

# Sweeping Reduction

IN PRICES OF

## Summer Wash Fabrics, Shirt Waists, Ladies' Summer Underwear, Dress Goods and Trimmings.

We are determined not to carry over one dollar's worth of this season's goods, and in order to accomplish this we have cut prices on all our Summer Goods, REGARDLESS OF COST.

Don't miss this opportunity, for we are showing a very handsome line. Space will limit us to mention only a few of our bargains.

WASH GOODS that sold for 12½c, 15c, 20c, and 25c, Sale Price, 8c, 9½c, 14c and 18½c. Finer goods reduced in proportion.

SHIRT WAISTS that sold for 75c, 85c, and \$1.00, Sale Price, 50c, 60c and 70c.

DRESS GOODS that sold at 50c, Sale Price, 25c. This is not old, shoddy stuff, but the best we have in the house for the money.

Our line of SPANGLE TRIMMINGS at one-half the regular price.

UNDERWEAR from 5c.

ALL GOODS MARKED IN PLAIN FIGURES.

Would rather have nice bright Tinware, than heavy granite or enameled ware, if it did not rust. This has at last been overcome, and we have a line of Tinware that will not rust.

We fully Guarantee our Anti-Rust tinware not to rust, and will replace with new any article that does free of charge to our customers.

TUESDAY, - - - JULY 21, 1896

#### Weather Forecast.

PORTLAND, July 21, 1896.  
FOR EASTERN OREGON—This afternoon, tonight and tomorrow fair, and much cooler.  
PAGUE, Observer.

#### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

The river stood this morning at 34.4. The boat will probably make daily trips from Thursday.

All old settlers agree that this is the longest-continued hot spell they ever experienced. The thermometer reached 100 degrees yesterday, and 99 this afternoon.

The French block on the north side of Second street, comprising the buildings between Donnell's drug store and Pease & Mays inclusive are to have a cement sidewalk soon.

Mr. G. A. Clarke has sent for about \$25 worth more of traps, consisting of bird music and barnyard fowls, and in the course of a few weeks will be used in a descriptive piece entitled "A Day in the Country."

A gentleman of this city who recently returned from the Locks in conversation with one of the government engineers was assured by him that the locks would be opened up the coming season, at the utmost before Christmas.

The most refined atrocity on the part of the younger generation is that of stretching strings across the sidewalk about on a level with the face. There is danger of serious damage to the eyes by this means, and the youngsters should be suppressed.

A lawn social with a well selected program will be given Friday evening, July 24th, by the young ladies of the Epworth League at the residence of Mrs. G. C. Bills. Social and entertainment free. Ice cream will be served for 15 cents per dish. All are invited. Come and enjoy a pleasant evening.

An interesting entertainment will be given at the Christian church Friday night, consisting of recitations, songs, etc., by parties over 20 years of age. There will be one or two solos by parties over 60 years of age, who will sing the first song they remember of learning. A number of the older ones will deliver the first recitation they ever gave. Admission to this entertainment has been placed at the low price of 10 cents.

#### The Grain Injured.

Reports from Pendleton and Walla Walla show that the damage to wheat from the hot wave is greater than was supposed.

From interviews with farmers, grain dealers, parties who advance money on growing crops and from information gathered from exchanges and other sources, the East Oregonian estimates that the damage has amounted on an average throughout the country to a reduction in the total yield of from one-

fourth to one-third. Another feature of the results of the hot wave is that grain when it comes into market will be badly shrunken and therefore fail to command the price it otherwise would.

In the Palouse country, Washington, hot weather has injured the fall grain to some extent, says the Commercial Review, and in places the crop will be cut 20 to 25 per cent. Spring wheat will not be worth harvesting. At Colfax, Wash., and nearby sections, serious injury has been done to growing crops. The fall grain is not seriously damaged. Around Endicott, Diamond, Wilcox and St. John the spring grain, which constitutes at least 75 per cent of the crop will be almost ruined. Fall wheat has stood the weather very well, but commences to burn in spots.

#### Exterminating Insect Pests.

##### GRASSHOPPERS.

If grasshoppers or locusts should appear in vineyards, take

Bran ..... 10 pounds  
Arsenic ..... 1½ pounds  
Sugar ..... 1½ pounds

Mix bran and arsenic dry, then add sugar dissolved in water to wet thoroughly. Put a spoonful at base of each tree or vine. Don't let poultry or domestic animals get at it. Locusts can be smoked out of an orchard, but they go to some one else.

##### PEARS AND CHERRY SLUGS.

During August and September there is likely to be a re-appearance of slugs. The use of fine dust cast over the trees with shovels is the simplest remedy.

#### Card of Thanks.

DUFUR, Or., July 6, 1896.

To the Commanders, Officers and Members of Dufur Camp, No. 215, Dufur, Or.:

DEAR SIRS:—I desire to express my appreciation and thanks for the many kindnesses received at your hands during my sad affliction in the death of my beloved husband, John F. Easton, and also my appreciation of the promptness with which his benefit certificate was paid.

The Woodmen of Dufur camp did all in their power to smooth the pillows of death as well as to comfort the bereft ones left behind and the kindly care during the hours of sorrow did much to brighten the dark path before me and will never be forgotten. Very sincerely,  
MRS. ELIZABETH EASTON.

#### A Boy Killed.

About 6 o'clock Sunday morning the 8-year-old son of Joseph Freeman met a violent and sudden death at Pendleton. The boy had been sent out to tether a calf, and while so engaged his foot became entangled in the rope, one end of which was tied around the animal's neck. The calf started to run, dragging the boy into a wire fence. He was terribly cut and mangled, and died before a physician could be summoned. The funeral took place from Mr. Freeman's home, about five miles east of Milton.—East Oregonian.

Write or call for prices of farm machinery.  
JOHN M. FILLCOX.

#### ED. MARTIN DEAD.

Such is the Text of a Telegram Received This Morning.

The following telegram was received this morning, addressed to T. A. Hudson. That gentleman being in Portland, the telegram was forwarded:

ONTARIO, Or., July 21, 1896.

MR. T. A. HUDSON:  
Ed. Martin died here last night. Please advise what disposition I shall make of body.  
E. H. TEST.

The news was an entire surprise to everyone in The Dalles, as no intimation of sickness had been received by any of his acquaintances here.

Mr. Martin was quite well known in The Dalles, where he has spent several years of his life. He was one of the heirs to the original estate which merged into the Eastern Oregon Land Co., receiving his share several years ago, which he lost in business at Portland. His father was a successful business man of San Francisco. For several years the deceased managed the affairs of the Eastern Oregon Land Co., and later became deputy county clerk under Mr. J. B. Crossen. At the end of the term in 1894, Mr. Martin received the nomination for clerk on the Democratic ticket, but was defeated by Mr. Kelsay, the present incumbent. His death disposes effectually of the cases which were up against him on appeal before the supreme court. Mr. Martin possessed a kindly affable nature which won for him friends on every hand, and his loss will be generally deplored.

#### Mosier Items.

MOSIER, Or., July 20, 1896.

#### EDITOR CHRONICLE:

Lee Hunter leaves today for Los Angeles, Cal.

Mrs. Ben Miller and son arrived on No. 8 from Portland on Saturday, on a visit to her father, Mr. H. A. Baker.

The O. R. & N. Co. are constructing a new water tank here, Mr. Cook and his gang doing the work.

It never gets too warm for Mosierites to "trip the light fantastic." It was attested by the large attendance at Charlie Cramer's platform dance on Saturday evening.

The people of Mosier have had an opportunity the last week of doing a kind and Christian act in signing the petition which Mr. L. C. Baker has been circulating for his appointment as postmaster at this place. Those who wish to live up to that golden rule, and who are acquainted with Mr. Baker and his cheerful, but afflicted wife, and know the difficulties under which he has had to labor, are more than pleased at the opportunity afforded, in helping him to secure a position which will help support him and allow him to be at hand to wait on his helpless wife. It is gratifying that there are so few who are not inclined to help Mr. Baker out in his endeavor to help himself.  
Novus Homo.

#### To Rent.

Two furnished rooms at Fourth and Liberty streets.  
21-1wd  
MRS. CRAM.

#### Practicing for the Tournament.

The hose team now practices nightly, in anticipation of participating in the hose tournament, which takes place at Astoria next month. The boys experience more difficulty in practicing than formerly, on account of there being no lights on the streets and several of the team work in the stores so late that it is almost dark when they get out.

There is now scarcely a doubt that the team will proceed to Astoria. The boys do not desire to go unless they can win, and they say that if they go they will win, unless professionals are allowed to run in the other teams.

The time made by The Dalles hose team last season at Vancouver was only one and one-fifth seconds less than the record of the United States tournament, which was won in Georgia in 55 seconds, for which was awarded a government belt. The Dalles team, composed entirely of amateurs, made the same distance in 59 and one-fifth seconds. In this race Astoria made the time in 57, Vancouver in 59 and Oregon City in 63 seconds.

The following young men comprise the team: Roger Sinnott, Nick Sinnott, Chas. Cooper, Arthur Clark, Hunter, Lewis Porter, Bob Teague, Henry Bills, Sherman Frank, J. Maloney, Ralph Gibbons and Wm. Norman. They will leave about the 20th of August for Astoria.

The Northwest chimney sweep is in town and will remain for a short time. Have your chimney swept and furnace cleaned. All work guaranteed. No dust or dirt made in the house. Leave orders at this office. 17d3t.

We are selling the famous Soap Foam washing powder. It will not "yellow the clothes" nor burn the hands, and is the finest thing in the world for the bath. In extra large packages at same price of common goods. Sold by Pease & Mays.
