### FOR VICE-PRESIDENT

Watson of Georgia, is Nominated.

### POPULISTS REVERSE THE ORDER

Commencing at the Tail End of the Ticket, Thereby Insuring Bryan's Defeat.

St. Louis, July 24.—Thomas E. Watson, of Georgia, who was a member of the fifty-first congress and who in the fifty-second and fifty-third congresses unsuccessfully contested Col. Black's seat was nominated for vice-president by the Populist convention, on the first ballot, shortly after midnight.

There were five other candidates viz: Sewall, Magee of Virginia, Mimms of Tennessee, Congressman Skinner of North Carolina, and Col. Burgett of Mississippi.

The nomination was made unanimous before the result of the roll call was announced.

Bryan sent word to his supporters that he would not accept the nomination at the hands of the convention under these circumstances. He will stand royally by his running mate.

The opposition to Sewall in the Populist convention practically swamped the Bryan forces at the day session of the convention, by making it impossible to prevent a division of the Chicago ticket. The leaders were powerless to check the strong feeling against the shipbuilder and banker. They had carried the day in the committee on resolutions, in framing a comparatively moderate platform, which they afterwards got through the convention with ease. Their strategy was skillfully displayed at other points. But the intense undecorated of the feeling against Sewall was fatal to them.

It was the sunken ditch, unmarked upon the battlefield which, clutching with its muddy fingers at the wheels of

his artillery, bore down Napoleon and his eagles at Waterloo. Today the ditch was in open view. From the beginning it has gaped like a chasm athwart the path of the Bryan managers. In vain they attempted to bridge it. Moreover, today for the first time the middle-of-the-road element displayed a generalship worthy of the name. Recognizing the fact that all hope of defeating Bryan's nomination was lost, they concentrated all their efforts against Sewall. They did more; they devised a cunning scheme by which the convention was forced to nominate the vice-president before the president. It was an unprecedented thing and it served to mass the votes in favor of the Populist candidate for vice-president, and uncover them in advance, in the fear that if Bryan was nominated the enthusiasm might break down the opposition to the wall and stampede a majority of the votes for the Nebraskan's running mate.

### For a Second Convention.

CHICAGO, July 24.—The committee appointed by the gold standard Democrats last night to prepare and issue a call for another convention, met at the Auditorium at 11 o'clock today. Controller Eckles arrived this morning. It had been supposed he would bring a message from President Cleveland, but he emphatically denied this. After hours of discussion the majority report was prepared calling for a convention not later than September 2. A committee of five was selected to arrange for a state convention. The national committee is to meet at Indianapolis August 2 to decide on the place of the national convention.

### FRUIT FROM CALIFORNIA.

This Season's First Shipment Arrived in London Today.

LONDON, July 24.—On sampling, it has been found that the first shipment of California fruit this season, which came on the American line steamship St. Louis, arrived at Southampton on Wednesday, is not of the quality that fetches the highest price in the London market. The pears are under-sized; too good for low-class trade; too ripe for high-class. They are, however, adapted for dessert fruit. The prices realized at auction today were good, the best pears bringing 10s 6d; lowest 4s 6d. Average cases sold for 6d 8s. Plums in consignment were also too small, but realized 7s 8d per crate of four boxes. Only thirteen boxes were damaged in the entire consignment. Buyers competed keenly for the best lots. Messrs. Isaacs & Sons, the consignees, say that had the shipment been of the highest, California quality, the prices would have reached 14s to 16s per case for pears.

### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Otto Birgfeld is now ready to supply amilies with the celebrated Gambrinus keg or bottle beer, delivered free of charge to any part of the city. Telephone 34.

### Poisonous Cooking Utensils.

The subject of pure food has long been a pet theme of legislators, and I admit that the discussions on the subject have done a great deal of good. I believe, however, that pure and wholesome utensils in which to cook the food are of more importance than the food itself. Only those who are familiar with the affairs of large kitchens are aware of the eternal vigilance which prevents the formation of chemical poisons in culinary utensils. Is there the same watchfulness in the kitchens of cheap eating houses? I trust the day is not far distant when rigorous laws will be passed compelling boards of health to inspect the cooking utensils of every establishment in which food is served to the public. My first inspection of the kitchen of the restaurants at the national capitol made me shudder. One of the utensils which was in daily use was so covered with verdigris that the original color of the metal could not be seen. The utensil was a steam-heated oyster stew pan. The hands even of the colored attendant were stained green from contact with the pan. I questioned the servant, and she told me that I was the first person to complain to her about the condition of the pan. She went on to say that she "could not wash the 'green stuff' off her hands."—Twentieth Century Cooking.

### Stuffed Cucumbers.

Cut the cucumber into halves and remove the seeds. Boil four tablespoonsful of rice for 30 minutes; drain, and add to it an equal quantity of chopped meat. Peel two tomatoes, cut into halves and press out the seeds; cut them into small pieces, mix with the other ingredients; add a half teaspoonful of salt and a dash of pepper. Place this mixture into the cavity from which the seeds were taken; put the halves together, bind the cucumbers into shape with a piece of twine and stand in a baking pan; add half a cup of water; bake slowly for one hour, basting four or five times. These may also be baked by stuffing the mixture into the space from which the seeds were taken, and baking in the halves.—Boston Globe.
