### NATIONAL REPUBLICAN TICKET.

For President, WILLIAM M'KINLEY, Ohio; For Vice-President, GARRET A. HOBART, New Jersey

For Presidential Electors, T. T. GEER, Marion County; S. M. YORAN, Lane; E. L. SMITH, Wasco; J. F. CAPLES, Multnomah

### SENATE CONTROL ASSURED.

For the benefit of those who may be in doubt about what will be the political complexion of the next United States senate, figures have been prepared by the American Protective Tariff League showing that a Republican majority in the upper house of the fifty-fifth congress is assured. There are four states where Republican senators to succeed Democratic members seem certain of election. In two states Republicans have already been elected to the fifty-fifth congress—Foraker in Ohio to succeed Brice, and Wellington in Maryland to succeed Gibson. The other four counted on as sure are in New York, where Senator Hill's successor is to be chosen; in Wisconsin to succeed Vilas; in Indiana, to succeed Voorhees, and in Illinois, to succeed Palmer. Then there are Kansas, South Dakota and Missouri, where Republican senators to succeed Peffer, Kyle and Vest are not improbable. Counting the four states first mentioned as certain to be represented by Republican senators in the next congress, and letting the vacancies in Kentucky and Delaware balance each other, the new senate would stand: Republicans 47, combined opposition 43. That is a conservative view. Should Kansas, Missouri and South Dakota also elect Republican senators, as seems possible, the result would be: Republicans 50, combined opposition 40. This computation takes no account of the silver senators whose successors are to be elected, they being classed with the opposition. One loss may be sustained in Utah, which state Arthur Brown now represents. Senator Brown refused to bolt the St. Louis convention, but his term does not expire until March 4, 1898. So a tariff bill can be passed before his successor, who may be a free silver adherent, can be elected. All of which goes to show that the Republicans are assured practically of four majority against the combined opposition in the next senate, and possibly a majority of ten.

The figures of the American Protective Tariff League are as follows:

54th Congress Before	55th Congress Counter-bolt at After	55th Congress Counter-bolt at After	55th Congress Counter-bolt at After
44	40	47	50
44	48	43	40

The death of ex-Governor Russell of Massachusetts will cause surprise and sorrow throughout the nation. But a few days ago he was an active participant in the effort to hold the Democratic party to the paths of wisdom, and was a frequently-mentioned presidential possibility. Governor Russell represented a fine type of New England manhood. Al-

though an aristocrat by birth and training, he had sympathies with the people and enjoyed their confidence to a remarkable degree. He had but entered upon what promised to be a brilliant national career, and his death is a loss not only to Massachusetts, but to the country at large. Although differing with him on many issues, the Republicans of his own and other states will regret his untimely end. So it is that "Death loves a shining mark."

Judged by the company it is keeping, the Democratic party is a thing not to be trusted. The Populists declare that Democracy has purged itself of all its vices and has become, to every intent and purpose, identical with Populism. The joy with which Bryan and his platform are received by the Populists makes it evident that the Democrats have stolen Populist thunder. In the meantime Altgeld, Tillman and Bryan stand as the representatives of the modern Democratic party. Will the country give them its indorsement?

The free coinage of silver will disastrously affect the holders of insurance policies, the depositors in savings banks and the shareholders in the six thousand building and loan associations throughout the country. There are 1,800,000 of these shareholders, and the assets aggregate \$500,000,000. Free silver coinage would make these people the recipients of dollars worth but fifty cents, and the results of years of labor and denial would be in a large measure lost.

The East Oregonian has heard that that the Democratic convention declared for free silver, and very obediently falls into line. Before the convention it was a believer in the gold standard. Democratic patronage probably has a good deal to do with the change.

### PURELY VEGETABLE.

The Cheapest, Purest and Best Family Medicine in the world! AN EFFECTUAL SPECIFIC for all diseases of the Liver, Stomach and Spleen. Regulate the Liver and prevent CHILLS AND FEVER, MALARIOUS FEVERS, BOWEL COMPLAINTS, RHEUMATISM, JAUNDICE AND NAUSEA.

### BAD BREATH!

Nothing is so unpleasant, nothing so common, as bad breath; and in nearly every case it comes from the stomach, and can be so easily corrected if you will take SIMMONS' LIVER REGULATOR. Do not neglect so sure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

### PILES!

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is no drastic, violent purge, but a gentle assistant to nature.

### CONSTIPATION

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a costive habit of body prevails.

### SICK HEADACHE!

This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.

### The Institute.

The subject "What Constitutes a Good Teacher?" occupied the teachers' attention during the first session Thursday afternoon. Mr. Walker, opening the discussion, said that he thought the good teacher was the teacher who adopted the best means possible to obtain the best work from his pupils. Others considered good health, thorough preparation and tact necessary qualifications of the good teacher. Prof. Campbell, of the state normal school, gave the institute a pleasant surprise by walking in upon them during the discussion. After several talks, the chairman asked Prof. Campbell to give his idea of the good teacher. His spirited address was greatly appreciated by the teachers. He said that he considered the teacher who could train his pupils to be good citizens a good teacher.

Phrases and clauses were considered in grammar; Phoenicia and Judea in

### general history.

The following program was carried out this morning:

- Theory—How to teach reading.
- Literature—Spenser.
- Physiology—The circulation.
- Arithmetic—Proportion and percentage.
- Composition—Uses of the comma.
- Writing—Capitals with the reverse oval.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
