered the anaesthetic.—Antelope Herald.

THREW HIS CRUTCHES AWAY.

Engineer W. Hayes, of the Southern Pacific Cured.

MR. EDITOR, DEAR SIR:—I hold it to be a duty, as well as a pleasure, to make known through the press that which of all other things is essential to most, viz: The way to cure pain and sickness. From December 1st to the 20th I was confined to my house with sciatic rheumatism, kidney trouble and inflammation of the neck and bladder and general indisposition. Could not sleep more than an hour at a time. All means I tried proved unavailing. I was prompted to visit Dr. Darrin through the advice of my friends who had been cured by him, though I must say I had little faith that electricity would cure me. I came to the doctor on crutches. Two weeks' treatment has cured me, so I've thrown away my crutches and my other complaints have all disappeared, so I can now take command of my engine again.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c. and \$1.00.
