

TURNING GRAY AND THREATENED WITH BALDNESS

The Danger is Averted by Using
AYER'S HAIR VIGOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Avoca, Neb.

Biographical of Bryan.

William Jennings Bryan was born in Salem, Marion county, Ill., March 9, 1869, entered public school when 15 years of age, spending his vacations on the farm. In the fall of 1875 entered Whipple academy at Jacksonville, Ill; entered Illinois college at Jacksonville in 1877, completed a classical course and was graduated with the highest honors in 1881; attended Union college of law at Chicago for two years, during which time he was connected with the office of ex-Senator Lyman Trumbull. Began the practice of his profession at Jacksonville; removed to Lincoln, Neb., October 1, 1887, and became a member of the firm of Talbot & Bryan. He never held an elective office prior to his election to congress. Was elected to the 52d and re-elected to the 53d congress as a Democrat, receiving 13,784 votes, against 13,644 votes for Allen W. Field, Republican; 86 votes for R. W. Maxwell, Populist, and 2409 votes for Jerome Shamp, Independent.

Bryan exceeds but 16 months the age limitation placed by the constitution upon presidential candidates, it requir-

ing the man must be 35 years of age. After his declination to run again for congress from Nebraska, Bryan purchased an interest in the Omaha World-Herald, and has since been considered its editor on financial and political questions. Bryan's refusal to run again for congress was on account of his bitter disagreement with President Cleveland on the money question; Bryan issuing a manifesto in which he bitterly arraigned Cleveland and his administration.

WANT TWO STANDARDS.

English Bimetallists Convene in London—Want Silver Re-monetized. LONDON, July 13.—The Bimetallic League of Great Britain held its annual meeting today. Its annual report declares the cause of international bimetalism has made substantial progress during the year both in Great Britain and abroad. It mentions the resolutions adopted by the chamber of deputies of France, the chamber of representatives of the Belgium and Prussian diet, declaring for bimetalism, and continues:

"In the United States all parties and classes would welcome international bimetalism. A large section of the people there however, are strongly convinced of the urgent necessity for re-monetizing silver and they are indisposed to wait for international agreement. No party of any importance in the United States favors gold monometalism."

The report concludes as follows: "Responsibility for the present and growing dangers to the industrial life of the nation rests upon those who oppose the monetary system under which our prosperity advanced by leaps and bounds."

A letter was read from Lord Aldenham (Mr. Henry Hucks Gibbs), president of the league, in which he congratulates the members upon the great progress made in the United States. "Tis indeed a striking fact," Lord Aldenham wrote, "that this question, which some here affect to treat with contempt, should be, apparently, the main political question before a nation of 70,000,000 people."

Lord Aldenham also alludes to what he terms the ignorance of the London press upon this subject. "They joined," he said, "the chorus for honest money, but fully believing these words are applied in America to gold monometalism and not as they really are to international bimetalism. Whatever may be the result of the presidential election," Lord Aldenham added, "we may be sure that our cause generally is prospering."

The meeting was largely attended. Robert Barclay, of Manchester, presided. A letter of regret was read from A. J. Balfour, first lord of the treasury, who said that only illness prevented him from being present.

General Francis A. Walker of Boston, Mass., made a speech which was greeted with enthusiasm. General Walker gave reviews of the silver question from the American standpoint. He said the all-engrossing topic in the Republican national convention at St. Louis was the currency question. "Governor McKinley," he said, "was never a gold monometalist, and could not be if he tried." General Walker read the St. Louis resolution on the currency issue, and the Boston resolution regarding the gold standard, both of which were heartily cheered.

General Walker continued: "Tis deeply to be regretted that millions of our best citizens as represented at the Chicago convention last week declared for the free coinage of silver at the ratio of 16 to 1 without waiting for the action of other countries. This was done passionately, but the effect will be to maintain the gold standard unimpaired."

Mr. J. W. Brown, editor of the "Mineral Age," Warrior, Ala., says: "After a trial of Simmons Liver Regulator I find it an excellent remedy for expelling Malaria from the system; and, as a remedy for disease in incipient states it cannot be excelled, and no family should be without it." This is a strong endorsement for Simmons Liver Regulator, but none too much so.
