For Presidential Electors, T. T. GEER, Marion County; S. M. YORAN, Lane; E. L. SMITH, Wasco; J. F. CAPLES, Multnomah.

SATURDAY, - - - JULY 18, 1896

A COMPARISON.

The administration of Grover Cleveland has not many more months to live. Already its history is being written and the results are not such as bring satisfaction to the average American. The Wilson tariff bill, which is one of the productions from the Democratic workshop, has been in operation twenty-two months. During that time a deficiency has arisen of \$80,903,777, the amount being figured to July 1, 1896. In only four months of the twenty-two have the receipts exceeded the expenditures. As compared with the first twenty-two months of the McKinley law, the operation of the Wilson bill shows a loss to the treasury of \$102,275,791, the total receipts under the McKinley law for the time mentioned being \$660,420,350; under the Wilson bill \$558,144,559.

The surplus which was built up under Republican rule, quickly melted when the Democrats came in power and the reduction in the national debt ceased.

Compare the figures of the Harrison and Cleveland administrations. Under Harrison the interest-bearing debt decreased \$244,819,730; under Cleveland it was increased \$262,329,630.

Nor is this all. The internal revenue receipts show a great falling off. For the first twenty-two months under the McKinley law they amounted to \$273,918,359; under the Wilson bill \$237,198,215. Decrease \$36,720,144.

The country has suffered untold disaster since the advent of the Democrats to power. By its own figures is the present administration condemned, and next November the people will decree the enactment of a policy which will enable the country to receive revenue sufficient for its maintenance.

News from Umatilla county gives the information that the damage to the wheat crop there has been fully fifty per cent. The effect of the hot wave is nowhere local, and all portions have suffered alike. There can be no denying the fact that the result brings disappointment, and many will not make the progress towards reducing their indebtedness that they had hoped. But the truth is that such misfortunes come now and then to all countries, and Eastern Oregon has the resources to weather any temporary discomfort better than most places. Such wilting weather is unprecedented phenomena for this section.

It should not be lost sight of that the Republican party favors the annexation of Hawaii. The valiant Americans who have wrested that

country from a dissolute rule are waiting till the inauguration of McKinley before again asking admission. These gems of the Pacific are fertile to a wonderful degree, and also afford a coaling station, which is badly needed in the Pacific. England and Germany are both looking with longing eyes to the prize which is offered to America. If we do not take it, one of them will. Under a Republican administration the annexation of Hawaii is promised.

Will the conscientious Democrats who believe in the maintenance of a sound currency system allow themselves to be driven like cattle into the ranks of the Populists? Such an action would be unworthy of a true American. Party ties are of no account when patriotism is an issue. The coming election is full of portent for the future of the country. The Chicago convention has joined hands with the Populists, but it remains to be seen whether it can deliver the goods.

Hypochondrial, despondent, nervous, "tired out" men - those who suffer from headache, weariness, loss of energy, impaired memory, dizziness, melancholy and discouragement, the result of exhausting diseases, or drains upon the system, excesses, or abuses, bad habits, or early vices, are treated through correspondence at their homes, with uniform success, by the Specialists of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. A book of 136 large pages, devoted to the consideration of the maladies above hinted at, may be had, mailed securely sealed from observation, in a plain envelope, by sending 10 cents in one-cent stamps (for postage on Book), to the World's Dispensary Medical Association, at the above mentioned Hotel. For more than a quarter of a century, physicians connected with this widely celebrated Institution, have made the treatment of the delicate diseases above referred to, their sole study and practice. Thousands, have consulted them. This vast experience has naturally resulted in improved methods and means of cure.

\$100 Edward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHERRY & Co., Toledo, O. Sold by Druggists, 75 cents.

Mr. J. W. Brown, editor of the "Mineral Age," Warrior, Ala., says: "After a trial of Simmons Liver Regulator I find it an excellent remedy for expelling Malaria from the system; and, as a remedy for disease in incipient stages it cannot be excelled, and no family should be without it." This is a strong endorsement for Simmons Liver Regulator, but none too much so.

Anheuser beer on draught at the Midway.

H. GLENN.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
