GETTING OUT OF CUBA

All Who Can Raise Sufficient Means Are Escaping.

CRUELITIES OF SPANISH SOLDIERS

Cities Full of Beggars Whose Homes Have Been Burned—A Dark Picture of Outrage and Crime.

JACKSONVILLE, Fla., August 3.—Late advices from Havana give a very dark picture of the state of affairs in Cuba. The emigration from the island continues at various ports. All who can raise sufficient means to cover their passage are leaving. From Puerto Principe province alone it is estimated that more than 300 families have gone abroad. Through the port of Havana more than 28,000 persons, mostly Cubans, have left the island since General Weyler reached Cuba, according to the official reports, while by direct steamers for Europe more than 6,000 Spanish artisans and farm hands have embarked for the Canary islands and Balearic islands or ports of the peninsula.

General Weyler's campaign against the pacificos is driving the country people terror stricken from their homes. While the insurgents blow up trains with dynamite and burn sugar estates, the Spanish guerrillas continue to burn the modest country huts and destroy the present plantings. The families left without shelter are compelled to flock into the cities, the men being forced into the government service and the women compelled to wash and cook for the officers and troops, beg or do worse to keep hunger from the door. The picture is indeed a sad one.

According to the official reports, more than 3,000 suspicious peasant huts were burned during the last week. In instances where only women were found at home, liberties are without doubt often taken, giving rise afterward to shocking stories of outrage and crime

committed by Spanish guerrillas, but often unjustly attributed to officers and troops of the line.

And while General Weyler continues driving the peasants of the country from their fields of honest labor, the refugees are dying of hunger in the cities and towns. From Matanzas comes the sad story of Justo Serpa, his wife and four little girls, aged 6, 8, 10 and 12. Driven from their modest mountain retreat by a flying government guerrilla force, their hut was burned and they were compelled to flee to Union delos Reyes, about 12 leagues on foot.

At Sancti Spiritus a Cuban boy of 10 years is to be tried for killing a Spanish officer who insulted his sister. The officer was endeavoring to force an entrance to the girl's room at midnight, local papers say, when a shot from an adjoining window pierced his heart. As only the girl's mother and little brother were in the building the latter is accused of assassinating the officer.

GIVEN HIS WALKING PAPERS.

Cripple Creek City Marshal Ordered Out of Town.

CRIPPLE CREEK, Colo., Aug. 3.—Jim Marshall, marshal of the city, has received his walking papers from an indignation meeting of citizens, who allege that he has been running the town for revenue only, and that his operations have netted him at the rate of \$20,000 a year by imposts on disreputable and on respectable people whom he arrested on frivolous charges. Marshall declines to go, and as he has a reputation of being quick with his revolver it may require some persuasion to induce him to leave. His notoriety is shared by Bob Mullen, formerly deputy sheriff, who has been acting as police judge and who is said to make a nice thing out of the situation. The pair has been notified by the bar association and the municipal league that the people are tired of them and that they had better leave forthwith or take the penalty. Marshall was at one time keeper of a dive at Kansas City, where the worst men of the country found shelter from the officers of the law. He was also indicted by the federal grand jury in Denver for train robbery and for a long time was out on

bail with orders to report to the United States marshal every day.

Fatal Fire in Astoria.

ASTORIA, Or., Aug. 3.—At a fire in the Anchor saloon last night Prof. Navoni, a well known musician, was smothered to death.

Captain Al Harris of the Fort Canby life saving crew, died last night. Harris had saved more lives than any other man on the coast during the past few years.

Wool Commission Firm Assigns.

BOSTON, Aug. 3.—The wool commission firm of W. D. Eaton & Co. made an assignment for the benefit of creditors today. Joseph W. Spaulding is assignee. Liabilities are placed at \$240,000. No statement of assets has been given out. The failure is attributed to the poor condition of the market.

Northern Pacific Lands Sold.

SEATTLE, Wash., Aug. 3.—All the Northern Pacific railroad lands in Washington, comprising 11,902 sections of patented and an indefinite quantity of unpatented lands, were sold at public auction today.

The lands were bid in by President Winter for \$1,705,200.

There is nothing that causes women greater discomfort and misery than the constant recurring headache. Men suffer less with headache. "My wife's health was very indifferent, having headache continually, and just two packages of Simmons Liver Regulator released her from all headache and gave tone and vigor to her whole system. I have never regretted its use."—M. B. DeBord, Mt. Vernon, Ky.

Dr. PIERCE'S Golden Medical DISCOVERY

Cures Ninety-eight per cent. of all cases of Consumption, in all its Earlier Stages.

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. Address for Book, World's Dispensary Medical Association, Buffalo, N. Y.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.
