E. L. SMITH..... Wasco  
J. F. CAPLES..... Multnomah

### HOW IT SEEMS TO US.

There are some people in The Dalles who are going to vote against their own interests next November. They are arguing against them now. Upon street corners and in the customary places of gatherings are heard the voices of those who are clamoring for the election of Bryan.

Have these clamorers stopped to think for what they are clamoring? They say they are seeking a change. A change from what? From the distressing condition that exists throughout the country. Very true. And who brought about this distressing condition? Who caused the commercial collapse into which the country has fallen? Who has brought poverty to thousands of laborers, bankruptcy to business men, the sheriff to manufacturers, and suicide to those who have seen their all slip from unwilling fingers?

These are questions which will be answered variously. Some will say one thing; others another. But if the veil, with which from many the truth is hidden, were torn aside the answer would be the same to all.

The trouble started in November, 1892. Do you not think so? Then compare the country's condition then and now.

Hardly had Grover Cleveland been declared elected till the first symptoms of the national disease were noticed. Paralysis was its name. But a few months after he had taken his seat a panic began. Banks began to fail; business houses to close; manufactures lay idle and employment ceased for thousands of willing workers.

This is history; unpleasant history, but none the less true. The summer of 1893 was a disastrous one throughout the country. We felt it in The Dalles. It was experienced everywhere. Through all the arteries of trade commerce clotted and men waited patiently till the trouble would cease.

But it did not cease; it continues yet. The succeeding years show little change. The Democrats complained that the Republican policy brought on strikes, and yet the sum-

mer of 1894 saw the greatest of all strikes. The panic still continues. The country is reeling from the blow of 1892; it will not recover until an antidote in the shape of a Republican victory is administered.

The destruction of the protective policy started a chain of calamities. The nation was quick to see the error it had made, and the elections of 1894 told that it repented. But with a cunning for which it is famous, the Democratic party has changed its mask, and prances before the people in a new guise. It has abandoned its free trade standard. It raises one bearing the free coinage of silver. It has swapped horses in the midst of the stream.

Free trade started the trouble; free coinage will continue it. When you are looking for the cause of the present hard times just recall that election of 1892. Remember how prosperous the nation was then, and look at it now. We need quote no figures; no statistics are needed. Only look around and see; see what the Democratic party has done, and then consider whether by your vote you will endorse its work.

The meeting of the McKinley Club Friday evening should be attended by every voter in The Dalles who is opposed to the election of Bryan. This is not a political matter; it is deeper than that. The business interests of the nation, of our state and city are threatened, and we must all work for the same end. The presence of business men is desired, who by their attendance and counsel will lend encouragement to the work. And there will be plenty of room for sound money Democrats.

## GOLDEN MEDICAL DISCOVERY

Many years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., compounded this medicine of vegetable ingredients which had an especial effect upon the stomach and liver, rousing the organs to healthy activity as well as purifying and enriching the blood. By such means the stomach and the nerves are supplied with pure blood; they will not do duty without it any more than a locomotive can run without coal. You can not get a lasting cure of Dyspepsia, or Indigestion, by taking artificially digested foods or pepsin—the stomach must do its own work in its own way. Do not put your nerves to sleep with so-called celery mixtures, it is better to go to the seat of the difficulty and feed the nerve cells on the food they require. Dyspepsia, Indigestion, Biliaryness and Nervous Affections, such as sleeplessness and weak, nervous feelings are completely cured by the "Discovery." It puts on healthy flesh, brings refreshing sleep and invigorates the whole system.

Mrs. K. HENKE, of No. 805 North Halsted St., Chicago, Ill., writes: "I regard my improvement as simply wonderful. Since taking Dr. Pierce's Golden Medical Discovery in connection with his 'Pleasant Pellets' I have gained in every respect, particularly in flesh and strength. My liver was dreadfully enlarged and I suffered greatly from dyspepsia. No physician could give relief. Now, after two months I am entirely relieved of my disease. My appetite is excellent; food well digested; bowels regular and sleep much improved."

MRS. HENKE.

## Meals at All Hours

From 6 a. m. to 10 p. m.

Board, \$3 to \$4 per week  
at Mrs. C. Nelson & Co.'s.

No. 29.
