

# CANCER CURED

—AND A—  
**LIFE SAVED**  
By the Persistent Use of  
**Ayer's Sarsaparilla**

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.

### A Fair Statement From a Democratic Source.

Portland Sunday Welcome.  
Why is it that so many people are clamoring for the free and unlimited coinage of silver? Do the majority of them recognize or realize the probable consequences of such a policy? And is it not probably true that most of them scarcely care for the consequences? They know that they are not as well off as they formerly were; that the country has fallen upon evil times; that there is trouble somewhere in our financial system. They recklessly say that they cannot be much worse off, anyway; they are willing to take a leap in the dark. Many, without the ability to reason clearly or to subdue unreasonable prejudices and passions, merely jump blindly at the conclusion that the free and unlimited coinage of silver—the substitution of silver for gold as the monetary standard—would break up the "money power," would afford an opportunity of getting rid of half our debts, would shake up and unsettle affairs generally; and that in some chance way they would be benefited thereby. The free silver propaganda finds its strength in the unrest and dissatisfaction that agitate the people, and fit them for any "change," however unreasonable. Some of the silver advocates are able men; most of them, let it be conceded, are honest; but the "free silver craze" is fed principally by ignorance, recklessness and discontent. Whether this popular wave of unrest and delusion is yet at its height is uncertain, but it must eventually subside.

### Sheep Owners and Bryaa.

The opinion which sheep owners entertain of the coming election is shown in the following transaction which took place recently between two Montana sheep men and is vouched for by the Great Falls Leader: E. E. Leach of Dupuyer and James McDevitt of Ponders, both large sheep owners, were in the city. Mr. Leach owned 2500 sheep on his ranch near Dupuyer which he sold to Mr. McDevitt upon the following conditions: Should William J. Bryan of Nebraska be elected president of the United States in November next, Mr. McDevitt is to pay Mr. Leach \$1 per head for the sheep. Should William McKinley of Ohio be chosen president of the United States in November next then Mr. McDevitt is to pay Mr. Leach \$2 per head for the flock. The sale is bona fide and the transfer has already been made and on the election of president hangs \$2500 to be put in the pocket of either Mr. Leach or Mr. McDevitt.

### Creating Adverse Sentiment.

EDITOR CHRONICLE:—I find the following article in the Portland Telegram of Saturday:  
Messrs. Henry Failing and George Dekum, who have been in the mountains during the past week, state that the sheepmen are firing the underbrush in many places with the object of encouraging next year's pasture. It is from this source that most of the destructive forest fires which mar each summer in the mountains originate.  
I was rather surprised at the above item, knowing how careful sheepmen are in regard to forest fires; and upon making inquiries to secure further particulars, it has occurred to me there is an unwarranted effort being made to create a prejudice in the public mind by some people here who, to say the least, "handle the truth with parsimonious frugality." I have seen Mr. Henry Failing and Mr. Geo. Dekum regarding the matter, and they both pronounce the statement, so far as the mention of their names are concerned, a pure fabrication without a particle of truth in it as neither of the gentlemen have been out of the city, and they know absolutely nothing of the matter at all. Yours truly,  
F. N. JONES.

### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

It keeps the liver well regulated, and the system free from poison. Therein is the secret of health.
