

OVERWORK INDUCED Nervous Prostration Complete Recovery by the Use of Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and manifested all the symptoms of a decline. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my children would have been fatherless to-day had it not been for Ayer's Sarsaparilla, of which preparation I cannot say too much."—H. O. HISSON, Postmaster and Planter, Kinard's, S. C.

The Right Principle.

The free American voter should try to get above party prejudices this year. The presidential candidates have themselves encouraged every voter to stand by his convictions on the money question. It does not lie in the mouth of any McKinley man to berate a Republican voter for casting his ballot for free silver and for the Chicago ticket if he believes that way. It does not lie in the mouth of a Bryan man to criticize any sound-money Democrat for voting for McKinley. If you believe in free silver vote that way. If you believe in sound money vote for McKinley. Let us settle this question in a courageous and conscientious manner and get it forever out of the way.

SWIFT PIGEONS.

More Than a Mile Made a Minute in a Recent Trial. Aided by a southerly wind and a perfectly clear sky, the first test of the pigeons which are to represent the first Chicago Homing club in the National federation races this year was a most notable success, says the Chicago Chronicle. The trial was remarkable in more than one feature. Two hundred and eighty-one birds, the largest number which the club has ever liberated from one racing station, made the trip, and of that number every bird was reposing peacefully in its loft by one o'clock in the afternoon. The time made by the first birds to arrive home was the fastest ever made over the course, and represents a speed of more than a mile a minute.

The birds were liberated at Monee, 42 miles away from the nearest loft, at 7:30 o'clock, and White Wings, owned by L. Verschuere, stepped back in its loft at 8:14 1/2. White Wings was closely followed by nearly half the flock, and 50 arrivals were reported between 8:15 and 8:17. Inasmuch as every bird spent at least as much as five minutes in circling before starting on a line for home, the speed shown is materially more than a mile in each 60 seconds.

As an illustration of how little even the best fanciers are able to judge of the merits of their own pets, it is interesting to note that White Wings had been considered almost worthless. Only a month ago he was flown from Sixty-first street, a distance of eight miles, to his loft, and took 16 days to make the journey. That was his first trial, and he was sent to Monee Saturday quite as much in the hope that he would be lost as for any other reason.

LATIN AND GERMAN TAUGHT.

GERMAN. The undersigned desires to organize a class in German. Every American citizen who can afford to give an evening ought to be master of at least two languages. The German language has many advantages over modern languages on account of her profound literature in all branches of ancient and modern science produced in her world-renowned universities. Those who would drink from these inexhaustible and yet undiminished fountains of knowledge, must master the language which contains the key to them. The undersigned will organize a class in German and will begin with actual work on the first day of September. The class will meet two or three times a week in the evening or when most convenient to the pupils. Rapid progress guaranteed to those who will get down to earnest labor. All who desire to participate in this work will please announce their intention to the undersigned at an early date, as the class will be limited to a certain number. Charges will be very reasonable.

LATIN. The undersigned will also organize a class in Latin. There are so many reasons why those who desire to advance their knowledge beyond a common school education should take at least a course in Latin, that probably everybody is familiar with at least some of them. I will not take space here to speak of the beauties of the Latin language nor of the many advantages in life possessed by those who have mastered it. I will here only announce my intention to organize a class in Latin. Rapid progress guaranteed to those who will work hard. Charges very reasonable. All desiring instruction in Latin are kindly requested to announce their intention to the undersigned before September, if possible. Awaiting your application, I am, very respectfully yours, L. GREY, Evangelical Lutheran Pastor.
