ACTIVE WORK BEGINS

Republican Managers Held a Meeting Today.

THE PLATT FACTION REPRESENTED

Frederick Gibbs, of New York, Attended the Conference—Chairman Hanna Interviewed.

NEW YORK, July 29.—The prophecy that Chairman Hanna would ignore New York politicians in the preliminary organization campaign work for McKinley proved false, for Frederick S. Gibbs was one of the guests at a meeting of the Eastern managers today. Gibbs represents the Platt faction of the Republican party of New York.

Hanna said: "Mr. Platt was not invited to the meeting as he is not a member of the committee. Gibbs was invited in order that he might keep in touch with the plans formulated. Gibbs is New York's national committeeman and is responsible in a large measure for the matters of this state."

"I am confident that the Republican party of New York state will work harmoniously for McKinley's election."

John Wannamaker, ex-President Harrison and Hanna met at the Fifth Avenue Hotel last night. Hanna declined to go into details as to the questions discussed, but said that Mr. Harrison would give the party all the assistance it may require of him.

The most important question to be discussed this afternoon will be as to the lines upon which the campaign will be conducted. Frank S. Witherbee and a delegation representing the American Protective League will argue in favor of making a fight upon tariff lines. Melville E. Ingalls and others of the financial and corporation world will ask that the financial question be kept uppermost.

Hanna said today: "The financial and tariff questions

cannot, in my judgment, be divorced. Our financial depression or prosperity is due, in a great measure to our tariff conditions. McKinley shares this view with me."

Hanna will suggest that the tariff leagues prosecute the fight valorously on their own lines and that those interested in the financial question do similar work, the national committee giving assistance.

Quay was in consultation with Hanna about an hour. Neither would say what the subject of their conversation was.

The nominee for vice-president, Garrett A. Hobart, was closeted with Hanna some time. Afterward Hobart said:

"I have had experience in campaign work as a national committeeman, and Hanna thinks I can assist in the New York headquarters. I shall not go West, but will devote my time to the East."

OUND-MONEY DEMOCRATS.

Those of Missouri Have Organized For Campaign Work.

KANSAS CITY, July 29.—The National Democratic club was organized last night by prominent gold-standard Democrats. Hon. Francis M. Black, ex-chief justice of the state supreme court, was elected president. The club has issued a call for a general conference of all gold-standard Democrats, to be held here, when an attempt will be made to map out a plan of campaign. Particular attention will be paid to congressional elections.

Through trains on the O. R. & N will run via Umatilla, Walla Walla and Pendleton. Through sleepers, first and second class will run in connection with the Union Pacific, the same as heretofore. FROM CAPITALIST TO HOBO.
Transformation of a One-Time Rich Land Owner.

OAKLAND, Cal., July 29.—Justin E. Ricker, at one time a capitalist, is now a tramp. The transformation has been gradual, but none the less complete. A few years ago Ricker was a rich man, residing in Pomona, Los Angeles county.

Today a charge of vagrancy is booked against him at the Alameda county jail, and the erstwhile man of wealth is herded among the weary walkers lodging in "vag alley."

Ricker was found sleeping in a haystack a few nights ago on the San Pablo road. A constable rudely disturbed his slumber and sent him to jail.

The passing of Ricker is an incident of the collapse of the Southern California boom. He came to this state from Maine. Backed by a well-filled purse, Ricker prospered. He bought land.

He had large contracts for property improvements, and during the height of the great excitement he was carried away with the future. Then the crash came. He was left penniless. Courage forsook him, and finally he became a wanderer.

Ricker will go before judge tomorrow. The usual five days' imprisonment will be imposed, and after that he will be turned out to resume his wearisome way over the earth.

THE PORTE'S DEMAND.

Greece Is Ordered to Cease to Help the Cretans.

CONSTANTINOPLE, July 29.—As the result of a cabinet council the Turkish government yesterday made a formal complaint to the government of Greece regarding the alleged shipment of arms and ammunition from Greece to the Island of Crete for the use of the insurgents there, and relative to the appearance of armed bands in Macedonia, pointing out the danger therefrom to the peace of Europe, and adding that Greece would be held responsible. The Turkish government also announced that it had been decided to grant a limited concession to the Cretans, and that they would be allowed representation.

The powers have decided to send a collective note to Greece, declaring that it must suppress the matters com-

plained of by the Turkish government, otherwise the sultan of Turkey will be left free to restore order in Crete.

It is rumored that the Turkish government intends to dispatch a force of Albanians against the Greek filibusters which will undoubtedly add considerably to the gravity of the situation.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

The cure of Rheumatism has often taxed medical skill, but its prevention has been very easy by an occasional use of Simmons' Regulator. It keeps the liver well regulated, and the system free from poison. Therein is the secret of health. "I have used it for years for Indigestion and Constipation, and also found it gives one relief from a touch of Rheumatism." —N. Hughes, Lordsbury, N. M.

These Must Go at Once.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:
