

REBEL CHIEF'S DARING

Maceo Visits Havana in Disguise.

INTERVIEW WITH COL'R RYAN

Says He Will Continue to Fight Spain Until Cuba is Free—American Filibusters at Matanzas.

New York, June 29.—William Ryan, collector of internal revenue for the eastern district of Virginia, who was released from quarantine Saturday, said that in Havana he had a personal interview with General Antonio Maceo, the commander-in-chief of the insurgent forces stationed in Pinar del Rio province. According to Mr. Ryan, General Maceo was in the very heart of Havana last Monday, and more than that, had his picture taken and handed a copy of the same to Mr. Ryan so that he might show it to the president and to General Lee. Maceo came to Havana, and the place of meeting, Maceo was in disguise. He was dressed like a poor peasant. He was in perfect health and hopeful of success for the Cuban arms.

"Yes, I saw General Maceo," said Mr. Ryan. "I had a long talk with him. Yes I told General Lee all about it, and he knows what Maceo told me."

Mr. Ryan was asked whether he asked General Maceo if he was in favor of annexation of Cuba.

"I did mention this to him," said Mr. Ryan. "His reply was: 'I am a soldier. I am here to make war. I am going to continue to fight Spain until Cuba shall be free. I know nothing about diplomatic relation.'"

During the interview General Maceo was surrounded by three of his commanders who had accompanied him to Havana.

"I think he came to Havana to see some of the leaders of the revolutionary party," said Mr. Ryan. "He was awaiting news from the United States. He said he hoped the United States would recognize the Cubans as belligerents."

"Our only hope lies in the action that may be taken by your country," is what General Maceo told Mr. Ryan.

Another important feature of Mr. Ryan's trip is that he personally visited the trocha unknown to General Weyler, and he intimates that General Lee, too, has seen the trocha.

An expedition of 100 filibusters landed in the Cardenas district of Matanzas. It is understood most of them are Americans. The expedition was protected by a numerous band of insurgents. The troops attacked the enemy and inflicted a loss of twenty-three killed upon the protecting party. Two large boats used in landing an expedition have been found at Punta Maya. They are believed to be from the Three Friends.

HOPE IS ABANDONED.

The Entombed Coal Miners Cannot Be Rescued.

WILKESBARRE, Pa., June 29.—Excitement at the Twin shaft in Pittston, where nearly 100 miners are entombed, continues today. At the mouth of the shaft, besides the wives and children of the entombed men, there are hundreds of persons, not residents of Pittston alone, but visitors from Scranton and Wilkesbarre. The wives and children of the entombed men stand near the opening of the death chamber urging the rescuers to greater efforts.

Practically nothing has been accomplished toward the recovery of the men. There is scarcely an old miner about the opening of the mine who does not believe the men are all dead. The rescuing party which went into the mine about 1 o'clock came out at 7. The foreman reports that the timbering is going on as rapidly as possible. The work is necessarily slow, owing to the danger of

falling rocks loosened by the explosion. It is hardly possible that actual digging will begin before late this afternoon. If the slope is not completely choked with debris, the rescuers may possibly be able to reach the men within twenty-four hours. Otherwise it may be two or three days.

The damage to the mine is estimated at \$25,000, and the expenses of getting the bodies out may reach \$20,000. The company is censured for sending the men into the mine when it was in a dangerous condition. In answer to this the company said they either had to or close the mine, which would have meant the loss of all the capital invested.

Water has been pouring into the slope and threatens to drive out the rescuers. It is thought to be surface water, and will soon cease flowing, while others think the water comes from the Susquehanna river. If it is the river water, the whole mine will be flooded in a short time, and it will be months before the bodies can be got out.

CURES BY ELECTRICITY.

Card From Mr. Austin Telling How His Wife Was Cured of Total Blindness.

THE DALLES, Or., June 28, 1896.—MR. EDITOR:—Hearing of Dr. Darrin's advent in The Dalles, I wish to make known what he has done in my family. Eight years ago my wife was totally blind from what the doctors called "nervous abhorrence of sight." In that condition she visited him and was cured, so she could see as well as ever in her life. I know of hundreds who have been as miraculously cured. I am employed on the railroad and stopping at the Umatilla house when in The Dalles, and can be referred to. I most earnestly recommend the afflicted from whatever cause, to consult Dr. Darrin. It will not be out of place to say the doctor performs his cures by electricity in the majority of cases. W. H. AUSTIN.

Dr. Darrin will remain in The Dalles at The Umatilla house until July 3d.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
