

OVERWORK —INDUCED— Nervous Prostration

Complete Recovery by the Use of
Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and manifested all the symptoms of a decline. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my children would have been fatherless to-day had it not been for Ayer's Sarsaparilla, of which preparation I cannot say too much."—H. O. HINSON, Postmaster and Planter, Kinard's, S. C.

Chance to Exhibit Our Resources.

During the first week of September, 1896, the national encampment of the G. A. R. will be held in St. Paul and the Knights of Pythias convention and carnival in Minneapolis. At the same time will occur the Minnesota state fair and Northwestern exposition, midway between the twin cities. A one cent a mile rate will be available for all these events from the great states south and east of St. Paul. This will result in bringing from 150,000 to 300,000 visitors to the state fair, concentrated from states in the union. It was an event of a similar character that started the great immigration and developmental movement in California in '86-'87. An opportunity now exists to accomplish the same result for the states of the Northwest and turn the great movement of immigration northward.

The State Fair Association has set aside a space 100x300 feet in a large building immediately west of the grand stand, to be devoted to exhibits of the products of the Northwest. This building is paved with asphalt, splendidly lighted, well protected, and most excellently adapted for an exhibition of the mineral, agricultural and forestry resources of the Northwest, and such exhibits made at that time will be most advantageous in obtaining the immigration which we are all working to secure. The Minnesota State Agricultural society invites the states, cities, counties and individual citizens of the Northwest to make exhibits of their respective resources in this building. Space will be assigned gratis and admission tickets to the grounds will be issued free to those actually in charge of the exhibits. The fair management will also co-operate in every other way it consistently can to assist in this most worthy cause. Anyone interested in this work may correspond with D. R. McGinnis, vice president, or E. W. Randall, secretary, St. Paul, Minn.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:
