

THE BEST FAMILY MEDICINE

It has Ever Known. Words of Praise from a New York Lady for AYER'S PILLS

When my friends ask me what is the best remedy for disorders of the stomach, liver, or bowels, my latest answer is, Ayer's Pills. Taken in season, they will break up a cold, relieve a gripe, check fever, and regulate the digestive organs. They are easy to take, and are, indeed, the best all-around family medicine I have ever known.

Dated this 7th day of August, 1896. GILBERT W. PHELPS, Recorder of Dalles City. The Discovery Saved His Life. Mr. G. Callouttee, Druggist, Bearersville, Ill. says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Blakeley & Houghton's Drug Store.

A TIME FOR PATRIOTISM. Partisanship Should Be Sunk in the Effort to Save the Country From Disaster. New York Herald, Ind. Dem. When the country calls it no time to cling to party or to hesitate to sink partisanship in patriotism. Such a call is now sounded as clearly as it was in the early war days. The silverites—Democratic, Republican and Populists—are massing their forces for an onslaught on the honor of the nation and prosperity of the people. Their success would revolutionize our financial system. It would throw the country on to a silver basis and thus upset business, unsettle values, play havoc with industries and bring on general disaster. That this would be a national calamity second only to that which menaced the country when Sumner was fired on must be obvious to every thinking person.

To underrate the extent of strength of the silver movement would be a grave mistake. To trifle with the crisis by treating it as an ordinary political contest would be perilous. The spread of the silver craze has become a danger which cannot be considered too seriously or opposed too effectively. Its champions present a united front and must be met by a united front. Its advance must be resisted by vigorous action and patriotic determination on the part of every political leader and every citizen who would defend the honor and welfare of the country. In such a crisis it is no time to think of party or talk of party issues. As in '61 there can be but one issue—the country; and but two parties—that which is for the country and that which is against it. It is a time for the Republican managers to proclaim a truce on the tariff and unfurl the single banner of honest money. It is a time for all Democrats opposed to the Chicago platform to rise above party considerations and work to defeat the Populistic silver ticket.

If that ticket is to be defeated and the disaster which it menaces averted, Republicans and Democrats must resolve to wage the most effective campaign possible for the safety of the country. If partisanship is thus sunk in patriotism, the result of the contest is not to be feared.

Bristol's Horse Show.

A most astonishing and wonderful exhibition will be given at the opera house next week. It is the first entertainment here of Prof. D. M. Bristol's equestrian-curriculum of thirty horses, ponies and mules. This entire troupe appears at one time on the stage without bridle or rein, in an entertainment running two hours and a half, being pure in tone and moral and instructive throughout, and one that will linger long in the memories of those who witness it. The entertainment comes endorsed by popular praises as being the most unique exhibition of the age. Mind cannot conceive of anything more pleasurable to the admirer of man's best friend, "the horse." The most perfect docility and highest order of intelligence, that it would be underrating to call mere instinct, are all said to be exemplified in this great troupe of actors. "The Louisville Courier-Journal" of a fortnight ago, said "Prof. Bristol's Equestrian-Curriculum is worthy the attention of everyone who ever loved a horse. Such perfectly trained animals were never seen together before, and they give a far more interesting entertainment than do most of the dramatic companies. The animals present none of the cheap tricks that are so well known in the circus ring, but in every respect perform feats that have never been attempted before. They have a perfect school, with which the program opens. They arrange their own school furniture, a mule acts as monitor, one as teacher, and they do everything that a scholar is supposed to do while at school. The famous horse, Sultan, adds, subtracts, multiplies and divides any numbers contained within thirty that are given him by the audience. He also tells the time by the watch to the minute. Two other horses, Denver and Dynamite, swing, skip the rope, churn butter, act as waiters, letter carriers, and play ball, as well as perform on the flying swing or trapeze. To describe all that is done by the educated horses, ponies and mules would be impossible, as the program is a very lengthy one. It is only necessary to say that the exhibition is a most remarkable one, and that the audiences everywhere are fully carried away by the entertainment given by these dumb brutes. They do everything but talk, and hold the attention of their auditors from first to last." Strictly popular prices will prevail, 25, 35 and 50 cents. Children are permitted to any part of the house for 25 cents at the matinee on Tuesday.
