STRIKERS AND MILITIA

A Battle in Which Rifle Balls Are Used.

A MILITIA MAN WAS WOUNDED

A Dozen Strikers at Bay Empty their Revolvers at the Soldiers, who Reply With Rifle Balls.

CLEVELAND, Aug. 6.—Between midnight and 1 o'clock this morning a crowd made an attack on a building where a man named Johnson, employed at Brown's hoisting works, lives. They broke the windows and yelled like Indians. Soldiers rushed to the scene. Part of the crowd scattered, but a dozen men stood at bay with revolvers and fired at the militiamen. The soldiers replied with rifle balls. Then the men scattered. In the melee Private Perkins, of Company B, was shot, but it is not known how seriously. More serious trouble is anticipated.

HOT WAVE IN THE EAST.

Weather Bureau's Explanation of the Cause of the Warm Weather.

WASHINGTON, Aug. 6.—The reports of the maximum temperature received by the weather bureau show that the present warm wave is general. The officials say it is very unusual for the temperature to reach so high a point in so many parts of the country at one time. The heat is due to the area of high barometer which has prevailed over the southern portion of the country, and the low barometer in the northern part, which results in great waves of heat coming toward the north. In this city the heat during the past few days has been intense and today the thermometer has reached its maximum, registering, 96.

Will Support Democratic Electors.

KANSAS CITY, Mo., Aug. 6.—A special to the Star from Hutchinson, Kansas, says: Just after adjournment of the

convention this morning a telegram was received by F. F. Murphy from J. G. Johnson, stating that the Populist conference committee had agreed to report in favor of the full endorsement of the Democratic electors and this report will be made to the Populist convention later in the day.

PINGREE'S FIGHT FOR GOVERNOR

Republican Machine of Michigan Arranged Against Him.

GRAND RAPIDS, Mich., Aug. 6.—Not in a dozen years has a Republican state convention in Michigan been attended with so much excitement, enthusiasm and noise as the one now in session. The chief interest attaches to the contest for gubernatorial nomination. H. S. Pingree, mayor of Detroit, originator of the Pingree potato scheme for utilizing vacant city lots for the poor, has the second time made a determined onslaught on the governorship. Arrayed against Pingree is the influence of the state Republican machine. The machine candidate is said to be Bljes, though this is denied. Although Michigan is supposed to be a strong silver state, it is expected that the St. Louis platform will be emphatically endorsed.

Pingree Nominated.

GRAND RAPIDS, Mich., Aug. 6.—Mayor Hazel M. Pingree of Detroit, was nominated for governor on the fourth ballot by the Republican convention today.

THE ABILENE CONVENTION.

Senator Leedy Nominated for Governor by the Populists.

ABILENE, Kan., Aug. 6.—The nomination of Senator Leedy for governor at 2 o'clock this morning left the delegates to the Populist convention in a mood for quick work today. Senator Peffer opened the session with an address advocating fusion of the silver forces on a basis of the votes cast for all officers. The convention quickly adopted the resolution. The committee's report endorsing the St. Louis platform and Bryan and Watson was also adopted.

A BOLT IN MAINE.

Thirty Gold Democrats Walk Out of the Convention.

WATERVILLE, Me., Aug. 6.—M. D. Frank, of Portland, was nominated for

governor of Maine by the state Democratic convention this afternoon. When a resolution endorsing the Chicago candidates and platform was presented William Henry Clifford of Portland objected in a sensational speech, which was greeted with hisses. Clifford and 30 followers bolted the convention.

Reed Again Nominated.

PORTLAND, Me., Aug. 6.—Speaker Thomas B. Reed was nominated by acclamation for a tenth consecutive term in congress by the Republican convention in the first district today.

Major Schofield for Governor.

MILWAUKEE, Aug. 6.—The Republican state convention today nominated Major Edward Schofield for governor on the sixth ballot.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

SITUATION IS SERIOUS.

Spread of Republican Sentiment in Spain Has Been Concealed.

MADRID, Aug. 6.—Trouble of a serious nature is being fomented in Spain, particularly in the province of Valencia, by agents of the Cuban insurgents. The minister of the interior, Senor Cosgayan, yesterday replying to a question in the chamber of deputies admitted that riots had occurred in Valencia, caused by the friends of the Cuban insurgents, who hoped thereby to prevent the departure of reinforcements of troops to Cuba.

That the large Spanish army in Cuba must be still further heavily reinforced is looked upon here as being a confession of weakness on the part of the administration and as an admission of the growing strength of the Cubans. In addition, many letters have been received in different parts of Spain by the relatives of the Spanish soldiery serving with the army in Cuba, and they tell terrible tales of sickness, privation, incompetency and mismanagement, to say nothing of lack of pay, that a dangerous feeling against the government has arisen, and is gaining strength day by day. Under these circumstances, agents of the Cubans do not have much difficulty in carrying out their plan of causing popular outbreaks. They steadily fan the flame of discontent by pointing to the apparently unnecessary hardships which the Spanish troops in Cuba are compelled to endure.

The Republicans also are taking advantage of the situation to push their propaganda, and the combined movements are making more headway with the masses than the government will admit, although it is already betraying symptoms of alarm and has sent stringent instructions to the prefects to suppress promptly and effectually demonstrations which occur in their districts, and to have no hesitation in calling out the military for support.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
