McKinley and Hobart Wheelmen's Club Meets.

A LINE OF ACTION AGREED UPON

Clubs Are to Be Organized Under Military Rules--Presidential Campaign Plans.

CHICAGO, Aug. 14.—The executive committee of the National Wheelmen's McKinley and Hobart Club held a meeting last night in their rooms at the national Republican headquarters. Messrs. Hanna and Dawes, of the national Republican committee, were present, and a line of action was agreed upon.

From the mass of correspondence received from other cities seeking information, it is evident that large masses will have to be handled, and nothing but military discipline can accomplish this without confusion. The executive committee has therefore adopted the following plan of organization:

Companies of not more than fifty nor less than 30 shall be formed, each company to choose a captain, lieutenant, standard-bearer and bugler.

Every four companies shall be organized into a battalion and shall choose a major, who may select his aids and a standard-bearer.

Every battalion shall form a regiment, for each regiment a colonel shall be chosen, who shall select his aids and standard-bearers. The executive committee shall choose brigadier-generals.

It is intended to have a meeting at Chicago of all the members of the national organization at least once during the campaign. For organization in other cities and towns the national executive committee urge that the above line be followed as closely as possible.

Any person desiring to form a branch in his locality, by addressing the national secretary, Charles Whitacre, at the national Republican headquarters, Chicago, will have forwarded to him the necessary literature and instructions.

CAMPAIGN GOSSIP.

Joint Financial Debate Will Probably Be Given Up.

WASHINGTON, Aug. 14.—It is probable that there will be no joint debate between the gold and silver standard-bearers. The idea has few advocates in the Republican ranks here, and Chairman Babcock, of the Republican congressional committee, is pronounced in his opposition to it.

When asked whether Mr. McKinley would take the stump, he said he did not know, but hoped that Mr. Bryan would continue to talk, as everything he said made Republican votes.

Representative Mercer, of Nebraska, secretary of the committee, strongly favors a stumping tour by McKinley. He said:

"On the Pacific coast the great and vital question is the tariff. So far as the money question is concerned, we have the best of that argument, as all will readily see if they take the pains to inform themselves. I should like to see McKinley make a tour, beginning in California, working up the Pacific coast, then coming East, giving about six weeks at the end of the campaign to that work."

Two of Candidate Sewall's Vessels Seized for Debt.

NEW YORK, Aug. 14.—Two ships belonging to Arthur Sewall, Democratic vice-presidential candidate, were seized by the marshal on libels yesterday morning, but were subsequently released upon the filing of a bond. Mr. Sewall is the head of the firm of Arthur Sewall & Co., shipbuilders of Bath, Me. His partner is unknown to the libellants, who designate him in the complaint as "John Doe."

The two ships, the Iroquois and W. F. Babcock, were repaired on July 2d and July 15th last at the drydocks of the John N. Robbins Company. The amount of the bill was \$848 and \$852. The repairers declare they have repeatedly asked for payment of their bill, but could get no money. A second attachment against the Iroquois was obtained by Lewis Davis, owner of the barken-

line E. S. Powell, which was injured in a collision with the Iroquois in June and damaged, it is alleged, to the extent of \$8,000, for which amount action was brought.

HE WILL NAVIGATE SPACE.

A San Francisco Man Designs a New Airship.

SAN FRANCISCO, Aug. 14.—Dr. C. A. Smith, is more enthusiastic than ever over his flying machine since he received a telegram Wednesday from Washington informing him that a patent had been granted on his device for sailing through the air. A company was incorporated in this city last Saturday to build Smith's airship, navigating air vessels and carrying on a general business in them. I. J. Truman, president of the Columbian bank, and George T. Garden are among the stockholders. The attorney for the company is M. M. Estee.

These well-known men declare that Smith's machine appears feasible as a mechanical proposition, and that it is really a most ingenious solution of the difficult problems that have faced the scientific aeronaut. Smith himself claims it will lift itself and additional weight, and more that, he can so control its flight as to practically imitate a bird on the wing. This means that the airship can be lifted from the earth and depressed at the will of the engineer, who may also steer his vessel hither and thither, describe circles regardless of the wind, and perform evolutions like a ship at sea.

It is still further claimed for this wonderful invention that it can be driven into the very teeth of a storm. Indeed, if all that is claimed for it proves true, the long-talked-of airship will soon be an accomplished fact.

The company intends to open a workshop at once and begin the construction of Dr. Smith's first airship. And in the course of a few months, the expectation of seeing the machine arise and float aloft will be very strong.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1 per bottle at Blakey & Houghton's drug store.

Sucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Blakey & Houghton, druggists.

A good recommendation for Simmons Liver Regulator is, that it is purely vegetable and strongly tonic. Then too, it is better than Pills because easier to take in liquid or powder and with no griping, while the relief from Constipation, Biliousness, Sick Headache and Dyspepsia is quick and sure. "I find Simmons Liver Regulator a very safe and valuable family medicine."—Rev. J. M. Rollins, Fairfield, Va.
