

NOMINEE AT CHICAGO

Stevenson May Be Named for President.

JONES OF NEVADA WAS THERE

Bland's Friends Calling on Boies With Assurances of Friendship—Other News.

CHICAGO, July 4.—Considerable personal feeling has been aroused by the appearance of Governor Boies, and the managers of other leading candidates openly declare that it is contrary to precedent for a candidate for the presidency to personally attend a convention.

Some administration Democrats are advocating nomination of Adlai Stevenson for president. They have as yet received no encouragement from the silver advocates and are, to all appearances, making no headway. Governor Altgeld said Stevenson could not carry a single silver state.

It is settled, as far as anything can be, that the national committee will not name Hill for temporary chairman. It is also certain that the silver men will not accept Hill and will probably vote in a temporary chairman of their own.

Senator John P. Jones, of Nevada, is among the recent arrivals. He is ranked as a Populist, but he has been circulating among the silver Democrats. He tells them that if they will only nominate a silver man upon whom all the silver men can unite he will be with them for the nominee.

"What we want," he said, "is the unification of the silver forces. The Democratic party has an opportunity now to put itself in condition to control the affairs of this country for forty years, but if it fails to avail itself of the opportunity offered it is doomed."

Senator Jones had a long conference with Governor Altgeld during the afternoon.

There are about a half dozen delegates in the New York delegation who are giving Messrs. Hill, Whitney and Flower no little trouble on account of their predilections in favor of silver. They are headed by C. L. Lockwood, of the thirty-second congressional district, who openly defies the leaders, saying he will vote for a silver candidate and a silver platform if he gets the opportunity. The silver men from New York and Pennsylvania are preparing to act together.

Senator Cockrell, of Missouri, called on ex-Governor Boies today to pay his respects to the Iowa candidate. Senator Cockrell says he went as Mr. Bland's representative, and assured Boies that it was a friendly competition that they were engaged in and that they were anxious for silver first, and then to secure the most popular man for president.

Editor Holden, of the Cleveland Plaindealer, who is a delegate-at-large from Ohio, says that he will offer a resolution endorsing Teller for secretary of the treasury, if no other delegate makes any such proposition.

A BRAND-NEW BOOM.

Wharton Barker an Aspirant for Presidential Honors.

PHILADELPHIA, July 2.—Wharton Barker, the Philadelphia banker, and a Republican free-trader and free silverite expects to be nominated for president by the Democratic convention at Chicago. John Lorimer, member of the Manufacturers Club, and a well-known builder of textile machinery, said in talking about the Barker boom:

"Mr. Barker, if nominated by the Democrats on a straight bimetallic platform, would certainly be elected. I have talked with prominent men from different sections of the country, men of all shades of political belief, and firmly believe that Mr. Barker would be elected. I have been in close touch with manufacturers, and I tell you they want bimetalism. I think Mr. Barker will secure the nomination. We have information that the leading silver men look kindly upon his candidacy. I believe Mr. Barker to be the man destined by the Almighty to lead us out of the wilderness and I shall support him for the presidency in every way possible."

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
