BY THEIR RIGHT NAMES.

Things are called by their right names over in Washington. The ticket nominated at Ellensburg goes under the caption of the "People's Party," a designation which is used for Populists throughout the country. Populism in Washington has swallowed up Democrats and a few free silver Republicans. This is the end to which events have been gravitating for some time. It was idle to talk of free silver Democrats, free silver Republicans and Populists as different beings. They are one and the same, all committed to the dangerous doctrines of free silver, which is their shibboleth in this campaign.

In other states things haven't settled down as they have in Washington, but when the empty designation of names is disregarded, these parties stand upon the same issue.

Among the rank and file of the Populist party are many honest men, but the leaders—those who control and shape the party—stand in a not altogether favorable light before the country. Jones and Stewart of Nevada, Jerry Simpson, Candidate Watson and Bryan—since he is a Populist as much as the others—are not names to conjure with.

The Populists clamor for debased currency, for the government ownership of railways and telegraphs, for the condemnation of the supreme court. Their success in any one of these means disaster to the country.

The success of the Populists means also that free trade will be the policy of the administration. The record of Bryan is such that he can be counted upon to veto any bill restoring a protective tariff on wool. Have you thought of that, free silver Republican, who but a few months ago was, along with the rest of us, condemning the policy which had brought destruction to our wool interests?

A year ago the men who now have left the Republican party, intending to vote for Bryan, did not think they would vote for a Democrat—so soon have the lessons of adversity been forgotten.

Wasco county has had enough of Democracy. Let us hope our erring brothers may return to the fold before November.

Wasco county should be honey-combed with Republican clubs. Every precinct should have one. In this way better than any other can this county be carried for McKinley with a Republican majority.

A spell of repentance must have overtaken the Oregonian. In yesterday's issue it said that the opening of the Cascade locks might be a good thing for the Inland Empire. If ever they are opened it won't be the Oregonian's fault.

The large trade journals which represent capital of many millions of dollars, are conducting an aggressive campaign for sound money. One of them has just published a series of one thousand letters from retail merchants throughout the country, and they are almost unanimously in favor of McKinley's election. A poll of the business men of The Dalles would

undoubtedly show that a like proportion of them favors McKinley. Under the present circumstances no one is opposing him who has the best interests of the country at heart.

"When six inches make a foot; when eight ounces make a pound, and when sixteen quarts make a bushel, then fifty cents will make a dollar," is the clear cut statement which appears in large letters on the board fence that incloses the ground at the corner of Broadway and Leonard streets, New York, where a large insurance building is being erected.

In proportion to the number of its inhabitants Wasco county should give the largest majority for McKinley of any county in the state. These men who are standing upon street corners shouting for Bryan should take a walk through our warehouses and try a bit of reflection. If McKinley is defeated there will be many business failures in The Dalles and bankruptcies in the county. We have weathered the last four years after a fashion, but we cannot stand a repetition of the dose.

A change has occurred whereby the present editorial management of THE CHRONICLE ceases. The three months for which the writer assumed the responsibilities and trials of journalism have lengthened into fifteen, and he feels that it is now time to pay closer attention to other pursuits which he has had in view. Before the close he wishes to return thanks for the many kindnesses which have been shown him during his journalistic connection. Without exception this includes the reading constituency of THE CHRONICLE.

Do not neglect to take a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

FILES!

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is so drastic, violent purge, but a gentle assistant to nature.

CONSTIPATION

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand causes the most serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a constive habit of body prevails.

SICK HEADACHE!

This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
