THE WOOL OUTLOOK.

Here is a dispatch which describes the situation existing at Heppner. Its parallel can be found in The Dalles:

Never before in the history of Eastern Oregon has there been a time when woolgrowers could not get money on their wool, either by selling or consigning; but since Saturday evening there is not a buyer that will purchase at any price or advance a dollar on clips in storage. One prominent buyer said today that if the best clip in town were offered at two cents per pound, he could not buy, as his orders were not to buy at any price. Unless there is a change soon, hard times are only commencing in this county.

A year ago wool was selling freely in Eastern Oregon cities, and where competing circumstances were present the price reached a fairly remunerative figure. Now there is none selling, nor likelihood of any. A year ago the prospect for Republican success was brighter than it is today, and that is why there was a market for our wool. The agitation for free silver, which has reached great proportions, has caused many Republicans to leave their party standards and forego one of the chief issues in the contest.

It is purely a matter of opinion which is the issue of greater moment in the present campaign. Protection and sound money are of equal importance; one is useless without the other. Whether one be more vital than the other depends greatly upon the eyes through which the view is taken; but this much is sure: The object lesson which is indicated by the dispatch from Heppner and by the condition in The Dalles should prevent any Republican, because of an honest belief in free silver, forsaking the equally important question of protection, and voting with the party that has brought about the present conditions.

It is none too soon for the Republicans of Oregon to prepare for the campaign, which in a short while will commence in earnest. There is need of great work to be done in Wasco county, where, we are sorry to say, there are some free silver Republicans who intend voting for Bryan. By organizing clubs in every precinct and carrying on a campaign of education, Wasco county can be made to roll up its accustomed Republican majority.

All flesh is weak, and Candidate Bryan, who started out two weeks ago as the opponent of corporations, is now a victim to their blandishments. At the time of his nomination he was so unknown to fame that he bought an ordinary railroad

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. ticket like other people when he wished to travel. Now he rests in the luxury of a special train. How will that strike his Populist boosters? With envy probably.

The case of the branch insane asylum is up, in the supreme court for the third time. The suit is to restrain the state treasurer from paying a warrant of \$25,000, issued in payment of a site purchased by the state board of building commissioners for the erection of a branch asylum at Union. The suit has been twice decided against the state, and its re-appearance at this time seems to illustrate farther the law's delay.

There has been a cessation of Bryan speeches for several days. Is it possible the "boy orator" has exhausted his stock of pretty phrases?

Women often feel the effect of too much gayety—balls, theatres, and teas in rapid succession find them worn out, or "run down" by the end of the season. They suffer from nervousness, sleeplessness and irregularities. The smile and good spirits take flight. It is time to accept the help offered in Doctor Pierce's Favorite Prescription. It's a medicine which was discovered and used by a prominent physician for many years in all cases of "female complaint" and the nervous disorders which arise from it. The "Prescription" is a powerful uterine tonic and nerve, especially adapted to woman's delicate wants for it regulates and promotes all the natural functions, builds up, invigorates and cures.

Many women suffer from nervous prostration, or exhaustion, owing to congestion or to disorder of the special functions. The waste products should be quickly got rid of, the local source of irritation relieved and the system invigorated with the "Prescription." Do not take the so-called celery compounds, and nervines which only put the nerves to sleep, but get a lasting cure with Dr. Pierce's Favorite Prescription.

"FEMALE WEAKNESS." Mrs. WILLIAM HOOVER, of Belleville, Richland Co., Ohio, writes: "I had been a great sufferer from 'female weakness.' I tried three doctors; they did me no good; I thought I was an invalid forever. But I heard of Dr. Pierce's Favorite Prescription, and then I wrote to him and he told me just how to take it. I took eight bottles, and I now feel entirely well. I could stand on my feet only a short time, and now I do all my work for my family of five."
